License of Water Right No. 86-7012 Priority December 2, 1968 Amount 100 acre feet

THIS IS TO CERTIFY, that the CITY OF TROY, IDAHO
of Troy, Idaho, has complied with the terms and conditions of Permit
No. 86-7012 issued pursuant to Application for Permit dated November 25, 1968,
and has submitted proof to the Department of Water Administration on February 8, 1972 (late),
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 100 acre feet of water from Big Meadow Creek,
tributary to the Potlatch River, and that the permit holder has applied to a beneficial use &
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume

Sir:

At the Regular Meeting of the City Council of the City of Troy held March 7, 1972, the City purchased a master water meter and a new chlorinating system to be installed in the Water main before it reaches the City.

The Supplier Wallace & Tiernan Co. has promised delivery in six weeks, and installation should be done immediately after receipt of the Master meter.

This should make inspection available by May 1, 1972.

Gentlemen:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit. Enclosed you will find an Order of Reinstatement; please note that the priority has been advanced.

Before a license can be issued, a field examination must be made by a representative from this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you so that you may arrange to have someone show him the system.

You should be aware that if a measuring device is not installed at the time of the field examination, this permit will be subject to cancellation for failure to comply with the conditions of approval.

Dear Mr. Higginson,

I am enclosing our City of Troy's proof of application of water to beneficial use' form which has been completed. The permit had already expired before it came to my attention that such a form existed. This is probably one of the weaknesses of the transition period for newly elected officials.

Please consider this letter to be our application for re-instatement of our water useage permit. This water supply represents the city water source and is essential for the benefit of the City of Troy. We are aware of your ruling that the water flow must be metered and intend to install such a meter as soon as the weather permits. At the present time our city employees are struggling to keep ahead of the snow conditions on a daily basis. If anything further is required from us please let me know.

Sincerely yours,

Patrick J. Nunan

Gentlemen:

One of the conditions of approval of your water Permit No. 86-7012 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before February 1, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Re: Application for Permit
Claims of Water Rights

The Honorable E. T. Strom
Mayor of the City of Troy
City Hall
Troy, Idaho

Dear Mayor Strom:

We are returning your city's check No. 1619 in the amount of \$60.00 and your application to appropriate the public waters of the State of Idaho along with your four (4) claims of a water right. Before we can accept and process the application for permit, we must have a specific month and day in the spring to a specific month and day in the fall in which the municipal use will be used.

You have listed a year to year use, therefore, we assume that this would be January 1 to December 31 of each year. If this is satisfactory, please initial the change on your application.

Each of the claims to a water right filed in behalf of the city must list a specific priority date of month, day, and year with a quantity of water which must also be identified with each claim. A specific period of use during each year in which the water will be used is also required. Example: January 1 to December 31 for municipal use.

Please make the necessary changes before returning each of the claims. If we can be of further assistance, please contact this department.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner
