Mr. Tom King

Dear Sir

I have completed the water Appropriation application.

My wife and I had the Salata County Assessor office help us complete the forms.

If there are any changes that you need to make in an application feel free to do so.

Sincerely Yours

Shawn Thompson

Re: Appropriation Application

Dear Applicant:

The Idaho Department of Water Resources has received your Application For Permit To Appropriate The Public Waters Of The State Of Idaho with the filing fee in the amount of \$30.00 and your SRBA Notice of Claim with the filing fee in the amount of \$25.00 for which receipt #N-005138 is enclosed. However I regret to inform you that the application is not acceptable in its present form, so I am returning it to you for clarification or completion of the following:

Item #3: The legal description of the point of diversion must be described by 10 acre parcel (for example ... SE1/4 NE1/4 SW1/4) Section, Township and Range as established by the public land survey. This item must reflect the same location as indicated on item #13. If you can not complete item #3, I may be able to do so from the map, upon your request.

Item #9: This item must be completed by listing the location of all proposed water uses to the nearest 40 acre tract. This may be done by following these steps: First insert Township (Twp.) Ranges (Rge.), Sections (Sec); next, identify each use and location of that use within the section by placing the indicated symbol in the appropriate box as shown below.

STOCKWATER = S; DOMESTIC = D; COOLING = L; FISH PROPAGATION = H;
RECREATION = R; COMMERCIAL = C; FIRE PROTECTION = F; INDUSTRIAL = I;
MINING = X; AESTHETICS = J; GROUNDWATER RECHARGE = E; WILDLIFE = W;
HEATING = G; MUNICIPAL = M; POWER = P;
IRRIGATION = (NUMBER OF ACRES TO BE IRRIGATED IN EACH 40 ACRE TRACT);

Twp.	Rge.	Sec	NE 1/4				NW 1/4				SW 1/4				SE 1/4				TOTALS
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
50N	04W	3	S	D	L	I	20	10	6										36

This example shows that within Township 50 North, Range 4 West, Section 3, there is Stockwater use in the NE1/4 NE1/4; Domestic use in the NW1/4 NE1/4; Cooling (L) in the SW1/4 NE1/4; Industrial in the SE1/4 NE1/4; and irrigation of 20 acres in the NE1/4 NW1/4, 10 acres in the NW1/4 NW1/4 and 6 acres in the SW1/4 NW1/4, for a total of 36 irrigated acres.

The property listed in this item must be the same property as shown on the map. If you can not complete item #9, I may be able to do so upon your request, if the required information is on the map.

Item #13: We have taken the liberty of providing a map of the section you indicated. The point of diversion and place of use must be labeled and the place of use must be outlined as well. The point of diversion and place of use must agree with items #3 and #9.

The Application must be completed and returned to this office with any other information you deem appropriate within 30 days of the above date. Failure to communicate with this office within that time may result in the voiding of your application.

If you have any questions or if I can be of any assistance please feel free to contact me at this office.

Sincerely,

Tom D. King
Sr. Water Resource Agent
