Dear Mr. Holick:

In reply to your letter of August 17, 1978, a licensed water right is considered real property and is appurtenant to the land and the title to the water passes with the land title unless it is specifically withheld in the deed. Therefore, there is no provision in the Idaho Code for a change of name on a license.

Please refer to Water Right License No. 86-7056 (formerly No. 87-7014) and No. 86-7057 (formerly 87-7015) when inquiring about your water rights.

If I can be of further assistance, please feel free to contact me.

Gentlemen,

86-7057

I am writing with regard to water permits issued to DARREL S. BROWN with Identification Nos. 87-7014 & 87-7015. In Sept 1975 I purchased from Darrel Brown the property to which these water permits apply.

I am wondering if it is appropriate that I have these permits transferred to my name. If so, what is the procedure & cost of doing so.

Any other information which you deem to be helpful will be appreciated.

Dear Mr. Brown:

One of the conditions of approval of your water Permit No. 87-7014 & 87-7015 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before July 1, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
