Dear Mr. Paulson:

This Department has no permit with a number of 88709, nor can
we find a permit in your name.

I attempted to contact you at 476-7025, but the phone seems to
be out of order, since I can only get a busy signal.

If you hold a valid permit and you do not wish to examine the
system without an appointment, please contact this Department
again with a valid number. Permits in the Lenore area are
prefaced by 86-_____ or 85-_____.

If you need any assistance, please contact me at this office.

Dear Permit Holder:

We acknowledge receipt of your statement of completion of water development and use for the above-referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We do not know at this time when he will be able to conduct the examination, however, the examiner will try to contact you at the time he makes the examination so that you may show him the system. If you will not be available to show the system, please provide this office with the name and address of someone who will be able to do so. Your permit will remain valid until the examination is made.

If you have any questions concerning the field examination, please contact this office. Please be sure to use the above-referenced permit number in all future correspondence concerning this examination.
