

Diversion
No. 1

Permit Map No. 18029
As Approved
OCT 24 1934
R. W. PARIS
Commissioner of Reclamation

State of Idaho
License and Certificate of Water Right

Water License No. 18029 Amount 0.58 Sec. Ft.
Water District No. Priority October 13, 1934

THIS IS TO CERTIFY that MARLIN J. SWEETLEY
of Twin Falls, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated October 13, 1934; that Permit No. 18029
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1.5 second feet, was issued thereunder on March 4, 1935, showing that said works
were completed on the 25th day of February, 1935; and that on the 4th
day of May, 1935,

MARLIN J. SWEETLEY
of Twin Falls, State of Idaho, made proof to the satisfaction of the
Commissioner of Reclamation of Idaho, of the right to use the waters of a spring & an
unnamed stream, a tributary of Snake River, for the purpose of Irrigation
, under Use Permit No. 18029 of the Commissioner of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is
hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in Volume 7
of Licenses, at page 3804, on the 8th day of October, 1935;
The right hereby confirmed dates from October 13, 1934;

The Point of Diversion is located No. 1-Spring, in the NE 1/4 NW 1/4 and No. 2-Unnamed Stream,
in the SW 1/4 NW 1/4, Sec. 8, Tp. 9 S., R. 14 E., B. M. Twin Falls County.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid,
is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 0.58
cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
9 S	14 E	8	SW 1/4 NE 1/4 SE 1/4 NW 1/4	25 30	9 20
					29

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use
herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the Commissioner of Reclamation, affixed at Boise, Idaho,
this 8th day of October, 1935.

APPLICATION FOR PERMIT
TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 25230
Permit No. 18029
District No.

1. Name of Applicant: MARLIN J. SWEeley

Postoffice address: Twin Falls County: Twin Falls State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
(b) Amount of capital stock:
(c) Amount paid in:
(d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
(c) Bonds to be issued:

2. Quantity of water claimed: 1.5 cubic feet per second.

(Unnamed Spring
(Two Unnamed

3. Source of water supply: (Streams are ies which ~~is~~ tributary of Snake River

4. Location of point of diversion: See Remarks feet distant from the

corner of Section , T. , R. , B. M., and is in the

of Section 8 , T. 9 S. , R. 14 E. , B. M., County of Twin Falls

5. Water is to be used for: Irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B. M., in the of Section , T. , R. , B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B. M., in the
of Section , T. , R. , B. M.

7. Estimated cost of works: \$ 100.00

8. Kind of works: Dams and ditches

9. Height of/dam each 1 feet; length of dam at top 3 feet; length of dam at bottom 2

feet; material used in dam: soil and rocks

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom 1 to 2 feet; width at water line 2 to 3 feet; depth of water 1/3 foot.

~~feet~~; dimensions of flume:

Diameter of pipe inches; length of conduits approx. 1 1/2 miles.

Average grade per mile 3 feet.

12. The time required for the completion of such work is 6 months. ~~year~~

13. The time required for the complete application of the water to the proposed use is 6 months additional ~~year~~.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? **No** If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Marlin J. Sweeley

Applicant.

Mr. Joseph T. Budlac
P. O. Box 147
Buhl, Idaho

Dear Mr. Budlac:

We wish to acknowledge receipt of your letter of May 15th, in which you request information relative to transferring part or all of your water right covered by Idaho State License No. 18029.

This water right may be transferred from lands to which said water right is made appurtenant by State License No. 18029 to other lands upon proper procedure.

We are enclosing herewith a blank application for transfer of water right, upon which to make application to this Department.

The statute requires that notice of application for transfer be published in your county paper once each week for two consecutive weeks. After that time, providing no protests are received against the transfer, a certificate of transfer is issued to you.

The total cost of completing a transfer of water right is approximately \$3.00- \$6.00 or \$7.00 publication costs, and \$1.00 to this Department for recording.

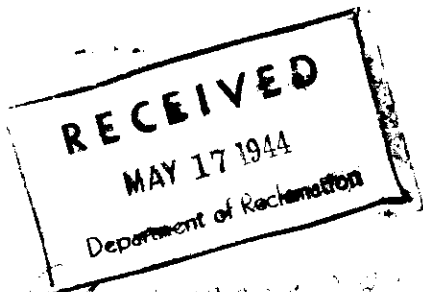

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 18029

MR. MARLIN J. SWEETLEY,
Attorney at Law,
Twin Falls, Idaho

Dear Sir:

In response to your letter of September 6th we wish to advise you that we now have the engineer's report covering his examination made in connection with final proof under the above permit.

You have been given credit for irrigating a total of 29 acres, with the water in question, situated in two different forty acre subdivisions. Therefore, upon receipt of a statutory fee in the amount of \$4.00 a license will be issued to you for 0.58 of 1 second foot of water.

Very truly yours,

R. W. FARIS

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

REPORT OF ENGINEER

Permit No. 18029

This proof is for Beneficial Use

In Water District No. _____

1. Name of applicant: Marlin J. Sweeley
2. Source of water supply: Spring and 2 unnamed streams
No. 1-Spring-NE $\frac{1}{4}$ NW $\frac{1}{4}$
3. Location of point of diversion: Is in the No. 2-Unnamed Stream-SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 8
No. 3-Unnamed Stream-NW $\frac{1}{4}$ SW $\frac{1}{4}$
T. 9 S. R. 14 E. County of Twin Falls

4. Describe works as they exist, giving dimensions and capacities of same: No diversion works other than ditches are required. Constructed ditches are 2 ft wide $\frac{3}{4}$ ft deep with a total length of about one mile

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: yes.

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): SE $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ NE $\frac{1}{4}$, SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 8, T. 9 S., R. 14 E.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Snake River

Remarks: Diversion No. 1. is from seepage water in a swampy area.

Diversion No 2 consists of a pick up ditch which takes surplus water direct from the lower ends of furrows or corrugations in the field above (SW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec 8)
No diversion is made from "3."

This examination was made on the 18th day of June, 1935

(Signed)

Fred J. Robinson
Examiner.

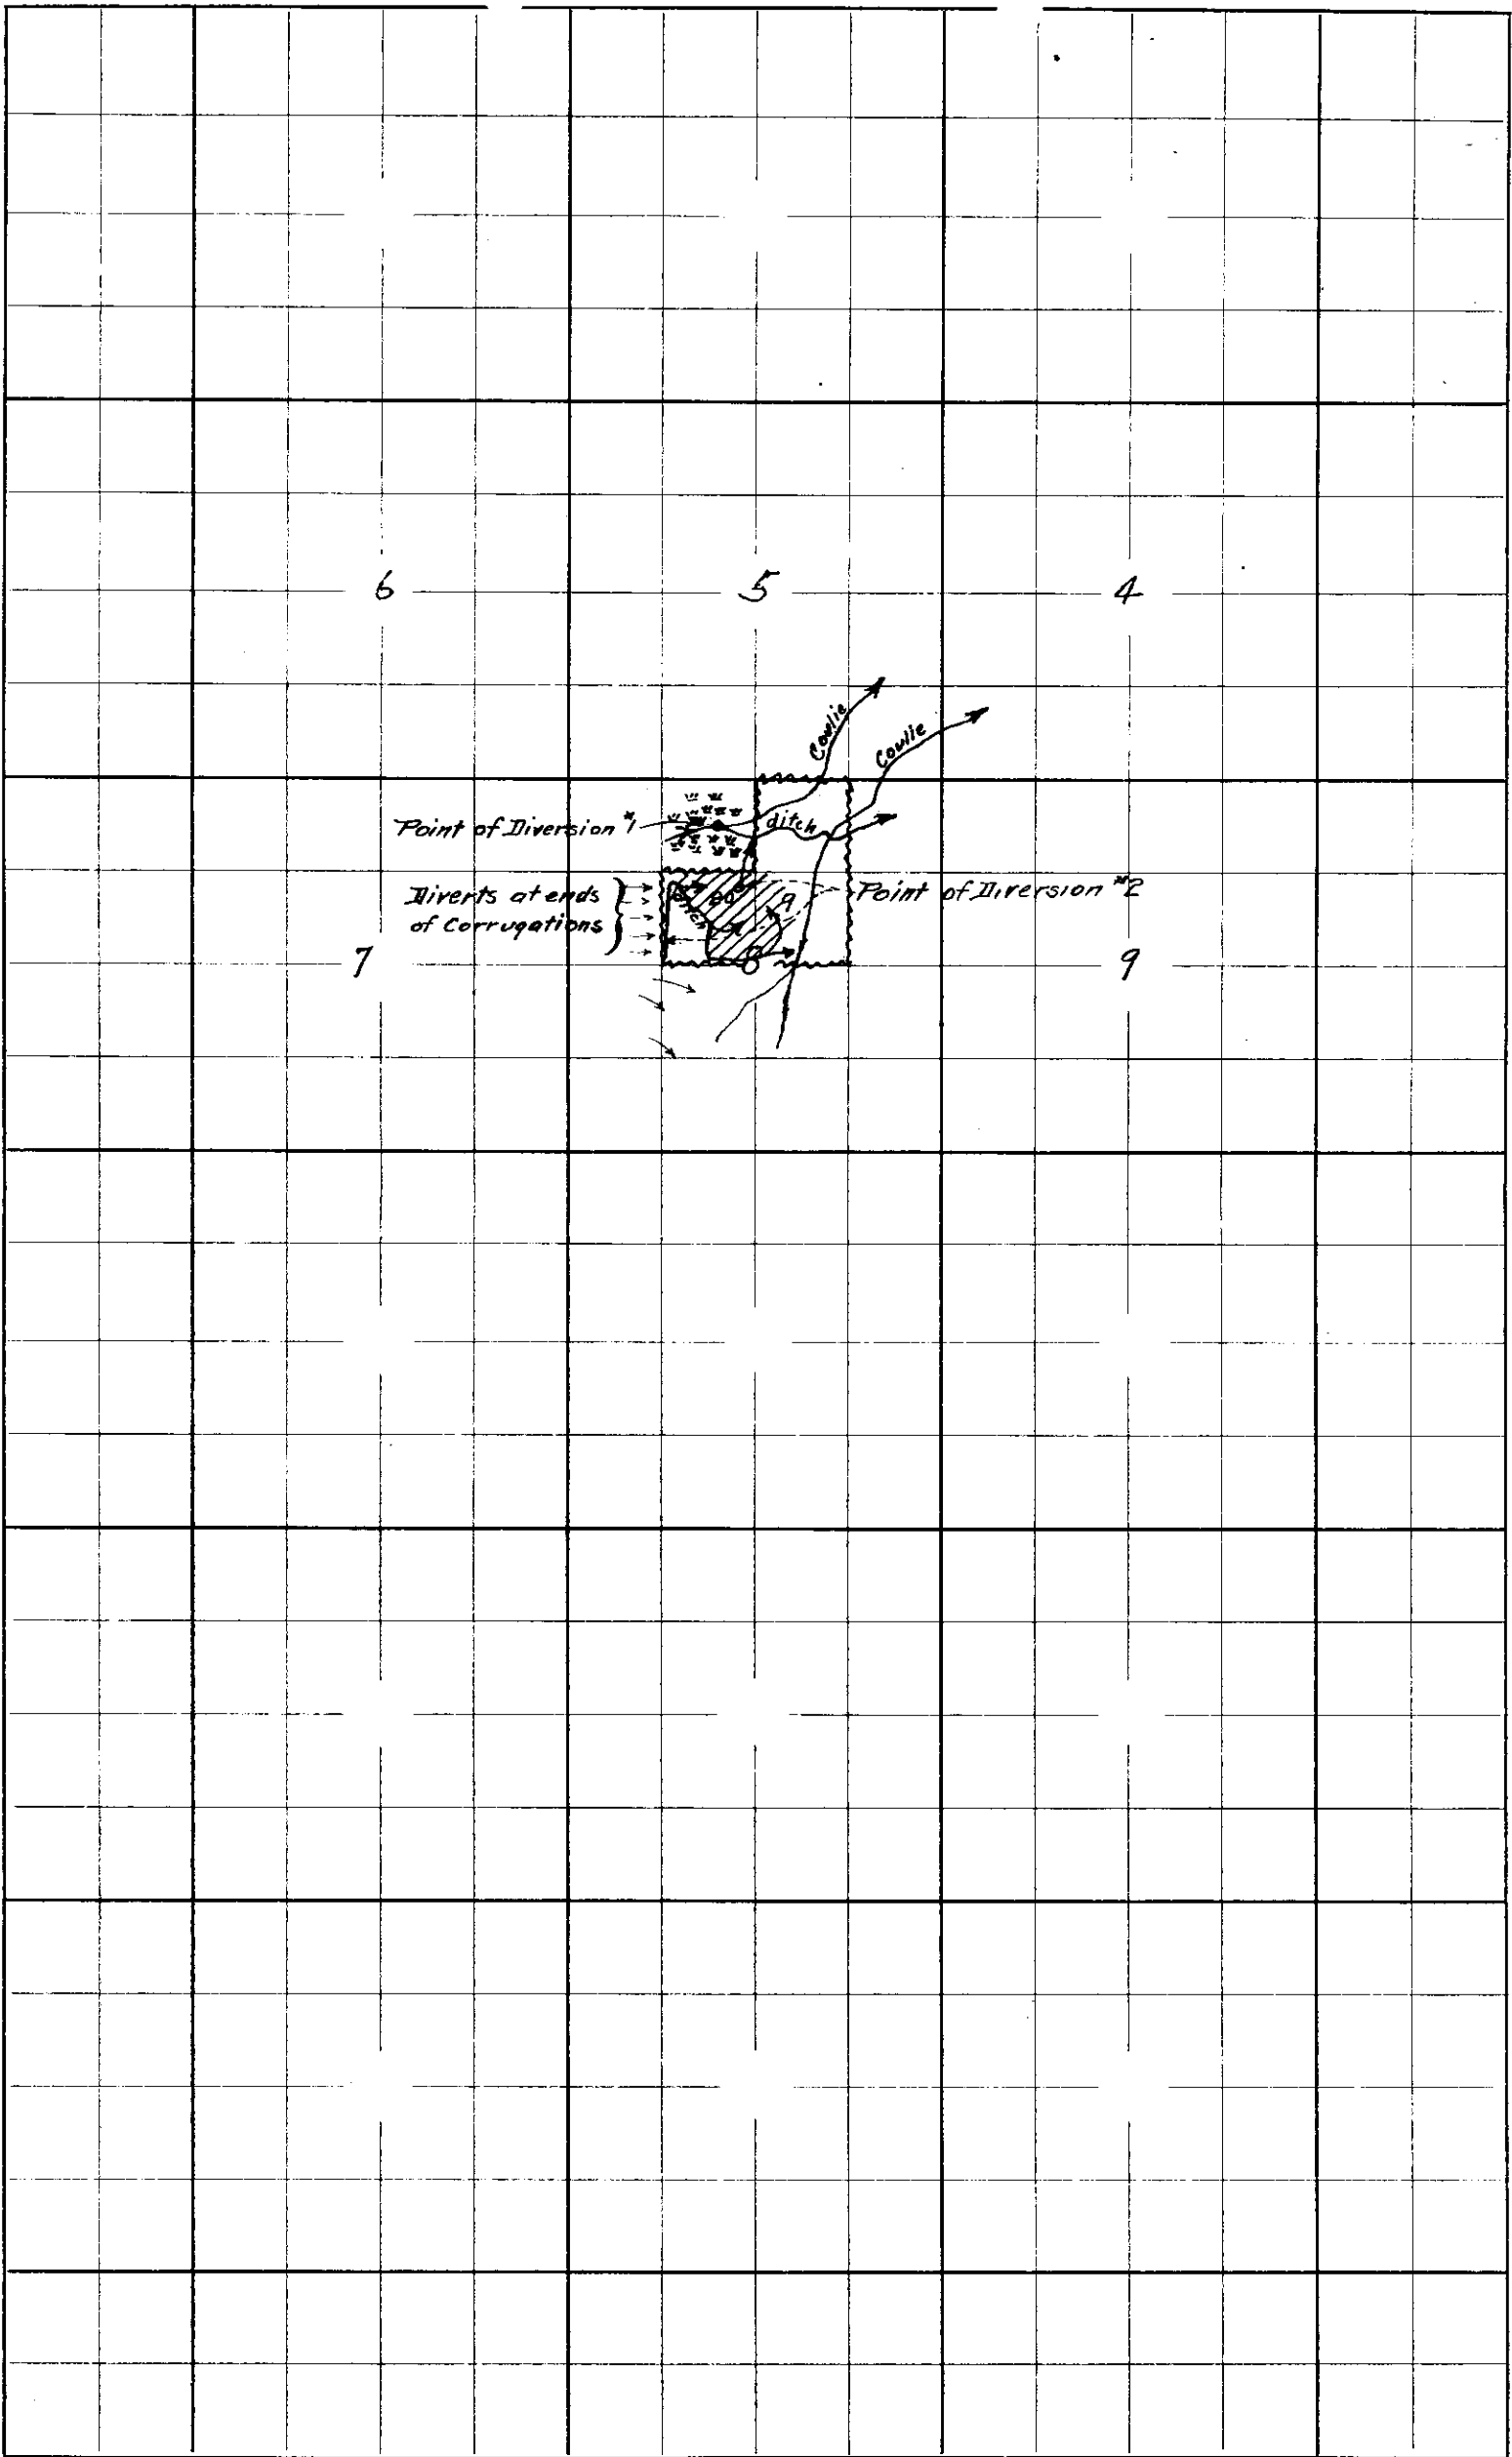

Permit No. 18029

Examination for Beneficial Use

County Twin Falls

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make a plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

REPORT OF ENGINEER

PERMIT NO. 18029

REPORT ON PROOF OF BENEFICIAL USE

May 9, 1935

Re: Permit No. 18029

MR. MARLIN J. SWKLEY,
Attorney at Law,
Twin Falls, Idaho

Dear Sir:

This will acknowledge receipt of the deposition of the holder, deposition of two witnesses and the affidavit of proof of publication from the newspaper, all in connection with beneficial use proof under the above permit.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made since the department has but one field engineer who makes examinations all over the state. However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for examination so that you may show him over the grounds. After his report is on file in this office, you will be further notified as to fees due before the issuance of your license.

NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 a. m. on the 4th day of May, 1935 at the City of Buhl, County of Twin Falls, State of Idaho, before Harry W. Barry, a Notary Public, proof will be submitted of the application to beneficial use of one and one half cubic feet per second of the waters of two unnamed streams and one unnamed spring in the accordance with the terms and conditions of Permit No. 18029 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Marlin J. Sweeley, whose postoffice address is Twin Falls, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is one and one half cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) is The South East Quarter of the North West Quarter and the West Half of the North East Quarter of Section 8, Township 9, South, Range 14, E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is unnamed.

The right to take water from such works is based upon Permit No. 18029.

The source of supply from such water is diverted is two unnamed streams and one unnamed spring.

The date of the priority which said user is prepared to establish is October 13, 1934.

R. W. FARIS

Permit No. 18029

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Marlin J. Sweeley, Twin Falls, Lawyer

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 19029, date October 24, 1934. Date of priority October 13, 1934.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source is un-named spring and two un-named streams No 1 Spring -0.5 cfs NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 8, T 9S, R 14E ; Unnamed stream- 0.5 cfs SW $\frac{1}{4}$ NW $\frac{1}{4}$, and unnamed stream 0.5 cfs NW $\frac{1}{4}$ SW $\frac{1}{4}$ all in Section 8, T 9S, R 14 EBM.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Consists of dirt dams and ditches. Capable of conveying 2 cubic feet of water or more. Unnamed open ditches.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation on of 25 acres on SE $\frac{1}{4}$ of NW $\frac{1}{4}$, and for irrigation of 5 acres in NW $\frac{1}{4}$ of NE $\frac{1}{4}$; and irrigation of 15 acres in the SW $\frac{1}{4}$ of the NE $\frac{1}{4}$, in Section 8, T 9S Range 14 EBM., all in alfalfa.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. None

18029

Ques. 8. What is the minimum amount of water required for the purpose specified above?
Ans. 1 $\frac{1}{2}$ cubic feet per second.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.
Ans. No

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Began using August, 1931 for irrigation and increasing amount used
from 1 cubic foot per second to 1 $\frac{1}{2}$ cubic foot per second.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Water from land adjoining under another right owned by the holder has also
been diverted for use on these lands.

(Sign) Marling Surley

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Buhl, County of Twin Falls, State of Idaho, on this 4 day of May, A. D. 19 35.

PERMIT NO. 18029

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Owen Boian, age 27, residence Wendell, Idaho, care J.W. Banbury:

Occupation, farming.

Ques. 2. Are you acquainted with Marlin J. Sweeley, the holder of Permit No. 18029? How long have you known him and where does he reside?

Ans. Have known him 4 years. He resides in Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. 18029, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Unnamed spring and two unnamed streams ; Diverted near center of north line of the SE $\frac{1}{4}$ of NW $\frac{1}{4}$, and near the center of the south line of the SE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 8, T9 S Range 14, E.B.M. Dirt ditches used to convey water.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 1 $\frac{1}{2}$ cubic feet per second; Have seen that amount used.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Used to irrigate alfalfa as follows: Approx. 25 acres on SE $\frac{1}{4}$ of NW $\frac{1}{4}$, 5 acres on NW $\frac{1}{4}$ of NE $\frac{1}{4}$, and 15 acres on SW $\frac{1}{4}$ of NE $\frac{1}{4}$, all in Section 8, Township 9 S Range 14, E.B.M.

18029

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. No other purpose

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Good quality of sandy loam soil. Requires about $1\frac{1}{2}$ cubic feet for irrigation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Saw it used during irrigation season of 1932, and 1933 and 1934 to irrigate alfalfa on above described lands. Saw $1\frac{1}{2}$ cubic feet used in one head at the same time on these lands.

INSTRUCTIONS
PROOF OF BENEFICIAL USE OF WATER

Re: Permit No. 18029

BOISE, IDAHO,

April 27, 1935

MR. HARRY W. BARRY, Notary Public
Buhl,
Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 18029.

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On May 4, 1935, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Buhl, Idaho before Harry W. Barry, Notary Public.
2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

R. A. FARIS
Commissioner of Reclamation.

Re: Permit No. 18029

MR. MARLIN J. SWEETLEY
Attorney at Law,
Twin Falls, Idaho

Dear Sir:

This will acknowledge receipt of your notice, in duplicate, for publication in connection with final proof under the above permit and also your authorization to have the notice published in the Buhl Herald of Buhl, Idaho. As you will recall you fixed the date for making proof as April 27th and had a copy of the notice gone out of this office immediately upon its receipt it would have reached the newspaper in sufficient time to have appeared in the issue of April 4th. However, the writer has been out of town and, consequently, it will not be possible to get the notice to the newspaper in time for the four publications, prior to April 27th. We have therefore, changed the date for proof to May 4th and trust that this will not in any way inconvenience you. As you know, proof will not be due for several months, thus this change will not, in any way, affect the status of the permit.

We are forwarding a copy of the notice to the newspaper today with proper instructions for its publication.

Will you kindly appear at Mr. Barry's office in Buhl, at 10:00 A. M. on the day as now set for proof, with two disinterested witnesses for the purpose of executing depositions, which will be forwarded to him in ample time for the proof.

Very truly yours,

R. W. FARIS

18029

NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 a. m. on the 4th day of May, 1935,
at the City of Buhl, County of Twin Falls, State of Idaho,
before Harry W. Barry, a Notary Public, proof will be submitted
of the application to beneficial use of one and one half cubic feet per second of the
waters of two unnamed streams and one unnamed spring in accordance with the terms and conditions of
Permit No. 18029 heretofore issued by the Commissioner of Reclamation
of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are.....
Marlin J. Sweeley, whose post office address is Twin Falls, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is one and one half cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) is The South East Quarter of the North West Quarter and the West half of the North East Quarter of Section 8, Township 9, South, Range 14, E.B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is unnamed.

The right to take water from such works is based upon Permit No. 18029.

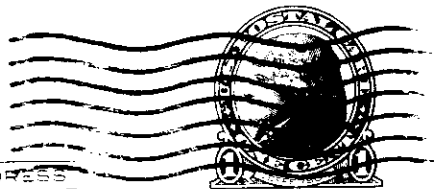

The source of supply from which such water is diverted is two unnamed streams and one unnamed spring.

The date of the priority which said user is prepared to establish is October 13, 1934.

E. W. PARIS

Commissioner of Reclamation.

MR. M. J. SWEELEY
Attorney at Law,
Twin Falls, Idaho

Dear Sir:

In reply to your letter of March 12th, we wish to acknowledge that we did not interpret your letter of February 25th as an expression of your intention to offer proof of application of water to beneficial use, immediately. However, we are now enclosing notice in duplicate for publication and also a form letter upon which you may designate the name of the newspaper in which you desire publication, with the request that you fill them in and return at your earliest convenience.

In fixing the date when proof will be offered it is suggested that you allow a sufficient amount of time for the four weeks publication.

Very truly yours,

R. W. FARLE

February 25th, 1935.

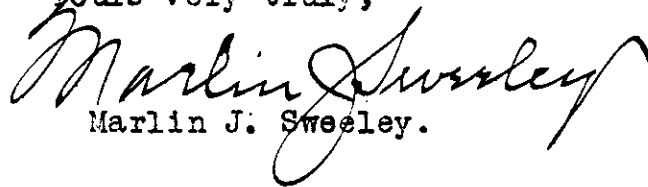

Commissioner of Reclamation,
Boise, Ida.,

Dear Sir:-

I hand you herewith proof showing completion of work under Appropriation Permit No. 18029, with check for \$5.00 to cover the fees due your office. If found satisfactory I shall want to proceed without delay to submit proof of beneficial use. As the land lies in the Buhl territory it will, probably, be most convenient to have the proof taken at that city, and I suggest the Buhl Herald as the newspaper in which the notice is to be published, and Harry W. Barry, as the notary.

The witnesses will be Geo. T. Smith and Owen Boian. (If two additional witnesses are to be named, the names of Theo. Peterson and Joe Kudlac can be added.)

Yours very truly,

Marlin J. Sweeley.

In re: Permit No. 18029.

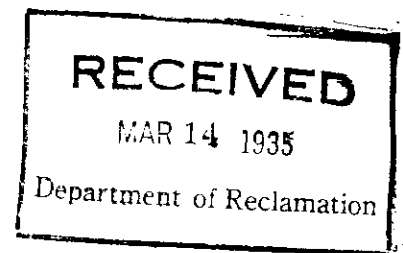

Dear Sir:-

I have before me your letter of December 29th in which you set forth the procedure in the making of proof of the beneficial use of water. Since then you have issued to me your Certificate of Completion of Works, and although the time stated in the Permit for the making of this proof is still at some distance in the future I would like to make it without delay.

In my letter to your office of February 25th I suggested the name of the newspaper in which the notice could be most conveniently published, the names of witnesses and the name of a Notary. If more than that is required of me in order to have the desired hearing I will appreciate it to have you notify me.

Yours very truly,

M. J. Sweeley

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO, }
County of Twin Falls } ss

Marlin J. Sweeley

, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the state of Idaho, No. 18029, and that his postoffice address is Twin Falls State of Idaho.

Second: That the name of the stream from which said water is to be diverted is

Unnamed Spring and two unnamed Streams

Third: That the point of diversion of said water is (Spring) NE, NW, Sec. 8, Tp. 9, S. 1, (Unnamed streams)) SW, NW, and ~~SE, NW~~ Sec. 8, Tp. 9, S. 1, R. 14 E. B. M.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by April 24th, 1935 19.....

Fifth: That the use for which said water is intended is Irrigation

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: Ditches

(Reservoir, dam, ditch, flume, pipe or otherwise.)

II. Dimensions of work:

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction

(State whether wood, earth, stone or concrete.)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit Ditches width at bottom 1 to 2 feet, width at water line 2 to 3 feet, depth of water 1/3 feet; diameter of pipe inches, average grade per mile is 3 feet. Length of conduit is 1-1/2 miles approx'y.

Seventh: That said works are capable of conducting to the place of intended use 1.5 second feet of water.

Eighth: That water appropriated under said permit is available for 75 acres of land described as follows: NW, NE, 20 acres; SW, NE, 25 acres; SE, NW 8, all in 9, South, Range 14, E. B. M.

DEPARTMENT OF RECLAMATION
BOISE

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

MARLIN J. SWEENEY
Twin Falls,
Idaho

Boise, Idaho, **February 8, 1936**

Dear Sir:—

Under the terms of your permit No. 18029.....you are required to complete your diversion works on or before April 24, 1936. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,
R. C. FARIS

Commissioner of Reclamation.

18029

December 29, 1934

Re: Permit No. 18029

MR. M. J. SWEELEY
Attorney at Law,
Twin Falls, Idaho

Dear Sir:

Reference is made to your letter of December 20th.

Our form No. 6, which we recently mailed to you in response to your inquiry, will suffice for proof of completion of works under the above permit, since the quantity of water claimed totals only 1.5 second feet. After this proof has been offered and the certificate of completion of works has been issued you may then proceed with proof of application of water to beneficial use.

This office makes a practice of serving notice of proofs due on all permit holders, about 60 days in advance of the date when such proof will be due so that when publications are required there is ample time for them after the notice goes out of the office. However, if you wish to offer proof prior to the time specified in the permit, we shall be glad to mail the proper forms for final proof at any time upon being advised that you are ready to proceed with such proof. These forms consist of notice in duplicate for publication and a form upon which you may designate the name of the newspaper in which you desire publication. Upon receipt of these papers, if they are in proper order, a copy of the notice will be forwarded to the newspaper with instructions for its publication once a week for four consecutive weeks prior to the date set for proof. This proof can be offered before any person who is authorized, under the law, to administer oaths. Usually it is taken before a Notary Public. About 10 days prior to the date when proof is due the forms for such proof, consisting of a deposition for the holder and depositions for each of two witnesses, are mailed from this office to the person designated to take the proof. Anyone who is familiar with the terms of the permit and is legally qualified to take a deposition may act as a witness. After the proof has been taken it is mailed to this office with an affidavit of publication from the newspaper. If the depositions are found to be in proper form, a field examination is ordered, as is required by law. Upon receipt of the engineer's report the applicant is notified of fees due in connection with the examination and upon receipt of such fees a license is issued at the rate of one inch per acre for each acre of land that is being irrigated.

Very truly yours,

R. W. FARIS
