Dear Mr. Johnson:

We acknowledge receipt of your statement of completion of water development use for the above-referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We do not know at this time when he will be able to conduct the examination; however, the examiner will try to contact you at the time he makes the examination so that you may show him the system. If you will not be available to show the system, please provide this office with the name and address of someone who will be able to do so. Your permit will remain valid until the examination is made.

Also, enclosed is an order relating to the above-referenced permit.

If you have any questions concerning the field examination, please contact this office. Please be sure to use the above-referenced permit number in all future correspondence concerning this examination.

Dear Mr. Johnson:

Re: Permit No. 86-7165

In response to your letter submitted with the proof of beneficial use form, I'll explain the steps necessary to fulfill the water right process.

When a water right permit is approved, every permit has a condition that proof of beneficial use will be submitted at a certain in the future. This time period is used to construct the proposed project as outlined on the application. At the end of this period, the department sends a certified notice that proof is due.

The purpose of the proof is twofold. It indicate to the department that a water right has indeed been established and signals the department to conduct a field inspection for licensing purposes. Otherwise, the department assumes that the proposed project has been abandoned and those permits for which no proof or extension request have been received, are cleared from our records by lapsing. If a permit lapses before proof is received, then the permit can be reinstated with an advance in priority. Enclosed is a copy of the reinstatement order for this permit.

After the proof has been submitted, the next step is for the regional office in Coeur d' Alene to conduct a field inspection. I cannot tell you just when this will be done, but a representative will try to contact you before scheduling the exam or you can contact that office and schedule it. A field report will be completed and the recommendations for licensing will be forwarded to this office.

If you have further questions or concerns, please feel free to contact this office or our regional office at 765-4639.

Sincerely,

RITA I. FLECK
Secretary/Records Manager

Dear Mr. Lockston

In May of 1984 when my husband (Calvin Johnson) went up to Coeur d'Alene to file for our water rights, he filled out all the paper work & made a map, which you should have on file, and payed the \$30.00 needed to file for our water rights. Both Calvin and I (Linda) Johnson feel your department should stand behind the original agreement & the papers which Cal signed that he made up in Coeur d'Alene, Id. in May of 1984. Enclosed is the form, Proof of Beneficial Use, Form #217 with the information you needed, please process this & could you please send us back a letter stating the approval of our water rights.

Thank You

LAPSE NOTICE

RE: Permit No. 86-7165

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218a, Idaho Code, the above referenced water permit has lapsed. This office did not receive either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time. You were provided the proper forms in our proof due notice to you dated February 28, 1988.

Your permit cannot be reinstated unless you submit proof of beneficial use or submit an extension of time request showing reasonable cause for delay. Either the completed proof of beneficial use submittal (including the examination fee or a completed field examination report) or the extension request form together with the \$15 fee must be received by this Department within sixty days of the date of mailing of this lapse notice.

A proof of beneficial use form and a request for extension of time form are again enclosed for your use. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a governmental agency or by litigation which might bring title to the water in question.

Sincerely,

L. GLEN SAXTON
Chief, Operations Bureau

Dear Mr. Johnson:

Re: Permit No. 86-7165

Returned is the proof of beneficial use form submitted to this office on April 4, 1988.

For uses greater than one domestic and/or stockwater, there is a fee. In this case both the rate of diversion and the multiple domestic uses make it necessary for the department to request a fee of \$50 before accepting the proof of beneficial use form. Please return the fee promptly to keep the permit in good standing.

If you have any questions concerning this matter, please feel free to contact this office.

Sincerely,

RITA I. FLECK

Dear Mr. Johnson:

Re: Permit No. 86-7165

Returned is the proof of beneficial use form submitted to this office on March 9, 1988. Several items need to be addressed before the department continues processing this proof.

Please take a second look at the amount of water being diverted as shown on the form. The proof form shows 20 cfs of water is being used; that is about 900 gpm. I think you meant 0.20 cfs or about 90 gpm. This amount, however, is excessive for two domestic uses and stockwater. The department issues permit for 0.04 cfs per household and 0.02 cfs for a 100 head of stock for a total diversion of up to 0.10 cfs.

It is very difficult for me to determine the actual amount of water being diverted without a measurement. I can only guess at the water use. You, however, need to come up with a close guess. Based on that decision, compare the amount with the fee schedule on the back of the instruction sheet enclosed. If the diversion of water is for a use larger than one domestic and stockwater, or the total diversion of water is greater than 0.04 cfs, there is a fee. In this case, if a fee applies, the fee would be \$50.

Please adjust the total rate on the proof form and return the proof with the fee, if applicable, by May 1, 1988. If you have any questions concerning this matter, please feel free to contact me.

Sincerely,

RITA I. FLECK

PROOF DUE NOTICE

RE: Permit No. 86-7165

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before May 1, 1988. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a completed field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this Department on or before the above described proof due date, or the permit will no longer be of any force nor effect.

Sincerely,

RITA FLECK
Secretary/Records Manager

RE: Permit No. 86-7165

Dear Mr. Johnson:

We are in receipt of your letter dated May 25, 1984, in which you described that you commenced the construction of diversion works for the above-referenced permit on May 21, 1984. You requested that the Department reinstate your permit, in view of the fact that work did not commence within one year after the date of approval of the permit, which was May 16, 1983.

Based on the information submitted to the file, it appears that your permit will remain in a valid status. Please be advised that you will need to continue to develop the project identified on the permit with due diligence.

If you have further questions about this permit, please feel free to contact either this office or our Northern Regional Office in Coeur d'Alene.

Sincerely,

Dear Sir,

Department of Water Resources

I started construction of diversion work for reference permit #86-7/65 on May 21, 1984.

Due to weather conditions beyond my control the ground was too wet & muddy around the creek to start any excavation, but we were able to get into the pasture creek area on May 21, 1984.

I would like to petition the Department to reinstate my permit.

Thank you

RE: PERMIT NO. 86-7165

DEAR PERMIT HOLDER:

ENCLOSED IS A COPY OF YOUR APPROVED APPLICATION FOR PERMIT. WE DIRECT YOUR ATTENTION TO THE CONDITIONS OF APPROVAL ON THE FOURTH PAGE.

THE 1982 IDAHO LEGISLATURE ADDED A REQUIREMENT THAT AS A PERMIT HOLDER YOU MUST COMMENCE THE EXCAVATION OR CONSTRUCTION OF DIVERTING WORKS WITHIN ONE YEAR OF THE DATE THE PERMIT WAS ISSUED, AND YOU MUST PROCEED DILIGENTLY UNTIL THE PROJECT IS COMPLETED. THE ENCLOSED BLUE CARD MUST BE COMPLETED AND RETURNED TO THIS OFFICE AS SOON AS YOU COMMENCE CONSTRUCTION, NO LATER THAN ONE YEAR FROM THE DATE THE PERMIT WAS APPROVED.

WE HAVE ENCLOSED INSTRUCTIONS ENTITLED "MAKING PROOF OF BENEFICIAL USE". PLEASE READ THE INSTRUCTIONS CAREFULLY SINCE YOU MUST TAKE FURTHER ACTION TO DEVELOP THIS PERMIT INTO A LICENSE.
