RE: Claim No. 86-4077

The filing and advertising of the claim does not confirm the water right claimed, but will serve to record and preserve the information and the evidence which you included in your claim.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included with the claim, you may have that information or evidence added at any time. Please refer to the claim identification number when corresponding with this office.

We are enclosing a copy of your claim for your records. If you have questions, or if this office may be of further assistance, please feel free to contact us.

Dear Applicants:

Pursuant to my phone conversation with Laura Lee, I am returning your two claims and application along with your check No. 92-124 in the amount of \$90.00 for some corrections.

First, it is necessary to complete the forms in ink. Also, it is not necessary to file a claim on a single family domestic well. It could be useful to file if you submit affidavits along with the claim form to substantiate your claim. Otherwise, there is no real advantage to filing.

On your other claim, there are some changes needed. In Item No. 2, "unnamed stream" would be more accurate than "runoff water". In Item No. 3, the correct method of entering the quantity is somewhat complicated, so I have taken the liberty of filling it in for you.

In Item No. 4, on your application, I have also completed the quantities to the best of my ability.

I have also included a blank claim form if you desire to file on your domestic well.

Please check the information for accuracy, particularly the legal descriptions and return the forms along with the correct fee. If you have any questions, please contact me at this office.

Sincerely,

LAWRENCE D. BEARD
Engineer in Training
