Hon. D. G. Martin,

State Engineer, Boise, Idaho.

Dear Sir:-

Enclosed find report on Permits 2853 & 3837--Peter Oe.

All of this bunch of people, Oe, Braun and Harris were away from home. Oe has a nice piece of land, well fenced, about 20 acres in timothy hay and the balance in native grasses which he is irrigating for pasture and making a success of it. Greve creek empties into his ditch without a dam and it does not take much of a dam to get the water out of Hot Creek.

Yours truly,

James McMILLAN
