MEMORANDUM

Dated: December 10, 2001

To: 84-10168, 84-10169, 84-10170, 84-10171, 84-10172, and 84-10173

From: Roxanne Brown

Re: Change of Ownership

David and Sharon Eriksen submitted a change of ownership form for these rights on February 20 2001, with an associated warranty deed. The legal description contained on the deed did not match the legal descriptions for rights 84-10168, 84-10169, 84-10171 and 84-10173.

Jeff Peppersack wrote a letter to the Eriksens on March 30 2001 summarizing our difficulty processing the change of ownership. The Eriksens subsequently spoke with IDWR adjudication staff and sought to have the partial decrees of these rights set aside so as to correct the descriptions of the points of diversion and places of use.

Standard Form 5 (SF5) documents were prepared for the Eriksens and the request of the SRBA Court and sent to them on December 10, 2001. These documents corrected the points of diversion and places of use on 84-10168, 84-10169, 84-10171 and 84-10173. The documents also change the name of the water right owner to the "David James Eriksen & Sharon McKibben Eriksen Family Trust" as shown on the February 20 2001 ownership change form.

The database records were also changed for 84-10170 and 84-10172 to represent the new ownership. A copy of the corrected information was sent to the Eriksens with the SF5s.

RE: Change in Ownership of Water Right Nos. 84-10168, 84-10169, 84-10170, 84-10171,
84-10172 and 84-10173

Dear Mr. Eriksen:

This letter is a follow-up to our recent phone conversation regarding the ownership change for the water rights referenced above to the David James Eriksen & Sharon McKibben Eriksen Family Trust. I have completed a review of the place of use for each of the water rights.

The results of my review indicate that there is insufficient documentation to process an ownership change for water right nos. 84-10168, 84-10169, 84-10171 and 84-10173. I have prepared a map of the locations of the water rights as decreed and the locations indicated on the warranty deed submitted with your ownership change notice. I have also included a computer-generated report for each of those water rights. Because the Department cannot process the ownership change without proper documentation, we will hold any action on those water rights pending receipt of the necessary documentation.

Regarding water right nos. 84-10170 and 84-10172, the documentation you have submitted is sufficient to process the ownership change. You will be advised when the database records have been changed to reflect the new ownership.

Please note that water right owners are required to report any change in water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

Please feel free to contact this office if you have any questions.

Sincerely,

Jeff Peppersack, Manager
