NOTICE FOR PUBLICATION

Notice of Proof of Application of Water for Beneficial Use

Notice is hereby given that at 10 a. m. on the 30th day of December, 1916, at Hollister, county of Twin Falls, State of Idaho, before Maurice Guheen, Notary Public, proof will be submitted of the application to beneficial use of 1-5 of 1 cubic foot per second of the waters of an unnamed stream and Rogerson Spring, in accordance with the terms and conditions of Permit No. 10911, heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person holding said permit is John Lanting, Amsterdam, Idaho.

2. The use to which said water has been applied is irrigation and domestic use.

3. The amount applied to beneficial use is 1-5 of 1 cubic foot per second.

4. The place where said water is used is (if for irrigation, give full and accurate description of the lands irrigated) SE1-4 of SE1-4 Sec. 32, Twp. 13 S., R. 16 E., N. M.

5. The name of the canal or ditch or other works by which said water is conducted to such place of use is Community Ditch.

6. The right to take the water from such works is based upon Permit No. 10911.

7. The source of supply from which such water is diverted is an unnamed stream and Rogerson Springs.

8. The date of the priority which said user is prepared to establish is October 20, 1914.

J. H. Smith,
State Engineer.

STATE OF IDAHO

Water License No. 10911.

Water District No. 45.

WHEREAS, On the 20th day of October, A. D. 1914, John Lanting,

of Amsterdam, County of Twin Falls, State of Idaho, duly made application (No. 15782) to me for a permit to use 1/5 of 1 cubic foot per second of the waters of Rogerson Spring and an unnamed stream, in Water District No. 45, County of Twin Falls, State of Idaho, for irrigation and domestic purposes, and,

WHEREAS, On the 30th day of December, A. D. 1914, Permit No. 10911 was issued to said applicant for the diversion of said water and providing for the completion of the works of diversion therein described on or before the 30th day of December, A. D. 1915, and for the application to beneficial use of said water on or before the 30th day of December, A. D. 1916, and,

WHEREAS, On the 15th day of December, A. D. 1915, John Lanting,

the holder of said permit, duly made proof of the completion of adequate works for the diversion of 1/5 of 1 cubic foot per second of said waters, as evidenced by my Certificate No. 10911 dated January 6, 1916, confirming the completion of works of sufficient capacity for diverting and conveying to the place of intended use 1/5 of 1 cubic foot per second of said water, with date of priority of October 20, 1914, and

WHEREAS, On the 30th day of December, A. D. 1915, John Lanting,

the holder of said permit, duly made proof of the application to beneficial use of 1/5 of 1 cubic foot per second of said water:

NOW, THEREFORE, By virtue of authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to John Lanting,

of Amsterdam, County of Twin Falls, State of Idaho, the holder and owner of said Permit No. 10911, a perpetual right, dating from October 20, 1914, to the use of 1/5 of 1 cubic foot per second of the waters of Rogerson spring and an unnamed stream,

in the County of Twin Falls and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted at the NW. Cor of NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 4, T. 14 S., R. 16 E., B.M.,

and conducted to and upon 30 acres of land, divided as follows: 20 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$ and 10 acres in SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 32, T. 13 S., R. 16 E., B. M.,

for the purpose of irrigation and domestic use, subject, however, to the laws of the State of Idaho, applicable to a license for the use of the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS My hand and the seal of my office at Boise, Idaho, this 29th day of December, A. D. nineteen hundred and seventeen.

J. H. SMITH,

(Seal)

State Engineer

47 2085

December 28th, 1916.

Re Permit 10911- Lanting.

Mr. Maurice Guheen,
Hollister, Idaho.

Dear Sir:--

Replying to your letter of the 26th would say that we wrote to Mr. Lanting on the 18th of this month, advising him that, if possible, he should authorize some one to act for him in making proof under the above permit on the date advertised but that, if there was no one whom he could appoint to do this work for him, his deposition could be taken at a later date but his two witnesses should appear before you on the date set and fill out the blanks sent to you. You could then extend the time for completing the proof. This would mean, however, a reasonable length of time, not a matter of months or a year. The holder should arrange to complete the proof within thirty days after the date set.

Very truly yours,

J. H. SMITH,

State Engineer.

10911

REPORT OF ENGINEER

1. State name of applicant and number of permit: John Lanting - Permit 10911
 2. State source of water supply: Rogerson Spring and Unnamed Stream
 3. Location of point of diversion: NW Cor. NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 4, T. 14S., R. 16E. B.M.
 4. State whether or not the works of diversion are fully completed and in accordance with terms of permit:
 5. Describe works as they exist, giving dimensions and capacities of same:
Earth ditch 2 ft. by 1.5 ft. from point of diversion given
above to land irrigated. In addition to this Lanting has a ditch
three quarters of a mile long thru what is known as the Rogerson Meadow
as shown on the map. This ditch is 1.5 ft. by 1 ft. The connecting
link across the NE $\frac{1}{4}$ of Sec. 4 is a lateral of the Salmon River project.
2.5 ft. wide.
 6. State whether or not water has been turned into works of diversion:
Yes.
 7. Give exact location of lands to be irrigated. Give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation):
SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 32, T. 13S., R. 16E. B.M. 20 acres.
SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 32, T. 13S., R. 16E. B.M. 10 acres.
 8. Submit map on enclosed plat, showing location and details of above description.
- Remarks: The waters of Rogerson spring are piped thru the town of
Rogerson for the town supply and the overflow runs down thru the
Rogerson Meadow where it is used for irrigation. Lanting gets a portion
of his water from the waste from this field and the balance directly
thru the ditches shown.

This examination was made on the 12 day of Oct. 1917.

PERMIT NO. 10911**Proof of Application of Water to Beneficial Use****DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. John Lanting age 34, Rogerson
Amsterdam Idaho, Farmer, Amsterdam Idaho

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Myself Only

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 10911 Oct 20th 1914

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Rogerson Springs No Unnamed Stream
NW Corner, NE 1/4 NW 1/4 Sec 4, T 14 S 16 E Bm

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Reservoir 25 ft Circumfrance in SE Corner SE 1/4 SE 1/4
Sec 32, T 14 S R 16 E Bm and from reservoir to place of
use SE 1/4 SE 1/4 Sec 32, Lanting ditch will carry 1 cubic
foot per Second of Water

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic and Irrigation SE 1/4 SE 1/4 Sec 32-14-16
Cultivated to grains, Land all Cleared of Sage brush

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. Irrigation Domestic Only

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. 1.5 inches at least but cannot get that much in
Summer Season

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Am the Same person to whom permit
was issued

10911

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Seasons 1913, 1914, 1915 ³/₄ 1916 from ¹/₅ to ¹/₈ Cu ft per Second. In Spring fall & winter Can Obtain More water than during Crop Season in Summer.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Have Carey act water right for $2\frac{3}{4}$ ft but do not obtain the amount and cannot even get water from above source at times for domestic use

No. 15782

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of applicant: John Lanting

Postoffice address: Amsterdam

County: Twin Falls

State: Idaho

I. If applicant is a corporation, give

(a) Date and place of incorporation:

(b) The amount of capital stock:

(c) The amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are: (a) Cash on hand: 200.00

(b) Treasury stock: none (c) Bonds to be issued:

(d) Other resources: 40 acres Carey Act Land and 160 acres homestead Land.

2. The quantity of water claimed is $1/5$ cubic feet per second.

3. Source of water supply: Winter flow from Rogerson Springs, one mile South of Rogerson Idaho, and in the summer time waste water from Rogerson Meadow.

4. Location of point of diversion: NW corner of NE $\frac{1}{4}$ of NW $\frac{1}{4}$ Sec. 4, Twp. 14 R. 16 E.B.M.

County of Twin Falls.

5. To be used for: Domestic and Irrigation.

I. Irrigation and domestic use: (a) Amount of land to be irrigated: 20 acres.

(b) In the following legal subdivisions: SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 32, T. 15 S. R. 16 E.B.M.

II. Mining, milling, power, manufacturing, transportation or other purposes:

(a) At what point:

(b) Amount of power to be generated:

H. P. under Deep Creek. ft. head

(c) Is water to be returned to any stream? Water returns to Deep Creek. If so, name stream and locate point of return: to Deep Creek at SW corner of SW $\frac{1}{4}$ of NW $\frac{1}{4}$ Sec. 28, T. 13 R. 16 E.B.M.

6. Estimated cost of works: \$20.00

7. Description of works for diversion:

I. Kind of works: Reservoir \$5.00 Ditches \$15.00

II. Dimensions of works:

(a) Height of dam feet, length of dam at top feet,

length of dam at bottom feet. Material used in construction:

(b) Capacity of reservoir for domestic use cannot irrigate from it. acre feet. (c) Size of headgate, width feet,

Height feet. (d) Conduit Ditch width at bottom 8 inches,

width at water line 8 in. feet, depth of water 2 in. -feet; diameter of pipe

inches; average grade per mile is 15 feet. Length of conduit is $1\frac{1}{4}$ miles, and it crosses the following quarter sections: NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 4, T. 14 S. 16 E.B.M.

8. The time required for the completion of the construction of such work is 1 years.

9. Time required for the complete application of the water to the proposed use is 1 additional years.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

INSTRUCTIONS
PROOF OF BENEFICIAL USE

John Lanting,
c/o Maurice Guheen,
Hollister, Idaho.

BOISE, IDAHO, **December 2, 1916.**

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your Permit No. **10911.**

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On **December 30th**, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at **Hollister, before Maurice Guheen, E.P.**

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received together with report of examining engineer, if everything is properly executed, License will issue.

Yours truly,

J. H. SMITH,

State Engineer.

Amsterdam, Idaho.

Sir:--

We are in receipt of your notice of final proof under above permit. The date of priority has been corrected to read October 20, 1914. Otherwise the notice is correct as sent in. Notice for publication will be mailed to the paper printed in Twin Falls County nearest your lands, if you will send us the name of such paper. We are not sure that the paper in Hollister is now being published.

Deposition blanks, one for yourself and one each for two witnesses, will later be mailed to Mr. Gahen.

Very truly yours,

J. H. SMITH,

State Engineer.

 and I have no part with me and otherwise I have to make a other
 trip to town. Respectfully, John Lanting Rogerson

Date of first receipt at office of State Engineer 9.00 A. M. October 20, 1914.

Returned to applicant for correction October 26, 1914.

Corrected application received December 21, 1914.

APPROVAL OF STATE ENGINEER

The number of this permit is 10911

Recorded in Book 37 Page 10911 Approved December 30, 1914.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions.

Bond in the sum of to be filed on or before

Work to begin on or before February 28, 1915 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before June 30, 1915.

The whole of said work to be completed on or before December 30, 1915.

Beneficial use of water appropriated in accordance herewith, to be made on or before December 30, 1916.

Witness my hand this 30th day of December, 1914.

Herbert Wing,

Acting State Engineer.

Remarks: Water diverted from springs to the NE $\frac{1}{4}$ of NW $\frac{1}{4}$ Sec. 9, Twp. 14 S. R. 16 E.B.M., thence d North along quarter Section Line through Sec. 4, Twp. 14 S. R. 16 E.B.M. to point of diversion.

This water is waste water from the Rogerson Meadow in the summer times, but comes in Spring, fall and winter divert from the spring. The spring is located on Government land.

Proof of Completion of Works made, Dec. 15th, 1915.

Certificate of Completion of Works issued, Jan. 6th, 1916.

PERMIT No. 10911.

CERTIFICATE OF COMPLETION OF WORKS.

TO ALL WHOM IT MAY CONCERN:

This is to certify that John Lanting, of Amsterdam, County of Twin Falls, and State of Idaho, the holder of Permit No. 10911, issued upon Application No. 15782, bearing date of priority of October 20, 1914, authorizing the diversion of 1/5 of 1 second-foot of the waters of Rogerson Spring and unnamed stream, County of Twin Falls, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and fully described in said Permit; that the said works are adequate for diverting and conveying to the place of intended use 1/5 of 1 second-foot of the waters of Rogerson spring and unnamed stream; that the point of diversion of said waters is near the NW Cor. of the NE $\frac{1}{4}$ of NW $\frac{1}{4}$, Sec. 4, T. 14 S., R. 16 E., B.M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: 20 acres in the SE $\frac{1}{4}$ of SE $\frac{1}{4}$, Sec. 32, T. 13 S., R. 16 E., B.M.

Witness my hand this 6th day of January A.D. 1916.

J.H. Smith State Engineer of the State of Idaho

License issued for $\frac{1}{5}$ of 1 second foot

Permit No. 10911

OFFICE OF STATE ENGINEER

PROOF OF COMPLETION OF WORKS

AFFIDAVIT OF HOLDER

STATE OF IDAHO,

County of Lincoln } ss.

John Lanting, being first duly sworn upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 10911 and that his postoffice address is Rogers Amsterdam State of Idaho

Second: That the name of the stream from which said water is to be diverted is

Rogerson Springs waste water

Third: That the point of diversion of said water is NW Corner of NE 29 NW 4

Sec 4 Tp 14 South Range 16 E B.M.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by Dec 30 1915

Fifth: That the use for which said water is intended is domestic and irrigation

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: ditch and reservoir
(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam 6 feet, length of dam at top 30 feet, length of dam at bottom 20 feet. Material used in construction earth

(b) Capacity of reservoir for domestic use cannot irrigate from Reservoir acre feet.

(c) Size of headgate: Width none feet, height 8 in feet.

(d) Conduit ditch width at bottom 8 in feet, width at water line 8 in feet, depth of water 7 in feet; diameter of pipe 7 1/2 inches; average grade per mile is 1 1/2 feet. Length of conduit is 1 1/2 miles.

Seventh. That said works are capable of conducting to the place of intended use second feet of water.

Eighth. That water appropriated under said permit is available for 20 acres of land described as follows: E 29, S 24, Sec 32 Tp 14 Range 16 E B.M.

Ninth. Remarks: That

Subscribed and sworn to before me this 15 day of Dec, 1915

My commission expires July 27 1918

John Lanting
(Sign here.)
Walter Mann
Notary Public.

RECEIVED
DEC 18 1915
OFFICE OF STATE ENGINEER

Baise, Idaho, November 27, 1915.

Permit 10911.

Mr. John Lanting,
Amsterdam, Idaho.

Sir:--

I have your letter of the 24th in which you advised that you have completed all the works under Permit 10911 with the exception of the ditch to return the water to Deep creek. I believe that if your affidavit sets forth that the necessary works for conveying the water from point of diversion to place of use are completed that such proof would be acceptable. I would advise that you submit your affidavit at once and if same is found deficient we can then advise you further.

Very truly yours,

J. H. SMITH,

State Engineer.

State Engineer Office
Providence Mass.

Dear Mr. Smith

I have constructed all the ditches
on permit no 10911 except
the one that return water to deep
creek on the line from Sec 32 + 33
13-16 B.M. There is more work
in construction that ditch than I expected.
And it is of no benefit for
me as the place where I constructed
the reservoir is located in a natural Corley
It will return to deep creek also
If it was a big stream. Reasoning
that I put that ditch on the application is to
supply mine & Housen. Housen with water.

2

But you know It is poor
road here this year and then
fellow never talk about It again.
Please will you let me know
what I have to do now.

Can I send in that Affidavit?
or do I have to make another
filing?

Respectfully yours

John Lanting.

RECEIVED

NOV 27 1915

OFFICE OF STATE ENGINEER

State of Idaho
ENGINEERING DEPARTMENT
BOISE

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

**John Lanting,
Amsterdam, Idaho.**

Boise, Idaho,

Sept. 21, 1915.

Dear Sir:

Under the terms of your Permit No. **10911**, you are required to complete your diversion works on or before **Dec. 30, 1915.** I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. Smith.

State Engineer

RE: Permits Nos. 10911 - 20206

Twin Falls Bank & Trust Company
Twin Falls
Idaho

ATTENTION: Ina Schreiber
Escrow Department

Dear Madam:

We have your letter of October 31, 1955, enclosing an Assignment of the above numbered Permits from John Lanting and wife to Thaine Strickland and Lois Strickland.

When a Water Permit has gone to License no Assignment is required to be recorded in this Department, but transfer of ownership is handled in the same manner as the sale of real estate and recorded in the County.

We therefore return the Assignment herewith.

Very truly yours,

Mr Herbert Wing

acting State Engineer

Boise Idaho.

Dear Sir. 10911

I received that application
for the second time again.

Mr Maurice Guheen of Volant
made up that application for me, and
he told me it was all right this
way. The fact is that on that Rogerson
spring is filled many times with
different parties. But still there
is plenty water coming down from
that Rogerson Meadow. In the summer
time and waste water from irrigation

and in the Spring fall and Winter
 the whole stream. I am using
 that now for a year and a half.
 Mine Neighbor ^{C. J. Joslin} filed also on that
 waste Water. half of it go mine way
 and the other half ^{from point of} ~~ss~~ way. ^{direction on map.}
 He didn't ~~prop~~ ^{this} up on ~~ss~~ ~~that~~ fall
 and I learned that some Neighbor
 of mine below me want to file
 on that water also. Reusing that I
 want to Guheen and I told
 him that it was waste Water
 from Rogerson Springs and Winter
 flow. ^(the late Jennings) But he told me he learned
 from King that it was not necessary
 to put that in the application

3

10911

I like to have a filling on
that water Because I need it
for my stock. And I am sure
that I will have some more water
after a while because that ~~m~~eadow
and that land east of mine will go
up in alkali some day the way
it looks to me. I send you the
application Back also and if you
can't use it again throw it
in the stove. I am sorry that
I give you ~~that~~ much trouble.

Respectfully yours

John Lunting

Boise, Idaho, December 10, 1914.

Application 15782.

Mr. John Lanting,
Amsterdam, Idaho.

Sir:--

The above application again received.
Same is again returned for completion in the
following particulars:

Comply with General Rule III of the
Rules and Regulations, relative to filing on
springs.

Very truly yours,

HERBERT WING,

Acting State Engineer.

Gentlemen.

Some time ago you send me a blank form for me to fill in I received said form late because it was send to Amsterdam and mine post Office adress it rogerson now.

I was busy that time with arigation so I send it back to you filled out with some one to mail it for me. I have not heard any of it since so was afraid that it got lost.

Reasing that I am sending
