Attention Water Right Claimant,

Enclosed is an ***Amended Partial Decree*** which amends and supercedes the partial decree previously issued for your water right to contain the following provision:

Basin 65 General Provisions No. 3, the Separate Streams General Provision, does not apply to appropriations after October 18, 1977.

This water right shall be administered as being from a separate source pursuant to Basin 65 General Provision No. 3. If the holder of this right seeks to change the right pursuant to Idaho Code § 42-222 or successor statute, nothing in this general provision shall preclude any other person or entity from demonstrating that such change in use would cause injury to its water right or from receiving any relief provided by law in event of injury.

The provision was recommended in the *Special Master's Report and Recommendation* to be included in the ***Partial Decree*** for your water right, but was inadvertently omitted due to a clerical error.

Should you have any questions regarding this matter, please contact the Clerk of the Court for the SRBA at (208) 736-3011.

Sincerely,

Diana Delaney
