Dear Mr Bolon,

Howard Barnes has not applied for water rights; he has filed a claim to water rights. In your letter of September 20, 1977, you have stated that you object very much to Mr. Barnes' Claim. In order to file an objection to a Claim, you must file the objection in duplicate in affidavit form, accompanied by such proof as you deem appropriate. Affidavit form means that the affidavit must be notarized.

I am returning a copy of your letter of September 20, 1977, for your future use in the event that you do wish to file the exception. The language in the letter that you sent is fine for the exception; however, you should change the Application for Water Rights to a Claim for a Water Right, since Mr Barnes has not filed an Application but a Claim.

If I can be of any further assistance in this or any other water related matters please feel free to contact me at 667-6484.

Sincerely,

TOM KING
Senior Water Resource Agent

Dear Sir:

In regards to Howard Barns application for Water Rights, I object very much as, Mr. Barns has never put any labor or any thing else into the spring in this area. He is claiming the Spring that has been used by the Bolon Family for many years. When he was asked to help with the Spring repairs he refused and to this day he has never payed a dime for water. Also the people before him never helped or payed for the water they used. Please file this as a very strong objection to his claim.

Respectfully Yours,

William E. Bolon
