Dear Mr. Laws:

I am returning your Check No. 92-191 in the amount of \$30.00 and your Application for Permit for additional information. If you can add the information to the application and return the application and fee to this office within 30 days of the above date, your proposed priority date of January 21, 1983, will not be affected.

Since you are applying for storage, please show the reservoir capacity and the dam height in Item No. 6b. If the reservoir is an excavated pond with no dam, please show this in Item No. 6a.

In Item No. 8c, please list any other water rights you possess for irrigation or recreational purposes. If you currently have no other water rights for these purposes, please state "none".

A water right cannot, in the State of Idaho, be developed in trespass nor does a permit grant access, easement or right of way upon or across the lands of another. Since you indicate in Item No. 9a that SG's, Inc. owns the property at the point of diversion, you must show in Item No. 9c the arrangements you have made with that firm, which allows you access to the spring.

If you have any questions, please contact me at this office.
