RE: Permit No. 84-7064

Dear Permit Holder:

We acknowledge receipt of your statement submitted as proof of beneficial use for the above referenced permit.

Before a Water Right License can be issued, a field examination must be made by a representative of this department.

A field examiner will contact you to arrange to examine your system.

If you have any questions regarding the field examination, please contact this office by phone at 667-6484 or in person at our office.

Sincerely,

/S/

Dear Jan Crower,

My brother-in-law, my husband & myself bought 5 acres of ground each. with one drilled well (which was on the property) to be jointly owned.

at the time we bought it the owner said he did not have a water right License.

So we filed for a joint permit which was approved but which we haven't applied for the water right License as yet.

In the mean time the owner applied for the water right License & received it & gave it to us.

My question is. Can we

RECEIVED

cancel out the owners license
& apply for the one in our
joint names. we have both
started building houses on
the property &

has rate of diversion was
Jan 1 to Dec 31. 0.02 cfs & 1.2
acre feet annual volume (domestic)

the application we had approved
was 0.08 cfs for domestic purposes
0.12 for irrigation from 3/15/10
& 0.02 for stock water from 1/1
to 12/31 total quantity 0.20 cfs.

we wished to water 2-4 acres
this well is on Lat 4 section
8 township 33 N. Range 4 E. 24

If we can proceed with
our application for license
would you please send
the forms we are to fill
out.

Mrs. Wayne Stickney

Dear Mrs. Stickney:

We are in receipt of your letter dated January 14, 1980 in which you raised a question about the relationship between License No. 84-7026 in the name of Chane W. Mattoon and Permit No. 84-7064 in the name of Gerald or Dolores Howerton and Wayne or Maxine Stickney. To properly respond to your question, let me explain to you the significance of the water right license.

On March 11, 1975, Mr. Mattoon filed with our Department an application for permit to develop a well for a single family domestic use. On March 14, 1978 he filed with our office a statement that he beneficially used water on the property described in the permit, and on August 1, 1978, our field examiner found the water to be used as stated in the permit. License No. 84-7026 describes this use, and whoever owns the property on which the license was developed owns this water right since the right is tied to the land.

From your letter it sounds as though the license was issued after you bought the property in question. Therefore, the license belongs to you even though it was issued in Mr. Mattoon's name. However, as you mentioned, the licensed amount is only .02 cfs which is less than the amount of your permit. In this case you can continue to develop your water system until August 1, 1984, when your statement of beneficial use is due. At that time you can file to license that portion of your permit which exceeds the existing license.

We have no means of changing the name on the existing license-the name is not an important factor of the license. Therefore, until 1984 there is no further action that you should take to clarify your water right situation. If you are still unclear about some aspect, feel free to contact me.

Sincerely,

DAVID R. TUTHILL, JR., P.E.
