Dear Mr. Spencer:

We are returning your Application for Permit for completion and statutory filing fee. To file the application, please complete the following items and return the application with the fee as outlined below:

1. Item #4 - AF/ANN is used only for stored water.
Since you are pumping from the river for direct irrigation, you must indicate the maximum quantity of water to be pumped in cubic feet per second. (An amount of 0.44 CFS is the maximum diversion rate allowable for 22 acres of irrigation. This is derived by 0.02 CFS per acre.)
2. Item #7 - Enter the time required to have the land cleared, the system installed and put to use irrigation the land.
3. Item #8c - Enter any other water rights you possess to irrigate the land. If none, please so indicate.

The filing fee is based on the amount of water that you plan to divert. A diversion rate of 0.0 CFS to 0.20 CFS requires a filing fee of \$30.00. A rate of 0.21 CFS to 1.00 CFS requires a fee of \$45.00.

Re: 86-7119

Dear Larry:

After checking with the State Office, we found that it is not possible to void the Proof of Beneficial Use once proof is actually due. Therefore, we are forced to let the exam stand as performed July 28th.

Our findings at that time were 12 acres under irrigation with a maximum discharge of 0.36 cfs. Since only 0.02 cfs may be appropriated per acre, the most we can license is 0.24 cfs.

Since you plan on developing more irrigation, it will not be a problem to cover the additional water of your system's capacity under the new application. I am enclosing a new application form and a map showing the acreage we are licensing under your present permit.

If you have any questions, please contact me at this office.

If you will not be available to show the system, please provide this office with the name and address of someone who will be able to do so. Your permit will remain valid until the examination is made.

If you have any questions concerning the field examination, please contact this office. Please be sure to use the above-referenced permit number in all future correspondence concerning this examination.
