

State of Idaho
License and Certificate of Water Right

Water License No. 18132

Water District No.

Amount 1.5 Sec. Ft.

Priority April 24, 1935

THIS IS TO CERTIFY that **IDAHO POWER COMPANY**,
of **Boise, Idaho**, made application for a permit to appropriate the
public waters of the State of Idaho, dated **April 24**, 1935; that Permit No. 18132
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1.5 second feet, was issued thereunder on **June 13th**, 1936, showing that said works
were completed on the **10th** day of **June**, 1936; and that on the **29th**
day of **November**, 1937,

THE IDAHO POWER COMPANY,
of **Boise**, State of **Idaho**, made proof to the satisfaction of the
Commissioner of Reclamation of Idaho, of the right to use the waters of certain unnamed
springs ~~located on~~ tributary to the **SNAKE RIVER**, for the purpose of domestic, irrigation
and power / station purposes, under Use Permit No. 18132 of the **Commissioner of Reclamation**
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is
hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in Volume 7
of Licenses, at page 3900, on the **17th** day of **September**, 1938;
The right hereby confirmed dates from **April 24**, 1935;
The Point of Diversion is located
in the **SE 1/4 NW 1/4**, Sec. 4, Tp. 10 S., R. 18 E., B. M., Twin Falls County.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid,
is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 1.5
cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
10 S.	18 E.	4	Lot 3 Lot 5 ~~SE 1/4 NW 1/4~~	15.10 29.88 40.00	7 1/2 altogether

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use
herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the Commissioner of Reclamation, affixed at Boise, Idaho,
this **17th** day of **September**, 1938

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 25324
Permit No. 18132
District No.

1. Name of Applicant: IDAHO POWER COMPANY

Postoffice address: Boise County: Ada State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation: May 6, 1915; Augusta, Maine

(b) Amount of capital stock: \$26,000,000.00

(c) Amount paid in: \$21,646,700.00

(d) Names and addresses of directors: J. L. Boone, Boise; G. A. Bremer, Jerome; J. G. Conley, Caldwell; J. W. Cunningham, Boise; E. H. Dewey, Nampa; F. F. Johnson, Boise; R. B. King, Boise; E. J. Ostrander, Twin Falls; Chas. E. Palmer, Ontario; K. M. Robinson, Boise; H. L. Senger, Boise; Natham Sommer, Boise; D. W. Standrod, Pocatello; W. T. Wallace, New York; E. T. Waters, Weiser;

II. The financial resources of the applicant are:

(b) Treasury stock: \$154,300.00

(d) Other resources: \$39,020,778.53

(a) Cash on hand: \$1,134,528.77 / R. W. Miller, Boise.

(c) Bonds to be issued:

2. Quantity of water claimed: Five (5) cubic feet per second.

3. Source of water supply: Unnamed Springs (See Remarks) which is a tributary of Snake River

4. Location of point of diversion: 1: N. 36°21' W. 4604.5 feet distant from the Southeast
2: N. 37°10' W. 4641.3

corner of Section 4, T. 10 S., R. 18 E., B. M., and is in the SE 1/4 NW 1/4

of Section 4, T. 10 S., R. 18 E., B. M., County of Twin Falls

5. Water is to be used for: Domestic, irrigation and power station purposes.

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: See Remarks feet distant from corner of Section

T., R., B. M., in the of Section, T., R., B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to Snake River at a point s located feet

distant from the corner of Section 4, T. 10 S., R. 18 E., B. M., in the Lots 3 & 5

of Section 4, T. 10 S., R. 18 E., B. M.

7. Estimated cost of works: \$ 200.00

8. Kind of works: Dam, ditch and pipe.

9. Height of dam 3 feet; length of dam at top 10 feet; length of dam at bottom 4

feet; material used in dam: rough rubble

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom 1 foot feet; width at water line 2 feet; depth of water 1/2 foot.

feet; dimensions of flume:

Diameter of pipe 4 inches; length of conduit 600 feet miles.

Average grade per mile feet.

12. The time required for the completion of such work is 1 year.

13. The time required for the complete application of the water to the proposed use is 2 additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? **No** If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

IDAHO POWER COMPANY

Applicant.

By

K. M. Robinson

AFFIDAVIT FOR CHANGE OF POINT OF DIVERSION																			
OF WATER RIGHT																			
PERMIT NO. 18132																			

STATE OF IDAHO,)) ss. County of Ada.)																			
K. M. Robinson, being first duly sworn, deposes and says: That he is president of Idaho Power Company, a corporation of Maine, doing business in Idaho; the postoffice address of Idaho Power Company is 1220 Idaho Street, Boise, Idaho; that Idaho Power Company is the owner of a certain water right, for 5 cubic feet per second of the waters of Un-named Springs, County of Twin Falls, State of Idaho, obtained by virtue of Permit to appropriate the public waters of the State of Idaho, No. 18132, issued by the Commissioner of Reclamation, dated July 2, 1935, bearing date of priority of April 24, 1935, for the purpose of irrigating the following described lands, situate, lying and being in Water District No. 30, in the County of Twin Falls and State of Idaho, to-wit: Lots 3 and 5 and SE¼NW¼ 4 - 10 S - 18E.B.M., and for domestic purposes and for power station uses; and Idaho Power Company is the corporation to which such right was so issued. That said waters are to be diverted from said stream in the SE¼ of NW¼ of Sec. 4, Twp. 10S, Range 18E.B.M., and conducted to the above described lands through the pipe-line and ditch, as per map filed herewith and of this affidavit made a part. That affiant desires to change the point of diversion of said waters from the points above described to a point located in SE¼ of NW¼ of Sec. 4, Twp. 10S., Range 18E.B.M., and thereafter conduct same to the above described land through the pipe-line and ditch, as per map above referred to. That his reasons for desiring to make such change are as follows: It was found that the two original stated diversion points were but outcroppings of water from the single source-spring above; that the waters are actually diverted from said source-spring; and that the record should be made to so show. The waters here in subject rise, discharge, and transported and for use upon lands of the permittee.																			

That no one will be injured by such change and that such change will be made at affiant's own risk.

K. M. ROBINSON

Affiant.

REPORT OF ENGINEER

Permit No. 18132

This proof is for Beneficial Use

In Water District No.

1. Name of applicant Idaho Power Company

2. Source of water supply: Unnamed springs (2)

3. Location of point of diversion: Is in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 4

T. 10 S. R. 18 E., B.M. County of Twin Falls

4. Describe works as they exist, giving dimensions and capacities of same: Two springs at base of rim rock are flopped by concrete and diverted through iron pipes, #1 having two 3" outlets and #2 having one 4" pipe at points of diversion.

5. Water is used for: Domestic, irrigation and power.

6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): Lot 5 in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Lot 3 in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, & SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 4, T. 10 S.,

R. 18 E., B. M. This water is used for domestic purposes, lawn sprinkling etc and the surplus if any is conveyed to the forebay above the main power plant at Twin Falls site.

(Submit map on attached plat, showing location and details of above description.

8. What large stream would the water here appropriated finally reach? Snake River

Permit No. 18132

Examination for Beneficial Use

County Twin Falls

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make a plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

NOTICE FOR PUBLICATION
NOTICE OF PROOF
APPLICATION OF WATER

To Beneficial Use

Notice is hereby given that at 11 a. m. on the 29th day of November, 1937, at Boise, County of Ada, State of Idaho, before M. E. Hughes, Notary Public, 1220 Idaho St., Boise, Idaho, proof will be submitted of the application to beneficial use of 1.5 cubic feet per second of the waters of an unnamed spring or springs in accordance with the terms and conditions of Permit No. 18,132 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Idaho Power Company, 1220 Idaho Street, Boise, Idaho.

The use to which said water has been applied is domestic, irrigation and power station uses.

The amount applied to beneficial use is 1.5 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated). Lots 3 and 8, and the Southeast quarter of the Northwest quarter, Section 4, Township 10 South, Range 18 East, Boise Meridian. The water is used in the buildings and upon the grounds of Idaho Power Company at its Twin Falls power station.

The name of the canal or ditch or other works by which said water is conducted to such place of use is the spring, pipes, conduits and other works are all the property of and/or

PERMIT NO. 18132

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. K. M. Robinson, age 42, Boise, Idaho; President & General Manager, Idaho Power Co., 1220 Idaho St., P. O. Box 770, Boise, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Idaho Power Company, principal place of business in Idaho - 1220 Idaho St., Boise, Idaho; President and General Manager.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 18132, dated July 2, 1935; priority April 24, 1935.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. An unnamed spring or springs located in the Southeast Quarter of Northwest Quarter of Sec. 4, Twp. 10 South, Range 18 East, B.M. Point of diversion: North 70 degrees 46 minutes East 2,739 feet from the West Quarter corner of said Section 4.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Concrete catch-basin with concrete cover and wooden hatchway, with three pipe outlets. Length of conduits, approximately .10 mile. Capacity - one and one-half (1.5) second feet of water. All located on lands owned by Idaho Power Company.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for domestic, irrigation and power station uses in and about the Company's dwelling houses and Twin Falls power station, Twin Falls County, Idaho, and for irrigation and watering of adjacent lands owned by the Company; seven and one-half (7½) acres; within Lots 3 and 5 and SE¼ of NW¼, Sec. 4, Twp. 10 South, Range 18 East, B. M.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Watering of lawns, gardens, trees and shrubbery. Also used for domestic and cooling purposes in power station.

18132

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 1.5 cubic feet per second.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. -

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. 1.5 second feet of said waters, or so much as has been available, has been continuously used for the purposes herein mentioned since prior to July 1, 1936, and is now being and will continue to be so used.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Idaho Power Company has, and is using waters under, License No. 17070 (Permit No. 17070) at its said Twin Falls power station for power generation purposes.

BOISE, IDAHO

PERMIT NO. 18132

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. W. L. Gorton, Engineer, Box 1134, Boise, Idaho

Age 56, 1409 N. 18th Street, Boise, Idaho.

Ques. 2. Are you acquainted with Idaho Power Company, the holder of Permit No. 18132? How long have you known him and where does he reside?

Ans. Yes - 18 years - 1220 Idaho St., Boise, Idaho.

Ques. 3. Have you read or heard read said Permit No. 18132, and are you familiar with its provisions and conditions?

Ans. Yes - Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. At base of rim rock above Twin Falls power plant. Diversion works consist of concrete catch basin with pipe outlets with approximately 500 ft. of conduit, capacity approximately $1\frac{1}{2}$ second feet.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. $1\frac{1}{2}$ second feet - $1\frac{1}{2}$ at time of observation October 30, 1937.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Domestic, irrigation (garden and lawn) and power station use.

18132

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. For cooling power station equipment as well as for lawn, garden, trees and shrubs, without measured segregation as to amount for each specific application.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is in lawn with trees and shrubbery in parkings. 1 1/2 sec. ft. maximum rate.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Examination on October 30th, 1937.

(Signed)

W. J. Tortore

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada, State of Idaho, on this day of 29th day of November, A. Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Myron Swendsen, Engineer, Box 156, Boise, Ida.

Age 46 - Residence Whitney Bench Boise

Ques. 2. Are you acquainted with Idaho Power Company, the holder of Permit No. 18132? How long have you known him and where does he reside?

Ans. Yes 18 years - 1220 Idaho St., Boise, Idaho.

Ques. 3. Have you read or heard read said Permit No. 18132, and are you familiar with its provisions and conditions?

Ans. Yes - Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of supply, spring. Point of diversion at base of rimrock near Twin Falls power plant. Works consists of concrete headworks, pipe lines, pumping equipment and ditches of sufficient capacity to deliver 1.5 cfs to points of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Capacity in excess of 1.5 cfs. At the time examination was made the irri-

Ans. gation water was not being used but water was being used for domestic use and for cooling transformers and generators.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Water is used for irrigation of about seven acres of land and for domestic purposes and for cooling transformers and generators at the Twin Falls plant of the Idaho Power Co. Nature of the improvements consists of landscaped park, homes and power plant.

18132

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. A portion of the water is used for cooling of transformers and other equipment, then returned to river.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land irrigated is rough and rocky and very porous and will require approximately 1.25 cfs.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Water was being used for cooling station equipment, and about seven acres of land showed evidence of having been completely reclaimed in addition to this water was being used for domestic purposes.

Re: Permits 18132-17069

Mr. Arthur C. Inman
Attorney at Law
Idaho Power Company
Boise, Idaho

Dear Mr. Inman:

This is to inform you that I now have the engineer's report covering the examinations made in connection with proofs submitted under the above permits.

Permit number 18132 claims 1½ second feet of water, or at least, that is the quantity granted under beneficial use proof. The permit was issued for irrigation, domestic and power stations purposes. Since but seven and one half acres are being irrigated, the quantity for irrigation will be limited to 0.15 second feet, and the balance of the amount granted, or 1.35 ~~acre~~ second feet will be for domestic and power purposes, or so much thereof as can be used beneficially. There is a statutory fee of \$6.00 due in connection with this proof, and upon receipt of that amount a license will be issued.

Permit number 17069 claims the use of 6500 second feet of water for power purposes and the proof has been offered for that quantity. After a conference with the Field Engineer and the Commissioner, it has been decided that your works are sufficient to handle that quantity, notwithstanding the fact that frequently there is a lesser amount in the river at that point, therefore, your certificate of completion of works and license will both be issued for the 6500 second feet of water upon receipt of the following fees:

The law provides that the fee for completion of works shall be computed as follows: \$5.00 for the first ten second feet and 30¢ for each additional second foot. The fee for completion of works is therefore \$1952.00. The fee for beneficial use proof, regardless of the quantity of water involved, is

18132

Mr. Arthur C. Inman
December 4, 1937
Page two

always a straight \$5.00 for any other purpose than irrigation.
This makes the total fees due under the two permits \$1963.00.

Will you kindly check these figures before your checks
are written, and if you disagree with them, I shall be glad to
discuss the matter with you.

Very truly yours,

Deputy Commissioner

Re: Permit 18132.

IDAHO POWER COMPANY
Boise, Idaho

Gentlemen:

This will acknowledge receipt of notice in duplicate for publication in connection with beneficial use proof, and also your authorization to have the notice published in the Twin Falls News, Twin Falls, Idaho, for five consecutive weeks, all in connection with Permit No. 18132.

A copy of the notice has been mailed to the newspaper with instructions to publish it once a week for five consecutive weeks prior to November 29th, 1937. About ten days prior to this date depositions consisting of one for the holder and one each for two witnesses will be mailed to M. E. Hughes, Notary Public, Boise, Idaho, so that he will have them in ample time for the proof.

On the date designated you should appear at Mr. Hughes' office with two disinterested witnesses, who are familiar with the terms of the permit and the works constructed thereunder, for the purpose of executing the depositions.

Very truly yours,

Deputy Commissioner of Reclamation

PLH:jl

Re: Permit 18132.

THE TWIN FALLS NEWS
Twin Falls, Idaho

DEAR SIR:

Enclosed you will find notice for publication once a week for ^{five}~~four~~ consecutive weeks prior to November 29, 1937, the date set for proof, the expense of the publication to be paid by the applicant, Idaho Power Co., Boise, Idaho,

to whom you should furnish proof of publication on or prior to the date set for proof.

Please acknowledge receipt of this notice and furnish this office with a copy of the first publication.

Very truly yours,

R. W. FARIS

Commissioner of Reclamation

18132

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 11 A. M. on the 29th day of November, 1937,
 at Boise, County of Ada, State of Idaho, before
M. E. Hughes, Notary Public, 1220 Idaho St., Boise, Idaho proof will be submitted of the
 application to beneficial use of 1.5 cubic feet per second of the waters of an unnamed
spring or springs in accordance with the terms and conditions of Permit No. 18132
 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
Idaho Power Company, 1220 Idaho Street, Boise, Idaho.

The use to which said water has been applied is domestic, irrigation & power station
uses.

The amount applied to beneficial use is 1.5 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the
 lands irrigated) Lots 3 and 5, and the Southeast quarter of the Northwest quarter,
Section 4, Township 10 South, Range 18 East, Boise Meridian. The water is used
in the buildings and upon the grounds of Idaho Power Company at its Twin Falls
power station.

The name of the canal or ditch or other works by which said water is conducted to such place
 of use is The spring, pipes, conduits and other works are all the property of and/or
located upon lands owned by Idaho Power Company.

The right to take water from such works is based upon Permit No. 18,132

The source of supply from which such water is diverted is an unnamed spring or springs
located in Southeast quarter of Northwest quarter, Section 4, Township 10 South,
Range 18 East, Boise Meridian.

The date of priority which said user is prepared to establish is April 24, 1935.

R. W. Jones

Commissioner of Reclamation.

INSTRUCTIONS
PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO,
November 22, 1937

Mr. M. E. Hughes, Notary Public
1220 Idaho Street
Boise, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 18132

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On November 29, 1937, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Boise, Idaho before M. E. Hughes, Notary Public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

R. W. FARIS

Commissioner of Reclamation.

Permit No. 18,132

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO,

County of ADA

SS

K. M. Robinson, President
Idaho Power Company

being first duly sworn, upon his oath deposes and says:
First: That ~~he~~ is the holder and owner of Permit to Appropriate the Public Waters of the state of Idaho, No. 18,132, and that ^{its} ~~his~~ postoffice address is 1220 Idaho Street, Boise, State of Idaho.

Second: That the name of the stream from which said water is to be diverted is Un-named Spring in Southeast Quarter of Northwest Quarter of Sec. 4, in Twp. 10S, of R. 18 EBM.

Third: That the point of diversion of said water is North 70 degrees and 46 minutes East 2,739 feet from the West Quarter-corner of said Section 4.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by July 2, 1936.

Fifth: That the use for which said water is intended is Domestic, irrigation and power station purposes.

Sixth: That on the date above mentioned, the works constructed under said permit were ~~not~~ ~~were not~~ fully completed and consisted of the following:

I. Kind of works: Concrete catch-basin with concrete cover and wooden hatchway, with three pipe outlets.
(Reservoir, dam, ditch, flume, pipe or otherwise.)

II. Dimensions of work:

(a) Height of ~~dam~~ ^{basin} 6 to 38 inches, length of ~~basin~~ ^{basin} at top 18 feet, length of ~~basin~~ ^{basin} at bottom 18 feet. Material used in construction concrete.

(State whether wood, earth, stone or concrete.)

(b) Capacity of ~~reservoir~~ ^{basin} 0.003 acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit 3 pipes width at bottom feet, width at water line feet, depth of water feet; diameter of pipe one 2 1/2 inches, average grade per mile is 600 feet. Length of conduit is 0.10 miles.
(State whether ditch, flume or pipe.)

Seventh: That said works are capable of conducting to the place of intended use one and one-half second feet of water.

Eighth: That water appropriated under said permit is available for ^{84.98 acres} ~~seven and one-half~~ acres of land described as follows: Within Lots Three and Five and Southeast Quarter of Northwest Quarter of Section 4, in Township 10 South, of Range 18 E.B.M., upon lands owned by Idaho Power Company; for domestic uses at the dwelling houses thereupon; and for uses at the power station.

Ninth: Remarks: That the spring and all the said works are located upon lands owned by Idaho Power Company.

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

K. M. ROBINSON, Agent
Idaho Power Company,
Boise, Idaho

Boise, Idaho, **May 8, 1936**

Dear Sir:—

Under the terms of your permit No. 18132.....you are required to complete your diversion works on or before July 2, 1936..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided, the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00 a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

R. W. FARIS
Commissioner of Reclamation.

Attention, Mr. Faris:

Dear Sir:

I wish to make a correction in my former application for permit to divert water from Carboe Creek. In said former application I stated the head gate was in Section 15, but in measuring I find it is in Section 14 instead.

The head gate is located 1187 feet south and 500 feet east from the SW corner of Section 11.

I am sending maps, also money order to cover filing fee. I have given the location and measurements to the best of my ability and believe they are nearly correct if not entirely so.

Thanking you for your consideration, I am

NOTICE FOR PUBLICATION
NOTICE OF PROOF
APPLICATION OF WATER

To Beneficial Use

Notice is hereby given that at 11 a. m. on the 29th day of November, 1937, at Boise, County of Ada, State of Idaho, before M. E. Hughes, Notary Public, 1220 Idaho St., Boise, Idaho, proof will be submitted of the application to beneficial use of 1.5 cubic feet per second of the waters of an unnamed spring or springs in accordance with the terms and conditions of Permit No. 18,132 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Idaho Power Company, 1220 Idaho Street, Boise, Idaho.

The use to which said water has been applied is domestic, irrigation and power station uses.

The amount applied to beneficial use is 1.5 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated). Lots 3 and 5, and the Southeast quarter of the Northwest quarter, Section 4, Township 10 South, Range 18 East, Boise Meridian. The water is used in the buildings and upon the grounds of Idaho Power Company at its Twin Falls power station.

The name of the canal or ditch or other works by which said water is conducted to such place of use is the spring, pipes, conduits and other works are all the property of and/or located upon lands owned by Idaho Power Company.

The right to take water from such works is based upon Permit No. 18,132.

The source of supply from which such water is diverted is an unnamed spring or springs located in Southeast quarter of Northwest quarter, Section 4, Township 10 South, Range 18 East, Boise Meridian.

The date of priority which said user is prepared to establish is April 24, 1935.
