WATER RIGHT LICENSE

License of Water Right No. 83-7017 Priority November 5, 1975 Amount 0.14 cfs

THIS IS TO CERTIFY, that U.S. Dept. of Army, Corps of Engineers
of Walla Walla, Washington, has complied with the terms and conditions of Permit
No. 83-7017 issued pursuant to Application for Permit dated November 5, 1975,
and has submitted proof to the Department of Water Resources on December 10, 1976,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.14 cfs of water from North Fork Clearwater River,
tributary to Clearwater River, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
Irrigation	April 1 to October 31	0.09	9.0 acre feet
Stor. for Irr. from	January 1 to December 31	at	12.5 acre feet

Gentlemen:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell during which part of the irrigation season this examination will be made, but our examiner will try to contact you at the time he makes the exam so that you may show him the system.

If you have any questions regarding the field examination, please contact our Regional Office in **Coeur d'Alene**.

Sincerely,

JANICE RENK

Walla Wall, Washington 99362

Dear Colonel Conover:

One of the conditions of approval of your water Permit No. 83-7017 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before January 1, 1977. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Colonel Nelson Conover
District Engineer, U.S. Corps of Engineers
City-County Airport, Bldg. 602
Walla Walla, Washington 99362

Dear Colonel Conover:

Enclosed is approved Permit No. 83-7017 to appropriate public waters of the State of Idaho. Approval of the permit requires that proof of beneficial use of water be submitted to the Department on or before January 1, 1977. I would recommend, however, that the proof of beneficial use forms be submitted as soon as the system is completed. Our experience is that this is in your best interest.

The system described in the permit contemplates using a well constructed under permit No. 83-7009 as a disposal well for domestic water filter backwash. A waste disposal and injection well permit must be approved prior to using the well. Enclosed for your use are the necessary forms.

Thank you for your cooperation.

Sincerely,

A. KENNETH DUNN

Gentlemen:

Inclosed is an application for a well at Dworshak Dam Project. The well in this case is actually an intake pipe through which water is pumped from the Dworshak pool. The waste well referred to in the application is an existing well, Application No. 83-7009. This well may be used for waste water runoff or abandoned, depending on the results of studies underway at this time.

For payment, inclosed is Standard Form 44 in the amount of \$10.00 (based on 0.14 c.f.s.). Please sign the SF 44 and return it to this office.
