Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
 2. Always carefully note the location of the point of diversion, and accurately plat same.
 3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
 4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 6. If any unusual conditions are discovered, make a plain statement of them under remarks.
 7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

Dear Sir;--

Enc pls find notice of proof of T. E. Lyon. He has signed his proof of completion of the works, but I take it this does not need to go in until he makes proof. He has made use of the water for beneficial use and is desirous of obtaining the license for the perpetual use thereof.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. T. E. Lyons,
Buhl, Idaho.

Boise, Idaho,

Aug. 1, 1921.

Dear Sir:—

Under the terms of your permit No. ~~15000~~⁸.....you are required to complete your diversion works on or before ~~No. 22, 1921~~⁸. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,
W. G. SWENDSEN

Commissioner of Reclamation.

Re: Application Unacceptable.

Mr. W. S. Hyde,
Buhl, Idaho.

Dear Sir:

On October 20th we returned the application of T. E. Lyon to you as unacceptable, due to the fact that the same was not accompanied by the fee of \$1.00. On the day following, we received your check for this amount and have held the same, pending the return of the application. The application to date has not been received and we will hold your check until we are further notified by you.

Very truly yours,

W.G. SWENDSEN,

Re: Application Unacceptable.

Mr. W. F. Hyde,
Buhl, Idaho.

Dear Sir:

We are again forced to return the application of
T. E. Lyon as unacceptable as the same was not
accompanied by the fee of \$1.00, even though it
was stated in your letter that the same was en-
closed.

In paragraph 3 of the application, state the stream
to which Orchard Creek is a tributary. It is also
required that both maps be drawn with ink.

Very truly yours,

W. G. SWENDSEN,
Commissioner of Reclamation.
