INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

AFFIDAVIT OF PUBLICATION

W.L. McCreary

being first

duly sworn, deposes and says: I am Publisher of the KENDRICK GAZETTE, a newspaper of general circulation, published weekly at Kendrick, Latah County, Idaho; that the said KENDRICK GAZETTE is an established paper and has been published regularly at least once a week for more than 78 consecutive weeks next immediately preceding the first publication of this notice, and has been so published uninterruptedly for said period.

That the Notice Of Proof Application of Water to Benefic. use

attached hereto and which is made a part of this affidavit, was published in said KENDRICK

GAZETTE 4 consecutive times, the first publication thereof being on the 2nd

day of June, A. D.

1955 and the last publication thereof being on the 26th day of June

A. D. 1955, and that the said Notice of

Proof Application of Water

was published in the regular and entire issue of the said newspaper and not in a supplement thereof and was so published in every issue and number of said paper, during the period and the times of publication as set forth above.

W. L. McCreary

Subscribed and sworn to before me this, the

23rd day of June, 1955

Frank Barton

Notary Public.

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 7th day of July, 1955, at Kendrick, County of Latah, State of Idaho, before Frank Barton, a notary public, proof will be submitted of the application to beneficial use of 0.573 cubic foot per second of the waters of Middle Branch Potlatch Creek in accordance with the terms and conditions of Permit 25029 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Adrian Johns and Viola Johns, husband and wife, Juliaetta, Idaho.

The use to which said water has been applied is Domestic purposes, and stock watering and irrigation.

The amount applied to beneficial use is 0.573 cubic foot per second.

The place where said water is used Lots 10, 11, 12, Block 15; Lots 1, 2, 3, 4, 5, 7, 8, 9, 10, 11, 12, Block 17; Lots 3, 4, 5, 6, 7, 8, Block 18; Lots 1, 2, 3, 4, 5, 6, Block 19; all in Original Juliaetta, Idaho, according to the recorded plat thereof; and Lots 21, 22, 23, 24, 25, 26, 28, of Pleasant Home Addition to Juliaetta, Idaho, according to the recorded plat thereof.

The name of the canal or ditch or other works by which said water is conducted to such place of use is None.

The right to take water from such works is based upon Permit No. 25029.

The source of supply from which such water is diverted is Middle Branch Potlatch Creek.

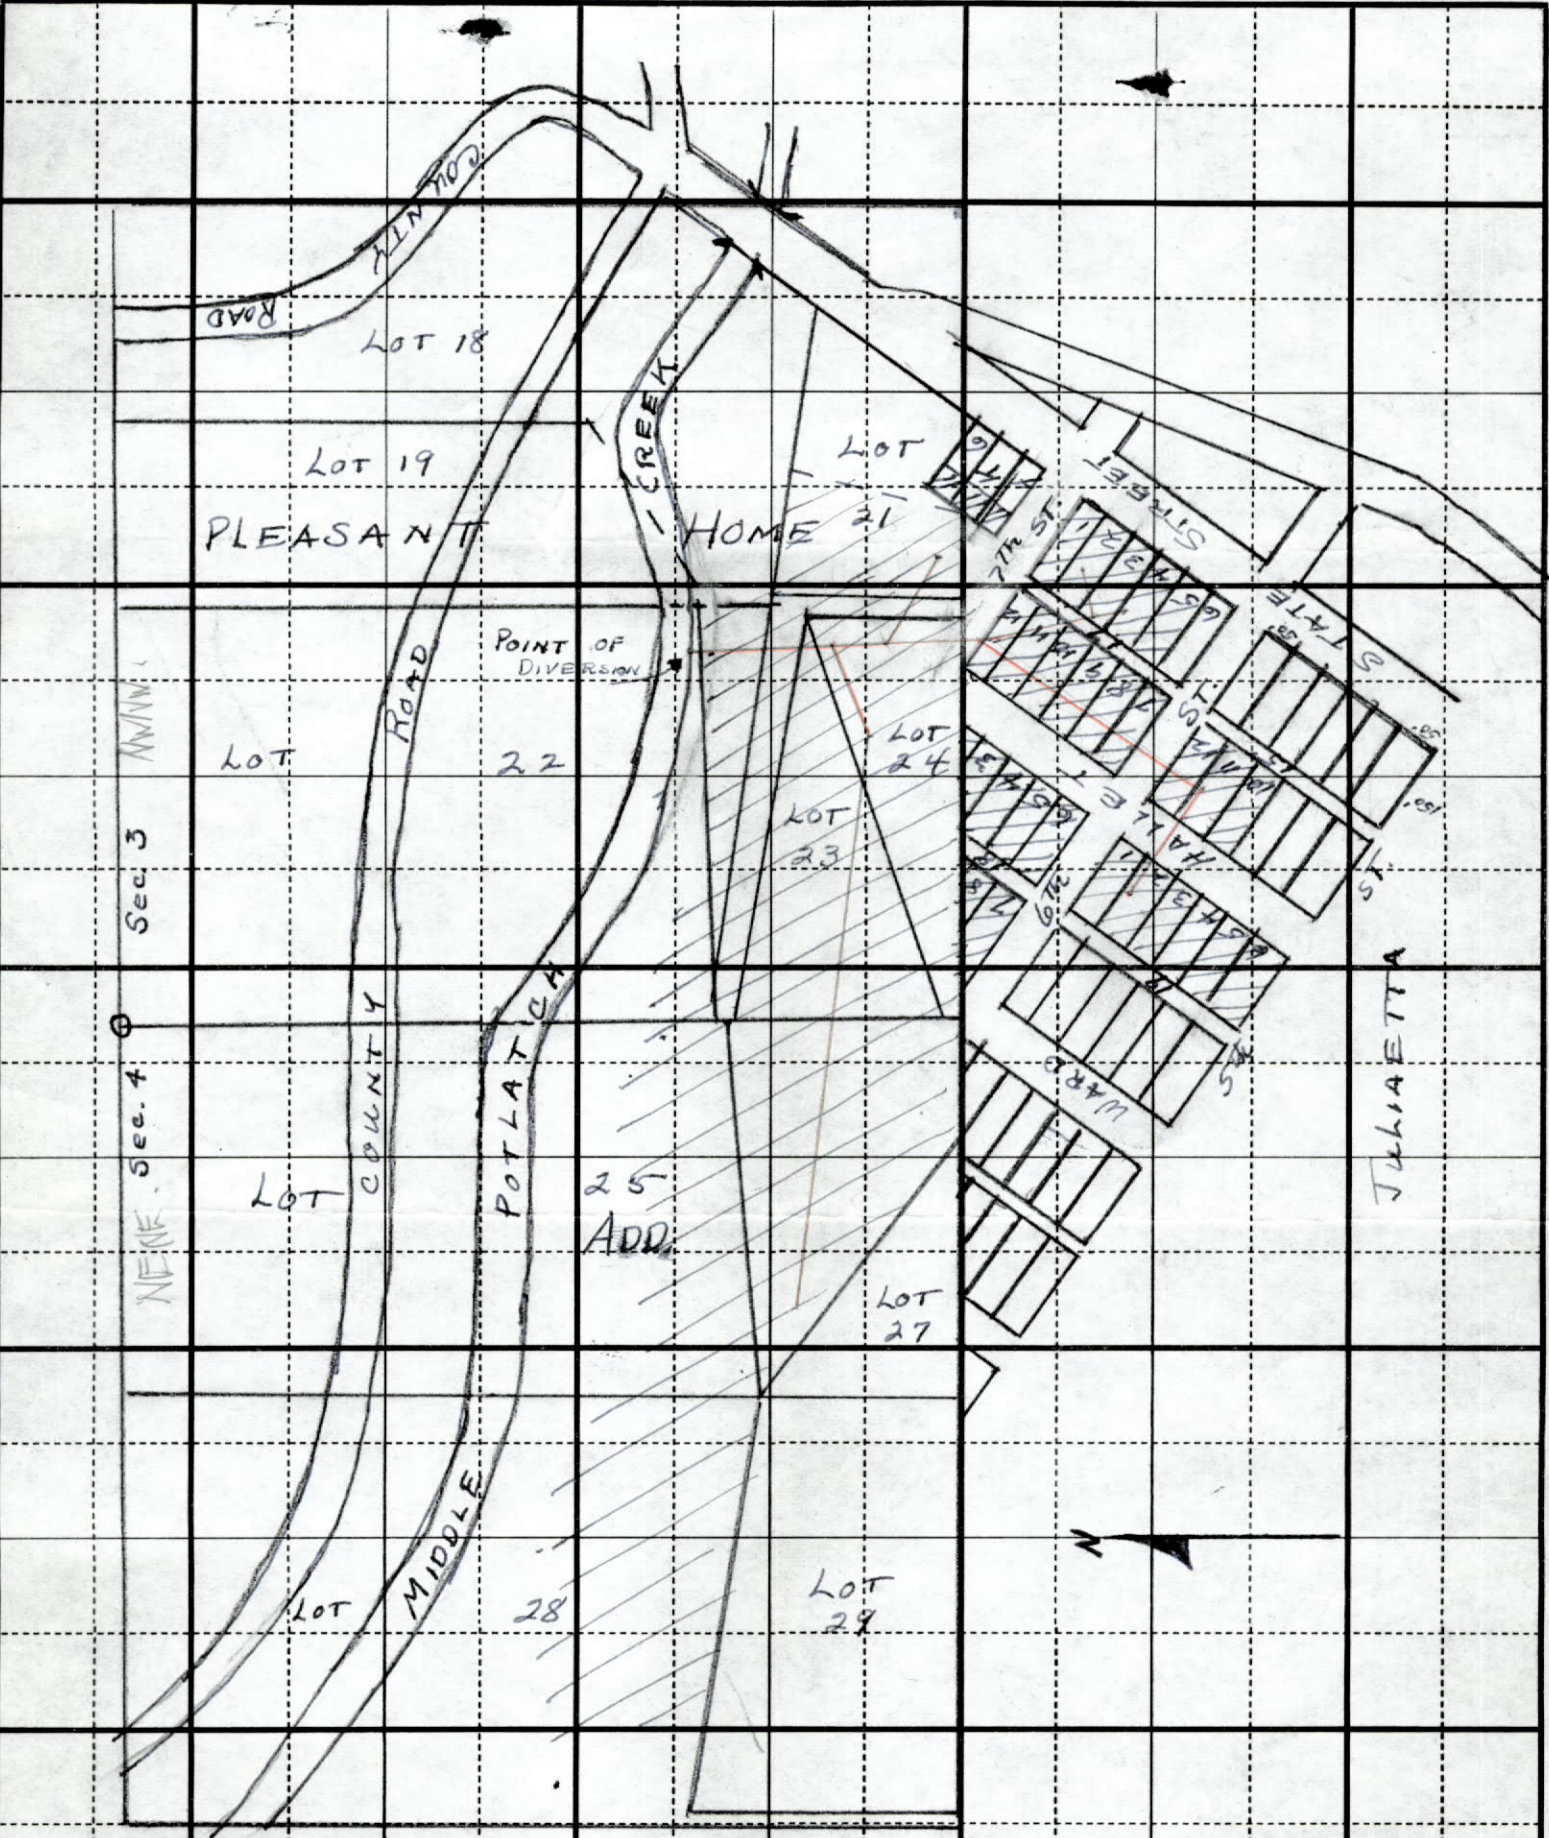

The date of priority which said user is prepared to establish is June 3, 1954.

MARK R. KULP,
State Reclamation Engineer.

Re: 86-2021

Dear Mrs. Johns:

I have checked License No. 86-2021 (formerly 25029) and found that it has a rate of diversion of 0.14 cfs of water from the Middle Fork of Potlatch Creek for the purposes of domestic, stock and irrigation of up to 14 acres. If this license reflects your present water use, then you have conformed with Idaho Code 42-242, which requires filing of all water rights.

I regret that I cannot send you a copy of this license, but the micro-film printer will not produce a legible copy. If you request a copy of License No. 86-2021 from our Boise Office, I am certain they will gladly send one to you. The address is Idaho Department of Water Resources, Statehouse, Boise, Idaho 83720.

If we can be of any further service, please contact this office.

Sincerely,

TOM D. KING
Senior Water Resource Agent

Northern Region Ida - Dept. of Water Resources -

Route #5 Box 203

Coleman D'Alene Ida - 83814

Dear Sis:

I received a water rights notice some time ^{in my electricity bill} ago and I am worrying about my water right.

I have a copy of a letter from Mark R. Kulp - State Reclamation Engineer to our attorney Frank V. Baston of Lewiston Ida. which reads - Dated Oct. 12 - 1955.

The report of our field engineer on examination for completion of works and beneficial use on Permit No. 25029 of Adrian and Viola Johns shows that 14 acres have been irrigated in - (property description) ^{at} Certificate of Completion of works & Licence can be issued for 14 in-water etc. upon receipt of \$5.00 statutory fee & \$6.00 license fee -

Doesn't this mean that my water permit is already on file? My husband is deceased & I don't seem to have any other thing on this permit. Would you please tell me if my water Permit is registered all right - & if you can not tell me please let me know how I can find out for sure about this -

Thank you -

Viola Johns

Mrs. Adrian Johns
Juliaetta, ID 83535

Dear Mrs. Adrian Johns:

Enclosed is a copy of your licensed right No. 86-2021 as requested in your letter of February 16, 1982.

In reply to your question, a licensed right is considered real property and is appurtenant to the land. In the event you sell the land, the title to the license passes with title to the land unless it is specifically reserved in the deed. I might add, there is no provision in our statutes to change the name on the licensed right to that of a new owner.

If you have any additional questions or need further assistance, please feel free to contact us.

Sincerely,

Roberta Garrett
Records Supervisor

Feb. 16 - 1982

RECEIVED

FEB 19 1982

Department of Water Resources

Idaho Dept. of Water Resources
State House

Boise Idaho 83720

Dear Sir:

In my domestic water bill notice some time ago I received a notice that those using water from creeks & etc. for irrigation should be sure their permit was registered with the State Water Dept. I wrote to Mr. Tom King, Senior Water Resource Agent of Coeur d'Alene Idaho & gave him the number of my permit # 86-2021 and asked him about authorization of my permit. He said he checked.

Licence no. 86-2021 (formerly 25029) & found that if this licence reflects our present water use, then we have conformed with Idaho Code 42-242 which requires filing of all water rights. He said he could not send me a copy of the licence because of microfilm printer difficulty but that I might write to you and request a copy. Would you please send me a copy as if I ever did have one - I do not have one now.

Also I am a widow & I am selling the home place to my son Douglas. Does the water right automatically go with the place or does he have to do something so that he will have the right for the water use from the Middle Fork of Potlatch Creek?

Thank you for your help in this matter for me I appreciate it -

Yours truly,

Mrs. Adrian (Viola) Johns

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

86-2021

APPLICATION No. 32846
 PERMIT No. 25029
 DISTRICT No.

1. Name of Applicant: ADRIAN JOHNS and VIOLA JOHNS (Husband and wife)

Postoffice address: Princeton

County: Latah

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(a) Cash on hand:

(c) Bonds to be issued:

(b) Treasury stock:

(d) Other resources:

.433 c.f.s.

watering .14 c.f.s.

2. Quantity of water claimed: Irrigation, domestic and stock/cubic feet per second.

3. Source of water supply Middle branch Potlatch Creek which is a tributary of Clearwater River

4. Location of point of diversion: Upstream 75 feet distant from the S W
 of Lot 19, Pleasant Home Add, to Juliaetta, Idaho,
 corner of Section , T. , R. , B. M., and is in the NW 1/4
 of Section 3 , T. 37 N. , R. 3 W. , B.M., County of Latah

5. Water is to be used for Irrigation, domestic and stock watering purposes

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B.M., in the
 of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 1,000.00

8. Kind of works: Pumps, pipes, hoses and ditches

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe Two- 1 1/2 and 3/4 inches; length of conduit Approx. 1/2 miles.

Average grade per mile feet.

12. The time required for the completion of such work is One years.

13. The time required for the complete application of the water to the proposed use is None additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: Have been appropriating water from this source and using same for irrigation and domestic purposes on this land since 1943.

16. (a) Is reservoir to be used? **No** If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

RE: Permit No. 25029

Mr. Leland G. Marvin
C/o Daniel A. Quinlan
Weisgerber Building
Lewiston, Idaho

RE: Permit No. 25029
Protest.

Dear Mr. Marvin:

Leland G. Marvin made protest against the statements of Adrian Johns and Viola Johns in proof of application to beneficial use of public water under Permit No. 25029.

Departmental inspection of the development works under Permit No. 25029 shows that the requirements of the law have been met by Adrian Johns and Viola Johns and that 0.14 cubic foot per second of water has been put to beneficial use under said Permit.

License will, therefore, be issued to Adrian Johns and Viola Johns for 0.14 cubic foot per second of the waters of Potlatch Creek for domestic, stock watering and irrigation use on 14 acres in Sections 3 and 4, Township 37 North, Range 3 East, B.M. with a priority of June 3, 1954, and as the right to the use of the water under this license is subject to all prior rights, the protest of Leland G. Marvin is dismissed.

Anyone feeling himself aggrieved by this determination or dismissal of protest may appeal to the District Court within sixty (60) days as outlined in Section 42-224, Idaho Code.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. 25029

Mr. Frank V. Barton
Carssow Building
Lewiston, Idaho

Dear Mr. Barton:

The report of our field engineer on examination for completion of works and beneficial use on Permit No. 25029 of Adrian and Viola Johns shows that 14 acres have been irrigated in the NE 1/4, and SW 1/4, Section 3; and the NE 1/4, Section 4, Township 37 North, Range 3 West, B.M.

A Certificate of Completion of Works and License can, therefore, be issued for 14 inches of water from the Middle Fork Potlatch Creek upon receipt of the statutory fees which amount to \$5.00 for completion of works and \$6.00 license fee.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 25029

This proof is for Completion of Works & Beneficial Use In Water District No.

1. Name of applicant. Adrian & Viola Johns, Juliaetta, Idaho
2. Source of water supply: Middle fork Potlatch River
3. Location of point of diversion: Is in the Lot 19, pleasant Home Add to Juliaetta, Idaho, in 3 & 4 of Section 3 & 4
T. 37 N. R. 3 W. County of Latah

4. Describe works as they exist, giving dimensions and capacities of same: This system has a small motor (size not given) and centr. pump. It takes precariously to a steep hillside bank on N. side of creek approx. 20' above stream. 2 1/2" pipe to stream. Two inch main line up across the lower section of the field and to a relift pump. Relift pump is 3 hp. A 2" portable Al. line extends up from relift pump.

5. Water is used for: Domestic, stock & irrigation purposes.
6. State whether or not water has been turned into works of diversion: yes.

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Lots 10, 11, 12, Block 15;

Lots 1, 2, 3, 4, 5, 7, 8, 9, 10, 11, 12, Block 17;

Lots 3, 4, 5, 6, 7, 8 Block 18;

Lots 1, 2, 3, 4, 5, 6 Block 19;

Original Juliaetta;

Lots 21, 22, 23, 24, 25, 26, 28;

Pleasant Home Addition to Juliaetta.

In Sections 3 and 4, Twp. 37 North, Range 3 West, B. M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Potlatch to Clearwater

Remarks:

Pipes are mostly too small
main is buried.

System not operating. Water not measured.

Talked to Leland Marvin. He has changed his P.D. to the main Potlatch and says to forget about his protest as he has no further interest in it.

This examination was made on the 27 day of Sept, 19 35

(Signed) E. N. Humphrey Examiner.

23 = 3.39 a.
26 = 2.65 a.

Lot 28 58 River = 8.03 a
" 22 " " = 5.40 a.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. 25029

Adrian & Viola Johns
Juliaetta
Idaho

Dear Mr. and Mrs. Johns:

An inspection is required by law in connection with any Permit being brought to license in the State of Idaho.

I intend to make inspection in connection with your Permit No. 25029 on Tuesday, September 27.

Please be prepared to accompany me on this inspection.

Yours truly,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 25029

Dear Mr. Kulp:

I have on this date contacted Mr. Adrian Johns regarding the above matter, and he advises me that no examination of his system has been made as was contemplated.

Mr. Johns has further advised that his trips to California have ceased and that he will be available at most any time to accompany the field engineer on the examination.

We are anxious to dispose of this matter as soon as possible, and we therefore respectfully request that the necessary action be taken to accomplish the examination. Any information relative to when the examination may be expected will be appreciated.

Awaiting your reply, I am

Very truly yours,

Frank V. Barton

July 15, 1955

RE: Permit No. 25029

Mr. Frank V. Barton
Carssow Building
Lowiston, Idaho

Dear Mr. Barton:

The usual procedure in case of a protest against the issuance of a license under a permit is to make the statutory examination and if there is no validity to the protest, it is dismissed and the license issued.

If a hearing is needed to determine the facts, both parties are notified of the time and place.

The State Department of Reclamation is an administrative agency and does not pass on legal questions.

If your client has any answer to the protest, the answer will be considered with the protest after the field examination.

The field engineer usually arranges before hand in making inspections as it is desirable to have the applicant present at the examination.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

State of Idaho
Boise, Idaho

Attention: Mrs. Jeanne L. Anderson

Re: Permit No 25029

Dear Mrs. Anderson:

Reference is here made to your letter under date July 11, 1955, and the statement of protest therein enclosed.

Your letter did not elaborate on the matter of what effect, if any, the above protest may have on the application for license by Mr. and Mrs. Johns; therefore, we request that you advise us on this matter.

In connection with the protest I am of the opinion that the protest is one against the issuance of the license and that therefore the protest is not timely made under the statute which states that the protest must be filed with the Department of Reclamation "on or before the date set for" the submitting of the proof of beneficial application. The statement of protest is dated the "7th day of July, 1955", and thus discloses on the face thereof that it was not filed on or before the date of the hearing which was on July 7, 1955. If you desire and consider it proper that I submit a motion for dismissal of the protest for the above reasons, kindly advise.

For at least two reasons the statement of protest is believed to be subject to rebuttal. In the first place Mr. Leland G. Marvin is believed to have taken possession of his premises, located downstream from Mr. Johns, on or about the first part of February, 1955, and he could not have been removing water from the stream since the date alleged, July 1, 1954. In the second place, as recited under item 15 of Mr. John's application for permit, Mr. Johns has been appropriating water from the same source, for the same purposes and for the same land as recited in said application since the year 1943. During

25029

the past two years Mr. Johns and from two to three other users have taken water from the stream for irrigation and stock watering and no shortage of water has been indicated and no complaints in this particular have been known.

Your letter recites that the field engineer will contact Mr. Johns at the time he makes the examination. In this particular you are advised that Mr. Johns expects to be absent from his residence during the next few weeks for periods and at times which are not known to him at this time. These absences will arise by reason of his contemplated trips to California to obtain truck loads of produce. For these reasons it is requested that the engineer make advance arrangements with Mr. Johns regarding the examination of the irrigation works. It is felt that it will be beneficial to all concerned to have Mr. Johns explain the system to the engineer.

Awaiting your reply, I am

Very truly yours,

Frank V. Barton

RE: Permit No. 25029

Mr. Frank V. Barton
Carssow Building
Lewiston, Idaho

Dear Mr. Barton:

We acknowledge receipt of your letter of July 8 enclosing affidavit of Adrian Johns in proof of completion of works on Permit No. 25029; also depositions of Adrian and Viola Johns and two witnesses together with affidavit of publication in the Kendrick Gazette all submitted in proof of beneficial use on the same Permit.

These proofs are acceptable but before final action is taken in the matter the law requires an examination by a field engineer from this department.

We enclose copy of a protest filed by Leland G. Marvin in connection with these proofs and the entire matter will be given full consideration by this Department.

We are not sure when this field examination will be made but our field engineer will try and contact Mr. Johns at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 25029

Dear Mrs. Anderson:

Pertaining to the above numbered permit of the appropriation of water, please find enclosed the Proof of Completion of Works and the Depositions of the Holders and Witnesses, together with the Affidavit of Publication of Notice.

Many of the questions in the Depositions directed to the matter of estimating the out-put of the irrigation system, were a little too technical for the witnesses, in that they did not have sufficient experience to qualify them to make estimates on the number of second feet of water being conducted through the system and being used. However, the witnesses did the best they could in giving estimates of the fact that Mr. and Mrs. Johns have applied the water to beneficial use.

We trust that the enclosures will be sufficient to warrant the issuance of the permit.

Very truly yours,

Frank V. Barton

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 25029

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Adrian and Viola Johns, Juliaetta, County of Latah, Idaho,
Truck driver and farming.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. not applicable

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 25029; June 30, 1954; June 3, 1954

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Middle Branch Potlatch Creek; 75' upstream from the SW corner of Lot 19, Pleasant Home Addition to Juliaetta, Idaho

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Diversion works: pump, pipes, hoses and ditches; works is capable of 40 gallons per minute; name of canal, ditch or other works is none; Discharge of pump is one inch determined by outlet of 1 inch in diameter. Number of sprinklers is eight to ten; heads believed to be 5 gallons per minute on each sprinkler; operating pressure estimated 50 pounds.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water has been used for irrigation and stock watering. It has been used for irrigation on Lots 10, 11, 12, Block 15; Lots 1 thru 5 inclusive and 7 thru 12 inclusive of Block 17; and Lots 3 thru 8 inclusive of Block 18; Lots 1 thru 6 inclusive of Block 19; all of Original Juliaetta, Idaho, according to the recorded plat thereof; and Lots 21, 22, 23, 24, 25, 26, 28 of Pleasant Home Addition to Juliaetta, according to the recorded plat thereof; the subdivisions where the above land is located and the acreage irrigated is: Section 3, SW of NW (5.66), SE of NW (1.23), NE of SW (.50), NW of SW (3.85); Section 4, SW of NE (4.03), SE of NE (6.38). The land is cultivated land and has been for sometime.

25029

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. The only other purpose has been stock watering; watering cows kept for our own use.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 14 cu.ft. per second.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. not applicable

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. When: On or about the 15th to 20th of June, 1955; How: by use of the pump, pipelines, hoses, and ditches and by use of sprinklers; Amount diverted has been .573 cubic feet per second as near as can be determined. The water diverted has been used for stock watering and for irrigation.

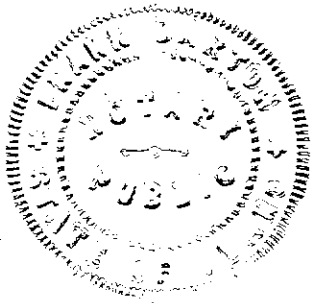

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign)

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Kendrick, County of Latah, State of Idaho, on this 7th day of July, A. D. 1955.

BOISE, IDAHO

PERMIT NO. 25029

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Ira W. Havens, 72, Juliaetta, Idaho; retired; post office address
Juliaetta, Idaho

Ques. 2. Are you acquainted with Adrian Johns and Viola Johns, the holder of Permit No. 25029? How long have you known him and where does he reside?

Ans. Known them about 20 years. They reside at Juliaetta, County of
Latah, Idaho.

Ques. 3. Have you read or heard read said Permit No. 25029, and are you familiar with its provisions and conditions?

Ans. Yes I have heard it read but I have not studied the particulars.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Middle Branch Potlatch Creek; 75' upstream from the SW corner of
Lot 19, Pleasant Home Addition to Juliaetta, Idaho
Works for diversion are pumps, pipes, hose and aprinklers.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Estimated capacity: I am not able to state definitely how much it
will carry or how much it is carrying.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Stock watering and irrigation. Water used for irrigation on Lots 10,
11, 12, Block 15; Lots 1 thru 5 inclusive and 7 thru 12 inclusive of Block 17;
and Lots 3 thru 8 inclusive of Block 18; Lots 1 thru 6 inclusive of Block 19;
all of Original Juliaetta, Idaho, according to the recorded plat thereof; and
Lots 21, 22, 23, 24, 25, 26, 28 of Pleasant Home Addition to Juliaetta, accord-
ing to the recorded plat thereof; the subdivisions where the above land is lo-
cated and the acreage irrigated is; Section 3, SW of NW (5.66), SE of NW (1.23)
NE of SW (.50), NW of SW (3.85); Section 4, SW of NE (4.03), SE of NE (6.38)

25029

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent. .

Ans. None

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land has not been reclaimed and was cultivated prior to the application of the water to the land.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. On or about June 20, 1955, I was personally on the land to which this permit pertains and saw the water being applied in that there was at that time at least eight sprinklers in operation over the whole of the described land. I saw the system of pipes for the conducting of the water. I am not experienced in the measuring of water on this matter, and I therefore do not feel qualified to state an amount being used.

(Signed) Ira W. Havens

PERMIT NO. 25029

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. J. M. Hedler, age 66, Juliaetta, Idaho, Distributor for General Petroleum Corporation; post office address: Kendrick, Idaho

Ques. 2. Are you acquainted with Adrian Johns and Viola Johns, the holder of Permit No. 25029? How long have you known him and where does he reside?

Ans. I am acquainted with them and have known them over 20 years.

They reside at Juliaetta, Latah County, Idaho

Ques. 3. Have you read or heard read said Permit No. 25029, and are you familiar with its provisions and conditions?

Ans. _____

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Middle Branch Potlatch Creek; 75' upstream from the SW corner of Lot 19, Pleasant Home Addition to Juliaetta, Idaho;

Diversion works are pump, pipes, hoses and sprinklers and ditches

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Estimated: I cannot state an estimate for I am not qualified to make such an estimate, and for the same reason I am not sure how much is being conveyed.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Stock watering and irrigation. Water used for irrigation on Lots 10, 11, 12, Block 15; Lots 1 thru 5 inclusive and 7 thru 12 inclusive of Block 17; and Lots 3 thru 8 inclusive of Block 18; Lots 1 thru 6 inclusive of Block 19; all of Original Juliaetta, Idaho, according to the recorded plat thereof; and Lots 21, 22, 23, 24, 25, 26, 28 of Pleasant Home Addition to Juliaetta, according to the recorded plat thereof; the subdivisions where the above land is located and the acreage irrigated is: Section 3, SW of NW (5.66), SE of NW (1.23), NE of SW (.50), NW of SW (3.85); Section 4, SW of NE (4.03), SE of NE (6.38)
The land is cultivated land and has been for some time.

25029

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. The only other purpose for which the water has been applied is for watering stock, that is cows kept by the family.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land has not been reclaimed and was cultivated prior to the application of the water to the land. It is believed that the amount allowed by the permit is required.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. none

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I am a neighbor of the persons, and on or about June 20, 1955, I and since said date I have personally seen the water being applied to use on the land for the purposes set out in the permit. At least eight sprinklers have been in operation for the irrigation of the land. I have seen the water system, but I have no experience in measuring water and I do not, therefore, feel qualified to state the amount being used.

(Signed) J. M. Hedler

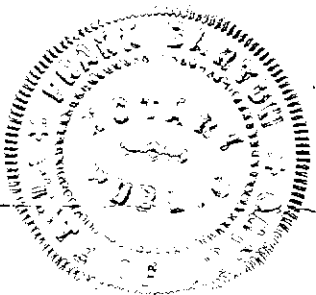

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Kendrick,

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Latah

ss.

Adrain Johns, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to Appropriate the Public Waters of the State of Idaho, No. 25029, and that his postoffice address is Juliaetta, State of Idaho.

Second: That the name of the stream from which said water is to be diverted is Middle Branch Potlatch Creek.

Third: That the point of diversion of said water is 75 feet upstream from the SW corner of Lot 19, Pleasant Home Addition to Juliaetta, Idaho.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by June 30, 1955.

Fifth: That the use for which said water is intended is stock watering and irrigation.

Sixth: That on the date above mentioned, the works constructed under said permit were ~~(not yet)~~ fully completed and consisted of the following:

I. Kind of works: pump, pipes, hoses, sprinklers and ditches
(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction.

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit width at bottom feet, width at water line feet, depth of water feet; diameter of pipe inches, average grade per mile is feet. Length of conduit is $\frac{1}{2}$ miles.

Seventh: That said works are capable of conducting to the place of intended use 573 second feet of water.

Eighth: That water appropriated under said permit is available for 21.65 acres of land described as follows: Lots 10, 11, 12, Block 15; Lots 1, 2, 3, 4, 5, 7, 8, 9, 10, 11, 12, Block 17; Lots 3, 4, 5, 6, 7, 8, Block 18; Lots 1, 2, 3, 4, 5, 6, Block 19; all in Original Juliaetta, Idaho; according to the recorded plat thereof; and Lots 21, 22, 23, 24, 25, 26, 28, of Pleasant Home Addition to Juliaetta, Idaho, according to the recorded plat thereof.

Ninth: Remarks: That

Notary Public.

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 7th day of July, 1955, at Kendrick, County of Latah, State of Idaho, before Frank Barton, a notary public, proof will be submitted of the application to beneficial use of 0.573 cubic foot per second of the waters of Middle Branch Potlatch Creek in accordance with the terms and conditions of Permit 25029 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Adrian Johns and Viola Johns, husband and wife, Juliaetta, Idaho.

The use to which said water has been applied is Domestic purposes, and stock watering and irrigation.

The amount applied to beneficial use is 0.573 cubic foot per second.

The place where said water is used Lots 10, 11, 12, Block 15; Lots 1, 2, 3, 4, 5, 7, 8, 9, 10, 11, 12, Block 17; Lots 3, 4, 5, 6, 7, 8, Block 18; Lots 1, 2, 3, 4, 5, 6, Block 19; all in Original Juliaetta, Idaho, according to the recorded plat thereof; and Lots 21, 22, 23, 24, 25, 26, 28, of Pleasant Home Addition to Juliaetta, Idaho, according to the recorded plat thereof.

The name of the canal or ditch or other works by which said water is conducted to such place of use is None.

The right to take water from such works is based upon Permit No. 25029.

The source of supply from which such water is diverted is Middle Branch Potlatch Creek.

The date of priority which said user is prepared to establish is June 3, 1954.

MARK R. KULP,

State Reclamation Engineer.

Dear Sirs:

Enclosed herewith please find STATEMENT OF PROTESTANT TO ISSUANCE OF LICENSE FOR BENEFICIAL USE OF WATER, prepared by Leland G. Marvin. Mr. Marvin called at my office today, July 7, 1955. He attended the hearing held in this matter this morning at Kendrick but was unfamiliar with the necessity of filing a statement of protest with you until I informed him of it this date.

We will be happy to furnish you with any further additional information you may require.

Very truly yours,

Daniel A. Quinlan

RE: Permit No. 25029

Mr. Frank V. Barton
Carasow Building
Lewiston, Idaho

Dear Mr. Barton:

Reference is made to your letter of April 14 requesting forms to make proof of Completion of Works and Beneficial Use in the above numbered Permit in the names of Adrian and Viola Johns.

Forms and instructions in regard to making these proofs were mailed to the Permit Holders on April 1 at Princeton, Idaho, which is the address given in their application, but the letter was returned marked "Unknown".

We are enclosing herewith the letter and forms previously sent to the Permit Holders which includes the forms requested in your letter and instructions in regard to filing same.

We would appreciate your advising us of the correct address of the Applicants as this is important for our records.

Adrian & Viola Johns

Dear Sirs:

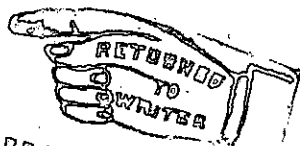

At your earliest convenience please forward to this office the forms of your department required for proof of completion of diversion works and proof of application of water to beneficial use and the notices in connection with same. The permit pertains to less than 6.4 feet of water, and for this reason proof of completion may be made by affidavit in lieu of publication of notice; if your department furnishes a form for such affidavit, kindly include same with the above requested forms.

Very truly yours,

Dear Sir:

Under the terms of your permit No. 25029 you are required to complete your diversion works and make proof of beneficial use on or before

June 30, 1955.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public or Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is June 30, 1955, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.
