We have begun processing your application for permit; however, you listed an amount of 0.20 cubic feet per second of water for domestic purposes. The maximum amount of water we can allow for one household is 0.02 c.f.s. Unless you can justify a need for more water, we will take action to reduce the quantity of water listed on your application.

Please contact our office within ten days from the date of this letter if more than 0.02 c.f.s. of water is needed. Feel free to let us know if there are any questions in this matter.
