Application for Permit

George F. Brocke & Sons, Inc.
Kendrick, Idaho

Attn: George Brocke, Jr.

Dear Mr. Brocke:

Enclosed is your application for permit to appropriate water from Potlatch Creek.

The amount of water claimed is one cubic foot per second and the land list shows only 12 acres to be irrigated. The State Statutes limits the amount of water to one cubic foot per second for 50 acres, or 0.24 cubic feet ~~per acre~~ for 12 acres.

The point of diversion does not describe the corner but shows the SE $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$, the land list shows the land in SE $\frac{1}{4}$ SE $\frac{1}{4}$, and the map shows the land in SE $\frac{1}{4}$ SW $\frac{1}{4}$, all in Sec. 16. We show Section 16 on one map. Kindly show the river on that with the location of the land to be irrigated.

At top of page two the time to complete the work and prove beneficial use of the water should be shown. Under 12, the time should not be for less than one year, or more than 5 years, and under 13, the time can be 0 years to 6 years.

The fee to accompany the application is \$5.00 for up to one cubic foot per second plus \$0.25 for each additional cubic foot per second or fraction thereof.

Very truly yours,

GEO. H. CARTER
State Reclamation Engineer

RE: Permit No. 86-2027

George F. Brocke & Sons Inc.
Kendrick,
Idaho 83537

Gentlemen:

A representative of this Department made an examination of the works covered by your Permit No. 86-2027 and has found the following:

Amount of water that can be recognized as beneficially used under
Idaho law: 0.19 cfs Source: Potlatch River

The maximum quantity diverted shall not exceed 33.0 acre feet
per year.

Point of diversion: NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 21, Twp. 38N, Rge. 2W, Latah County

Beneficial use: Irrigation of 11 acres within the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 21; SE $\frac{1}{4}$ SW $\frac{1}{4}$,
Sec. 16; Twp. 38N, Rge. 2W

Priority date established: August 10, 1959

In order for the Department to issue the above license, it will be necessary for you to amend the permit to correspond with the findings of the field examiner. We are enclosing a partially completed amendment form for your use in this matter.

Please sign the amendment application and return it to this office along with a \$20.00 filing fee within 30 days in order that we might issue your license as set forth above. If you do not concur with these findings or have any questions, please contact us within the 30-day period.

Sincerely,

Gentlemen:

Representatives of this Department have contact you at various times over the past 10 years in an attempt to examine your irrigation system. This examination must be made before a license can be issued. If you do not contact this office to set an appointment to examine the system during the 1982 irrigation season, I will have no recourse but to initiate cancellation proceedings.

The system must be in operation during the examination, so please contact this office at least one week prior to the date you plan to use the system.

Gentlemen:

We acknowledge receipt of your affidavit submitted as proof of beneficial use for permit 28097.

This is to advise that although you submitted proof on 16 acres in the S $\frac{1}{2}$ SW $\frac{1}{4}$ of Sec. 16, T. 38 N, R. 2 W, B.M., permit 28097 can only be licensed for 11 acres in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 16. If you wish to have the permit cover the additional 6 acres, please complete the enclosed application for amendment and submit it to the Department along with a \$5.00 filing fee.

Before a license can be issued you must submit an affidavit of publication to this department. The affidavit may be obtained from the Kendrick Gazette of Kendrick, Idaho.

Also required prior to the issuance of the license is a field examination. This will be made by a representative of this department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system. If someone other than yourself should be contacted by the examiner, please advise.

Re: Permit No. 28097

George F. Brocke & Sons, Inc.
Kendrick,
Idaho

Gentlemen:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Donald W. McEldowney

Re: Permit No. 28097

George F. Brocke & Sons, Inc.
Kendrick,
Idaho

Gentlemen:

One of the conditions of the approval of your permit
28097 was that proof of application of the water to
beneficial use be submitted to this office on or before _____
August 14, 1969.

Enclosed is an affidavit form which must be used to submit
this proof. You may request an extension of time provided the
delay is for reasonable cause as indicated in Section 42-204, ICA.

Either the proof or a request for extension must be received
by this department on or before the above mentioned date, otherwise
the permit will lapse and be of no further force or effect.

Re: Permit No. 28097

Dear Mr. Tappan:

We received notice by certified mail today to the effect that we had not sent in proof of completion of works affidavit on our irrigation project on our farm operations.

The writer was to deliver these papers to you at the time of the special session of the legislature, when I was in Boise, the later part of July. Somehow I overlooked taking the papers along, and they were misplaced, and not found until we received your notice.

Trusting that this explanation is ample reason for the delay in returning the proof of completion of works affidavit, and that our permit will not be canceled.

Thanking you, we remain,

Sincerely yours,

George F. Brocke & Sons, Inc.

It appearing to the State Reclamation Engineer that the terms and conditions of Permit No. 28097
to appropriate the Public Waters of the State of Idaho, have not been complied with as to

Completion of Works Proof which was due August 14, 1964

you are hereby notified in compliance with Sec. 42-311, Idaho code that said Permit No. 28097

is hereby held for cancellation.

You are hereby required to show cause before the State Reclamation Engineer on or before forty days from
date of this notice why said Permit should not be cancelled.

Said Permit No. 28097 claims the use of 0.24 cubic feet per second of the
waters of Potlatch River with point of diversion located
SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 16., Twp. 38 N., Rge. 2 W.B.M. and
was approved August 14, 1959

In Witness Whereof, I have hereunto set my hand and affixed the seal of my office at Boise, Idaho, the

PROOF OF COMPLETION OF WORKS

Boise, Idaho

June 2, 1964

Re: Permit No. 28097

George F. Brock & Sons, Inc.
Kendrick, Idaho

Dear Sirs:

Under the terms of your Permit No. 28097 you are required to complete your diversion works on or before August 14, 1964. I enclose blank affidavit to be filled out, sworn to by you before a Notary Public, or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

CARL E. TAPPAN

State Reclamation Engineer

Application for Permit

George F. Brocke & Sons, Inc.
Kendrick, Idaho

Attn: George Brocke, Jr.

Dear Mr. Brocke:

Enclosed is your application for permit to appropriate water from Potlatch Creek.

The amount of water claimed is one cubic foot per second and the land list shows only 12 acres to be irrigated. The State Statutes limits the amount of water to one cubic foot per second for 50 acres, or 0.24 cubic feet ~~per acre~~ for 12 acres.

The point of diversion does not describe the corner but shows the SE $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$, the land list shows the land in SE $\frac{1}{4}$ SE $\frac{1}{4}$, and the map shows the land in SE $\frac{1}{4}$ SW $\frac{1}{4}$, all in Sec. 16. We show Section 16 on one map. Kindly show the river on that with the location of the land to be irrigated.

At top of page two the time to complete the work and prove beneficial use of the water should be shown. Under 12, the time should not be for less than one year, or more than 5 years, and under 13, the time can be 0 years to 6 years.

The fee to accompany the application is \$5.00 for up to one cubic foot per second plus \$0.25 for each additional cubic foot per second or fraction thereof.
