Dear Mr. and Mrs. Lyons,

I am returning your Claim to a Water Right along with your check #92-31 for a few corrections.

First, in item 2 the stream to which the spring is tributary must be entered. If the spring overflow sinks back into the ground before reaching a stream, "sinks" should be entered.

Next, in item 4 the total quantity of water needs to be entered. Also, the legal description in item 6 indicates the place of use as the NWNW section 31 while the map indicates the NENW. Please correct whichever is in error. I have indicated in pencil the correct box in item 6 to enter the information if the place of use is the NENW.

Finally, the number of houses using domestic water should be given in item 6(B).

If you have any questions or need any help, do not hesitate to call me.

Sincerely,

Lawrence D. Beard
