System Description (continued)

3. **Narrative:** Description (As operating at time of measurement. Indicate pressure, number of sprinklers, etc.)

There is a small canal dug into the side of the river and a 10 hp pump that pumps it up to the place of irrigation. There a line runs down two fields where one line of 3" rambird ~~sprinklers~~ sprinklers (8 heads) waters a baseball field. 1 sprinkler on a riser waters a section of lawn and 14 heads of a 3" line waters a field. The heads are of 9/64" size

H. REMARKS AND OVERLAP REVIEW ANALYSIS

I found a different location that seems to coincide with the map on page 3 of the permit and coincides with what ~~was~~ ~~was~~ was placed on A 84-07191. Note: The map on PAGE 3 OF THE PERMIT IS WRONG ^{BC} FOR THE P/D LOCATION they thought they had. The applicant started watering an extra field of 7 Acres that is rented from their next door neighbor. The mainline clearly goes to this field, and this extra irrigation was also verified by Mr. Lynn Erb.

I. RECOMMENDATIONS

PROOF DUE NOTICE

RE: PERMIT NO. 84-07191

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before May 1, 1990. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
Secretary/Records Manager
