STATE OF IDAHO,
COUNTY OF TWIN FALLS

ss.

Nº 6099

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 24th day of February, 1956, at Twin Falls, County of Twin Falls, State of Idaho, before Edward Babcock, Notary Public, proof will be submitted of the application to beneficial use of .69 cubic foot per second of the waters of underground stream in accordance with the terms and conditions of Permit No. 21633 heretofore issued by the Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Martin N. Knudson, R.F.D. 1, Twin Falls, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use is .69 cubic foot per second.

The place where said water is used The SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 34, in Township 12 South, Range 16 E., B.M., the NW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 3 and the NE $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 4, in Township 13 South, Range 16 E., B.M. in Twin Falls County, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Private ditches.

The right to take water from such works is based upon Permit No. 21633.

The source of supply from which such water is diverted is Underground Stream located in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 3, Township 13 South, Range 16 E., B.M.

The date of priority which said user is prepared to establish is August 2, 1950.

MARK R. KULP,

State Reclamation Engineer

Publish: Jan. 26, Feb. 2, 9, 16, 1956

I, Mable F. Clark, being first duly sworn upon oath depose and say that I am Principal Clerk of the Times-News, published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice of advertisement, as per clipping attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for four consecutive Thursdays, commencing with the issue dated January 26, 1956, and ending with the issue dated February 16, 1956.

And I do further certify that said newspaper is a consolidation, effective February 16, 1942, of the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said Times-News, since such consolidation, has been published as a daily paper except Saturday, under said name in said city and county continuously and uninterruptedly.

And I further certify that pursuant to Section 60-108 Idaho Code, Thursday of each week has been designated as the day on which legal notice by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof, Thursday is announced as the day on which said legal notices will be published.

Subscribed and sworn to before me this 16th day of

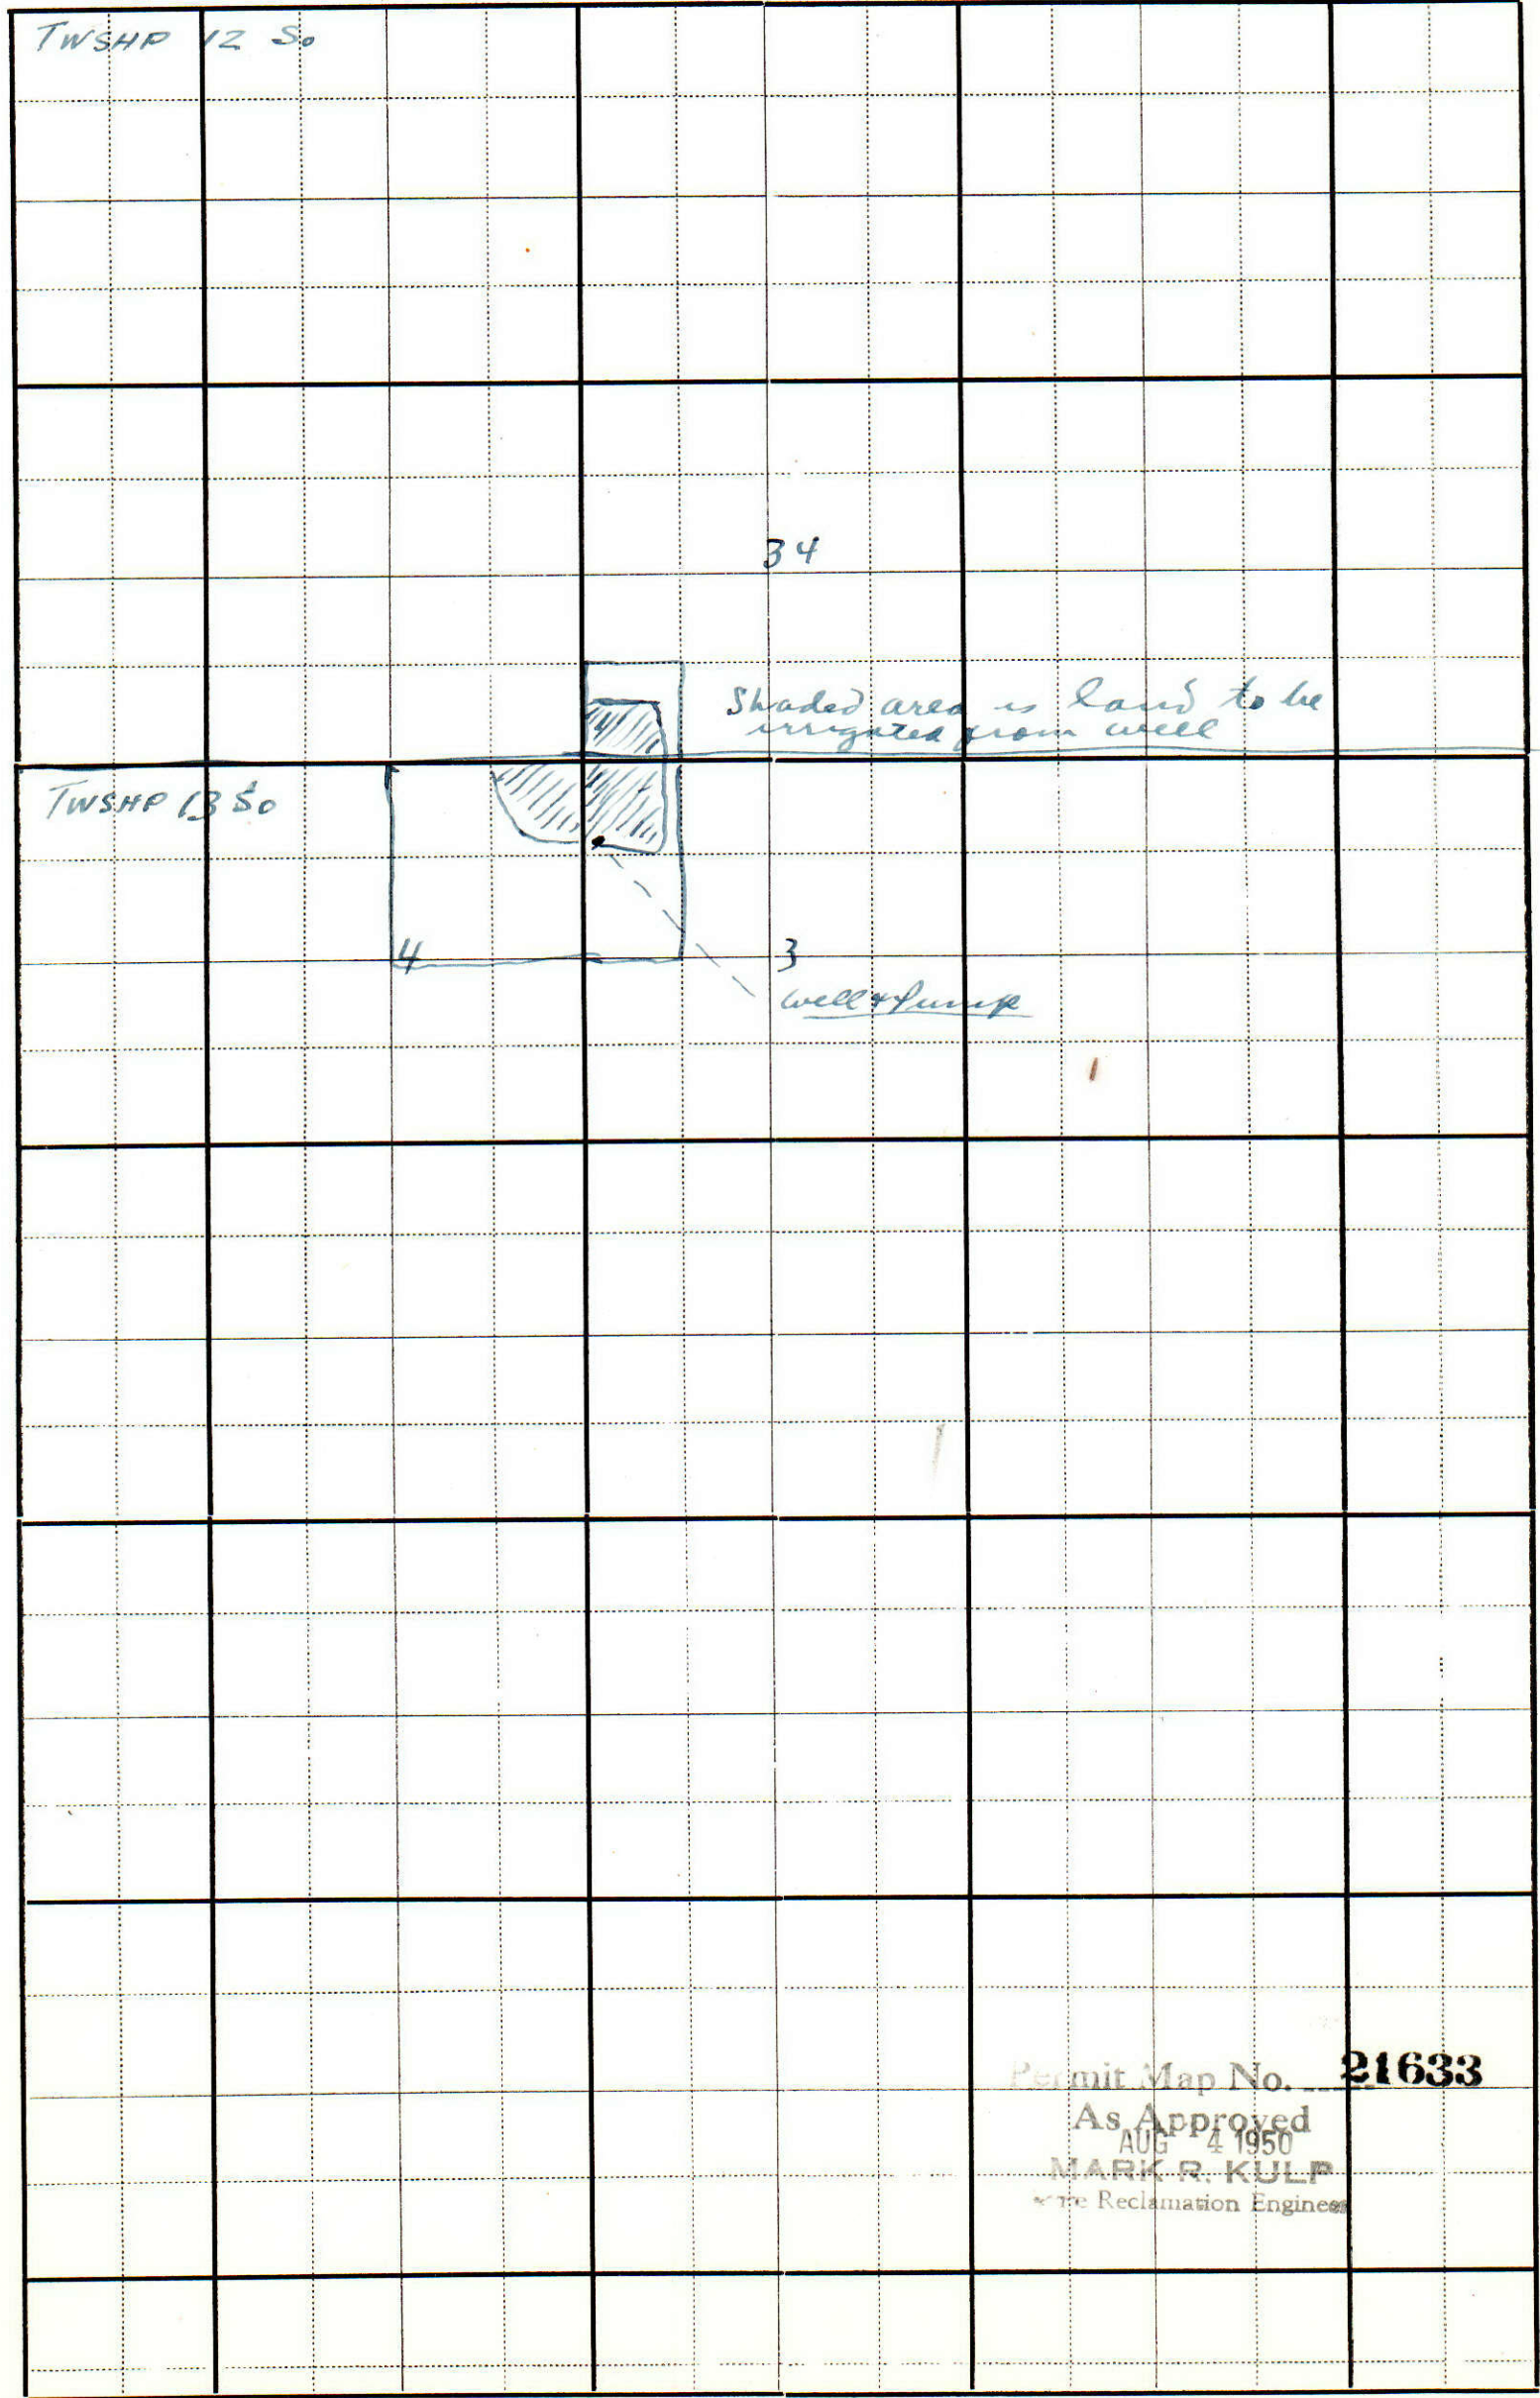

February, 1956.

W. W. Livingston
Notary Public in and for the County of Twin Falls,
State of Idaho, residing at Twin Falls, Idaho.

State of Idaho

License and Certificate of Water Right

Water License No. 21633

Amount 0.7 Second foot

Water District No.

Priority August 2, 1950

THIS IS TO CERTIFY that MARTIN N. KNUDSON
of Twin Falls, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated August 2, 19 50 ; that Permit No. 21633
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1.5 second feet, was issued thereunder on August 9, 19 55, showing that said works
were completed on the 22nd day of July, 19 55 ; and that on the 24th
day of February, 19 56 ,

MARTIN N. KNUDSON
of Twin Falls, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
, ~~subterranean~~ (subterranean flow), for the purpose of irrigation and domestic
, under Use Permit No. 21633 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
9 of Licenses at page 5787, on the 5th day of September, 19 56 ;

The right hereby confirmed dates from August 2, 19 50 ;

The Point of Diversion is located

In the NW 1/4 NW 1/4, Sec. 3, Tp. 13 S., R. 16 E., B. M. Twin Falls County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 0.7 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated

State Reclamation Engineer.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

47-2184

APPLICATION No 29343
 PERMIT No. 21633
 DISTRICT No.

1. Name of Applicant: **MARTIN N. KNUDSON**

Postoffice address: **Hollister**

County: **Twin Falls**

State: **Idaho**

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed: **1.5** cubic feet per second.

3. Source of water supply: **Subterranean from well** which is a tributary of

4. Location of point of diversion: **400** feet distant from the **Southwest**
of the NW $\frac{1}{4}$ NW $\frac{1}{4}$
 corner/of Section **3**, T. **13 S.**, R. **16 E.**, B. M., and is in the **NW $\frac{1}{4}$ NW $\frac{1}{4}$**
 of Section **3**, T. **13 S.**, R. **16 E.**, B. M., County of **Twin Falls**.

5. Water is to be used for **Irrigation and domestic purposes**.

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section
 T. , R. , B. M., in the of Section , T. , R. , B. M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet
 distant from the corner of Section , T. , R. , B. M., in the
 of Section , T. , R. , B. M.

7. Estimated cost of works: \$ **5,000.00**

8. Kind of works: **Deep well and turbine pump**.

9. Height of dam feet; length of dam at top feet; length of dam at bottom
 feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;
 dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is **One (1)** years.

13. The time required for the complete application of the water to the proposed use is **Two (2)** additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: **87 shares Salmon River Canal Co.**

16. (a) Is reservoir to be used? **No** If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

MARTIN N. KNUDSON Applicant.

By _____ Agent.

Date of first receipt at Department of Reclamation: 9:30 A. M. August 2, 1950

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 21633

Recorded in Book 77 Page 21633 Approved August 4, 1950

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before **October 4, 1950** and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before **February 4, 1951**

The whole of said work to be completed on or before **August 4, 1951**

Beneficial use of water appropriated in accordance herewith, to be made on or before **August 4, 1953**

WITNESS My hand this 4th day of August, 1950

MARK R. KULP
State Reclamation Engineer.

Dear Mr. Knudson:

State law requires that a field examination be made on any permit being brought to license within the State of Idaho.

I intend to make inspection in connection with your permit on Thursday afternoon, July 5 between 3:00 and 4:00 P.M.

Please be prepared to accompany me on the inspection.

I will drive to the place where the well is located if I do not contact you sooner.

Dear Mr. Knudson:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in the Times-News, all submitted in proof of completion of works and beneficial use on the above captioned Permit.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21633

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Martin N. Knudson, Rt. 1, Twin Falls, Idaho, Rancher, Rt. 1, Twin Falls, Idaho, formerly Hollister Idaho, postoffice now discontinued at Hollister, residence 1 1/2 miles South of Hollister, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 21633, August 4, 1950, August 4, 1950

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Underground stream, diverted through well located four hundred feet northeast of the southwest corner of the Northwest Quarter of the Northwest Quarter of Section Three(3), Township 13S, Range 16 E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. System of ditches capable of carrying three second feet from well which is point of diversion. well consists of 20 inch hole 350 feet deep, cased down 14 feet to rock 24 in. casing; water stands at 76 feet from surface; Turbine pump, 5 inch columns, 6 inch bowl set at 240 ft from surface; 20 H.P. Electric Motor; Pump delivers .69 c.f.s. measured over Cippoletti Weir with draw down to 200 feet.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water used for domestic and irrigation of 32 acres of the N.W. of the N.W. of Section Three(3), Twshp. 13S; 25 acres in the N.E. of the N.E. of Sec. Four(4), Twshp. 13S; and 18 acres in the SW of the S.W. of Sec. 34, Twshp. 13S; all in Range 16 E.B.M. and all having actually been irrigated with said water from the well; all cultivated land no improvements other than those already on the land, the water being used to supplement water delivered from Salmon River Canal Co. system

21633

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. _____

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The water furnished by the well and pump has been used from July 2nd in 1954 when pump was installed and in working order in irrigating the aforescribed lands for the balance of the 1954 irrigation season, supplementing Salmon Canal water and during 1955 during the whole irrigation season in watering said lands, supplemented by Salmon water, the lands being all in alfalfa in 1955, the full .69 c.f.s. being used.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. _____

The lands irrigated also have 1 and 5/7 shares of Salmon water appurtenant to each acre and the water from the well and said irrigation project are used to supplement each other in irrigating said lands.

(Sign)

Martin H. Knudsen

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Twin Falls, County of Twin Falls

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Arthur E. Knudson, 40 years of age, farmer, Rt. 1, Buhl, Idaho.

Ques. 2. Are you acquainted with Martin N. Knudson, the holder of Permit No. 21633? How long have you known him and where does he reside?

Ans. Yes. I have known him all my life.

Ques. 3. Have you read or heard read said Permit No. 21633, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Underground stream, diverted through well located about 400 feet N.E. of the S.W. corner of the N.W. 1/4 of the N.W. 1/4 of Sec. 3 in Twp 13S. Range 16 E. B.M. Twin Falls County, Idaho, in which is installed a turbine pump with 5 1/2 columns, 6 1/2 bowls set at 240 feet from surface, the well being 20' in diameter and 350 feet deep, the water being thence carried to places of use through system of private ditches which are sufficient to carry water furnished and additional water used from Salmon River Canal Co. rights.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Three second feet, have often seen two second feet carried.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen the pump deliver 35 inches estimated by me from my experience as an irrigator of several years experience. I also saw the water running over a 2-foot Cippoletti weir and it measured to my best recollection 22 to 23 points on the weir.

21633

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. ~~The water is used for irrigation and domestic purposes; The land irrigated is cultivated land and was irrigated during the farming season of 1955 and part of 1954 being principally in alfalfa. The irrigated lands consist of 32 acres in the N.W. of the N.W. of Sec. 3; 25 acres in the N.E. of the N.E. of Sec. 4, each in Twp. 13 South, and 18 acres in the S.W. of the S.W. of Sec. 34, in Twp. 12 South, all in Range 16 E.B.M., Twin Falls County, Idaho. No improvements other than increased yield have been made as result of said use.~~

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. ~~The water pumped is used to supplement water from Salmon River Canal Company rights; the land is good quality volcanic ash and I believe should have 60 miners inches constant flow during season for best results.~~

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. ~~none whatever.~~

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. ~~I saw all the land described several times during 1954 and 1955 during each farming season and saw the water on the land and the results of the use of the water on the 75 acres irrigated. In 1954 some of the land was in grain which suffered because the well water was not available to the early part of July, but in 1955 all the land was in alfalfa which made a good yield.~~

(Signed) Arthur E. Knudson

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Twin Falls, County of Twin Falls, State of Idaho, on this 24 day of February, A. D. 1956.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21633

Proof of Application of Water to Beneficial Use
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Elmo J. Farrar, age 45 years, Rt. 1, Twin Falls, Idaho, Manager of the Salmon River Canal Company, for the past 8 years and until February 15, 1956, Twin Falls, Idaho.

Ques. 2. Are you acquainted with Martin N. Knudson, the holder of Permit No. 21633? How long have you known him and where does he reside?

Ans. I am and have been acquainted with him for at least 17 years, and over. He lives 1 3/4 miles south of Hollister, Idaho.

Ques. 3. Have you read or heard read said Permit No. 21633, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. the source of water supply is underground stream, diverted from deep well near southwest corner of the northwest quarter of the northwest quarter of Sec. 3-13S-R16 E.B.M. with turbine pump installed driven by electric motor and the water so pumped and diverted from underground carried to place of use by system of private ditches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. the ditches will carry two or three second feet of water without difficulty. Have seen at least one second foot or more of Salmon River water in them besides water pumped.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I measured the water pumped from the well on November 3, 1955 over a two foot Cipoletti weir and it pumped .69 C.F.S. with a draw down to 169 feet.

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water pumped from the well is used for irrigation as a supplemental supply for water from Salmon River Canal C6, together used on approximately 75 acres, all cultivated land, there being about 18 acres of the S.W. of S.W. of Sec. 34-12S., 32 acres in the N.W. of the N.W. of Sec. 3 and 25 acres in the N.E. of the N.E. of Sec. 4, each in Township 13S; all in Range Sixteen E.B.M. Twin Falls County.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. the land is good quality volcanic ash soil and for best results a constant flow of approximately 50 miners inches would be required for its profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. none

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. at different times during the latter part of the 1954 irrigation season and the 1955 irrigation season I have seen the water from the pump being used in irrigation of the lands described, by Mr. Knudson, when I had occasion as manager of the Canal Company to pass the place or to go upon it. I do not have the exact dates as I made no record of them. I know that all the water pumped from the well, with additional Salmon water at times, was used.

(Signed) Elmo J. Farrar

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Twin Falls, County of Twin Falls, State of Idaho, on this 24th day of February, A. D. 19 56.

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the January day of 1956,
at Twin Falls, County of Twin Falls, State of Idaho, before
Edward Babcock, Notary Public, proof will be submitted of the
application to beneficial use of .69 cubic feet per second of the waters of underground stream
in accordance with the terms and conditions of Permit No. 21633
heretofore issued by the Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
Martin N. Anderson, R.R.D.1, Twin Falls, Idaho.

The use to which said water has been applied is Irrigation and domestic

The amount applied to beneficial use is .69 cubic feet per second

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated)
The S.W. 1/4 of the S.W. 1/4 of Sec. 34 in Twp. 12 South, Range 16 E.B.M., The S.W. 1/4 of N.W. 1/4 and
the N.W. 1/4 of the N.W. 1/4 of Sec. 3 and the N.E. 1/4 of the N.E. 1/4 of Sec. 4, in Twp. 13 South,
Range 16 E.B.M. in Twin Falls County, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is
private ditches

The right to take water from such works is based upon Permit No. 21633

The source of supply from which such water is diverted is
underground stream

The date of priority which said user is prepared to establish is August 4, 1950

State Reclamation Engineer.

Gentlemen:

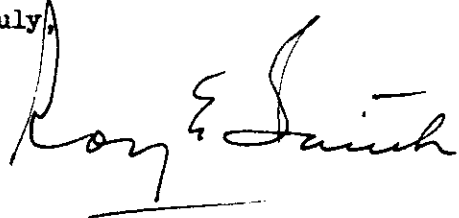

Re: Permit No. 21633
Martin N. Knudson

I have talked with Mr. Knudson relative to the matter called
to our attention in your letter of December 12, 1955.

He suggests that the SW¹/₄ NW¹/₄ Section 3 be excluded and that the
matter be handled as to the lands described in the permit
only and that no amendment of the permit be made.

Accordingly we will ask you to strike out the above lands
so described and we will offer proof only as to the lands des-
cribed in the permit.

Mr. Roy E. Smith
Fidelity Bank Bldg.
Twin Falls, Idaho

Dear Mr. Smith:

We have your letter of November 21, 1955, stating that Mr. Martin N. Knudson is prepared to make proof of Beneficial Use on Permit No. 21633.

Notice should be made in duplicate on Form 10 enclosed setting the time and place and naming the Notary Public before whom the proof is to be made.

The time must be set far enough ahead to allow for the statutory four weeks publication.

Both copies of Form 10 to be returned to this Department together with Form 11 which is authorization for us to have the notice published at permit holders expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you or Mr. Babcock, or Mr. Knudson, which ever is requested, the proper forms of deposition to be used in making the proof.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. Martin W. Knudson
Hollister
Idaho

Boise, Idaho

Dear Sir:-

Under the terms of your permit No. 21633 you are required to complete your diversion works on or before August 4, 1955. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

Permit No. 21633

Application for Extension of Time

FOR COMPLETION OF WORKS

Martin N. Anudson

of Hollister,

State of Idaho, being first duly sworn, upon his oath deposes and says:

He is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho No. 21633

Under the terms and conditions of said permit, construction work thereunder was required to be completed by August 4, 1951 extended to August 4, 1953

That he has heretofore performed the following work described under said permit:

Well has been drilled to depth of 193 feet, and some casing has been installed test pump was installed and before well could be properly tested the well caved and it will be necessary to bring the rig back, clean out the well, drill deeper and install more casing.

costing \$ 1197⁰⁰ to date.

THAT he is unable to complete the remainder of the work within the required time, for the following reasons, to-wit:

will have to clean out caved portion of well, drill the same to greater depth and install casing to prevent further caving.

WHEREFORE, He asks that the Commissioner of Reclamation extend the time for the completion of construction work under said permit, to August 4, 1955.

Mr. Roy E. Smith
Fidelity Bank Building
Twin Falls, Idaho

Dear Mr. Smith:

We have your letter of August 3, 1953, in regard to Permit No. 21633 in the name of Martin B. Knudsen.

This permit was approved August 4, 1950, and Mr. Knudsen could be allowed five years within which to make proof of Completion of works.

We enclose a form of application for extension which Mr. Knudsen should execute and return to this Department for approval and record.

Very truly yours,

MARK R. CULP
State Reclamation Engineer

Re: Permit No. 21633

Dear Mr. Kulp:

Mr. Martin B. Knudsen of Hollister has been having a great deal of difficulty with the drilling of his well under the above numbered permit. The well has been carried down deeper during the past season and test pump was installed but due to caving the test was inconclusive.

It is evident that further caving has occurred and it appears necessary that the drill be moved back to the premises and further work done. He will want an extension of time to complete if you can allow the same and if so please send us application which we will promptly fill out and return to your office.

Respectfully Yours,

RES/hm

INSTRUCTIONS

Mr. Martin N. Knudson
Hollister
Idaho

PROOF OF COMPLETION OF WORKS

Boise, Idaho

Dear Sir:-

Under the terms of your Permit No. 21633 you are required to complete your diversion works on or before August 4, 1953. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

Permit No.

Application for Extension of Time FOR COMPLETION OF WORKS

Martin P. Knudson, of Hollister, Twin Falls County

State of Idaho, being first duly sworn, upon his oath deposes and says:

He is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho
No. 21633

Under the terms and conditions of said permit, construction work thereunder was required to be
completed by August 4, 1952.

That he has heretofore performed the following work described under said permit.....
Well has been drilled to approximately fifty feet and rig is now on location; a
great deal of trouble has been encountered caused by large boulders; the owner and
operator of the rig, Mr. Ora Jones has been ill and unable to continue the work
and has only recently improved to the extent enabling him to resume drilling; casing
has been purchased and is on location. the drilling and casing to date
costing \$ 350.00

That he is unable to complete the remainder of the work within the required time, for the fol-
lowing reasons, to-wit:

Illness of driller and rig owner and difficulties in drilling caused by
boulders.

WHEREFORE, He asks that the Commissioner of Reclamation extend the time for the comple-
tion of works under said permit to August 4, 1953.

Subscribed and sworn to before me this Second day of August, 1952

My commission expires Feb 20 1953

Notary Public.

Mr. Mark R. Kulp,
State Reclamation Engineer,
Boise, Idaho.

Dear Mr. Kulp:

Mr. Martin B. Knudson, of Hollister, Idaho has requested me to write you and request an extension of time for completion in connection with his application No. 21633.

They have partially completed the well and the rig has been on location since the fall of 1950. A great deal of trouble has been encountered and Mr. Ora Jones, the owner and operator of the rig has been seriously ill for a considerable time during the latter part of 1951 and early 1952. Mr. Jones has told me that he would be able to resume operations very shortly now. Casing for the well has been purchased and is on location.

Accordingly, Mr. Knudson would very much appreciate a further extension of time for proof of completion if that can be granted.

Very truly yours,

Roy E. Smith

Dear Mr. Kulp:

I have your letter of June 1st in regards to Proof of Completion of Works about a deep well which I want to have drilled so I may use water for irrigation. Mr. Ora Jones, the driller went down about 50 ft. ran into a large boulder and may have to start a new

hole, so I am asking
for an extension of time.
Mr. Jones has done very
little drilling this summer
as he is helping with
farm work at his home
but plans to drill later
on.

Dear Mr. Smith:

We enclose Permit No. 21633 in the name of
Martin N. Knudson, together with Departmental Receipt
No. 22557 for the \$5.25 filing fee.

You will note that this has been reduced from
two (2) second feet as applied for to one and one-half
($1\frac{1}{2}$) second feet (or 75 inches) which is the maximum
allowed by Statute for the irrigation of 75 acres.

Mr. Knudson's attention is directed to the
limitations and conditions as given on the fourth page
under approval of the State Reclamation Engineer.

Very truly yours,

MARK R. KULP
