MEMORANDUM

Dated: December 10, 2001

To: 84-10168, 84-10169, 84-10170, 84-10171, 84-10172, and 84-10173

From: Roxanne Brown

Re: Change of Ownership

David and Sharon Eriksen submitted a change of ownership form for these rights on February 20 2001, with an associated warranty deed. The legal description contained on the deed did not match the legal descriptions for rights 84-10168, 84-10169, 84-10171 and 84-10173.

Jeff Peppersack wrote a letter to the Eriksens on March 30 2001 summarizing our difficulty processing the change of ownership. The Eriksens subsequently spoke with IDWR adjudication staff and sought to have the partial decrees of these rights set aside so as to correct the descriptions of the points of diversion and places of use.

Standard Form 5 (SF5) documents were prepared for the Eriksens and the request of the SRBA Court and sent to them on December 10, 2001. These documents corrected the points of diversion and places of use on 84-10168, 84-10169, 84-10171 and 84-10173. The documents also change the name of the water right owner to the "David James Eriksen & Sharon McKibben Eriksen Family Trust" as shown on the February 20 2001 ownership change form.

The database records were also changed for 84-10170 and 84-10172 to represent the new ownership. A copy of the corrected information was sent to the Eriksens with the SF5s.

STANDARD FORM 5
AMENDED CLAIM

For Domestic and Stockwater Rights

This form is used to report the stipulated elements of one "domestic and/or stockwater" right acquired under state law and/or one federal reserved water right and to amend the Notice of Claim. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; that they have been served with sufficient process, according to the law; and that they have appeared, prosecuted, and defended their positions with regard to this water right dispute.

The parties and IDWR agree and stipulate that the elements of this water right should be decreed as described per the attached Amended Claim. The parties and IDWR have further indicated their concurrence by initialing each of the attached pages.

RE: Change in Ownership of Water Right Nos. 84-10168, 84-10169, 84-10170, 84-10171,
84-10172 and 84-10173

Dear Mr. Eriksen:

This letter is a follow-up to our recent phone conversation regarding the ownership change for the water rights referenced above to the David James Eriksen & Sharon McKibben Eriksen Family Trust. I have completed a review of the place of use for each of the water rights.

The results of my review indicate that there is insufficient documentation to process an ownership change for water right nos. 84-10168, 84-10169, 84-10171 and 84-10173. I have prepared a map of the locations of the water rights as decreed and the locations indicated on the warranty deed submitted with your ownership change notice. I have also included a computer-generated report for each of those water rights. Because the Department cannot process the ownership change without proper documentation, we will hold any action on those water rights pending receipt of the necessary documentation.

Regarding water right nos. 84-10170 and 84-10172, the documentation you have submitted is sufficient to process the ownership change. You will be advised when the database records have been changed to reflect the new ownership.

Please note that water right owners are required to report any change in water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

Please feel free to contact this office if you have any questions.

RE: Change in Ownership of Water Rights 84-10168, 69, 71 & 73

Dear Mr. & Mrs. Eriksen:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

✓ **Legal Description of Property**

During our review of the documentation you submitted we found some discrepancies between that documentation and the legal description of the place of use for the water right(s) indicated in your notice. I have enclosed a copy of the water right decrees for your reference. Also enclosed is a copy of the deed you furnished.

Please note that water right owners are required to report any change in water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage (<http://www.idwr.state.id.us>) on the Internet to obtain the proper forms and instructions.

Please feel free to contact the Department if you have any questions.
