RE: Permit No. 86-07331

Dear Permit Holder:

Returned is a copy of the proof of beneficial use you submitted in connection with the above referenced permit. Unfortunately, the proof can not be accepted as filed.

The Department has determined, from pertinent sections of the Idaho Code, that the permit holder must meet two requirements in order to be exempt from the license exam fee. They are:

1. The water right must use a **groundwater** (well) source, **and**;
2. The rate of diversion must be .04 cfs or 4.0 AF or less.

As you can see, you do not meet requirement #1 since you use Nord Creek (surface) for your source. Therefore, a license examination fee of \$50.00 applies to the permit.

Please return the copy of the proof form and the license examination fee within thirty (30) days of receipt of this letter.

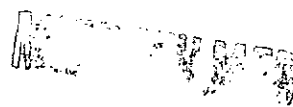

If you have any questions or if I can be of any further assistance, please feel to contact me.

Sincerely,

If your application is not protested, it will be forwarded to Boise for processing. Normal processing time is approximately 3 to 4 months, if the application is not protested. If your Application for Permit is protested, you will be sent a copy of the protest and instructions to aid you in resolving the protest without a hearing. All protests must be resolved before your Application for Permit can be approved. If the protest is not resolved, this Department will conduct a conference and/or hearing on the matter.

You will receive your approved Application for Permit and instructions on filing the Proof of Beneficial Use from our State Office in Boise.

If your Application for Permit is for a well (groundwater) that was constructed after July 1, 1987, you must apply for a well drilling permit upon approval of your Application for Permit if no permit was obtained by previous owners to construct the well. Well Drilling Permits can only be issued by this office to holders of approved Applications for Permit.

If I can be of further assistance, please feel free to contact me at this office.

Sincerely,
