NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 9:00 A. M. on the 15th day of December, 1952, at Moscow, County of Latah, State of Idaho, before Marjorie Moore, proof will be submitted of the application to beneficial use of 1/5 cubic feet per second of the waters of Little Potlatch Creek in accordance with the terms and conditions of Permit No. 22469 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit is Louis M. Olson (whose wife's name is Verna A. Olson) Route 1, Genesee, Idaho.

The use to which said water has been applied is sprinkling of agricultural lands.

The amount applied to beneficial use is One-fifth cubic foot per second.

The place where said water is used: An irregularly shaped area of land, consisting of approximately ten acres in the SW 1/4 SW 1/4 Section 15, Twp. 38 N., Range 4 W. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is: No name.

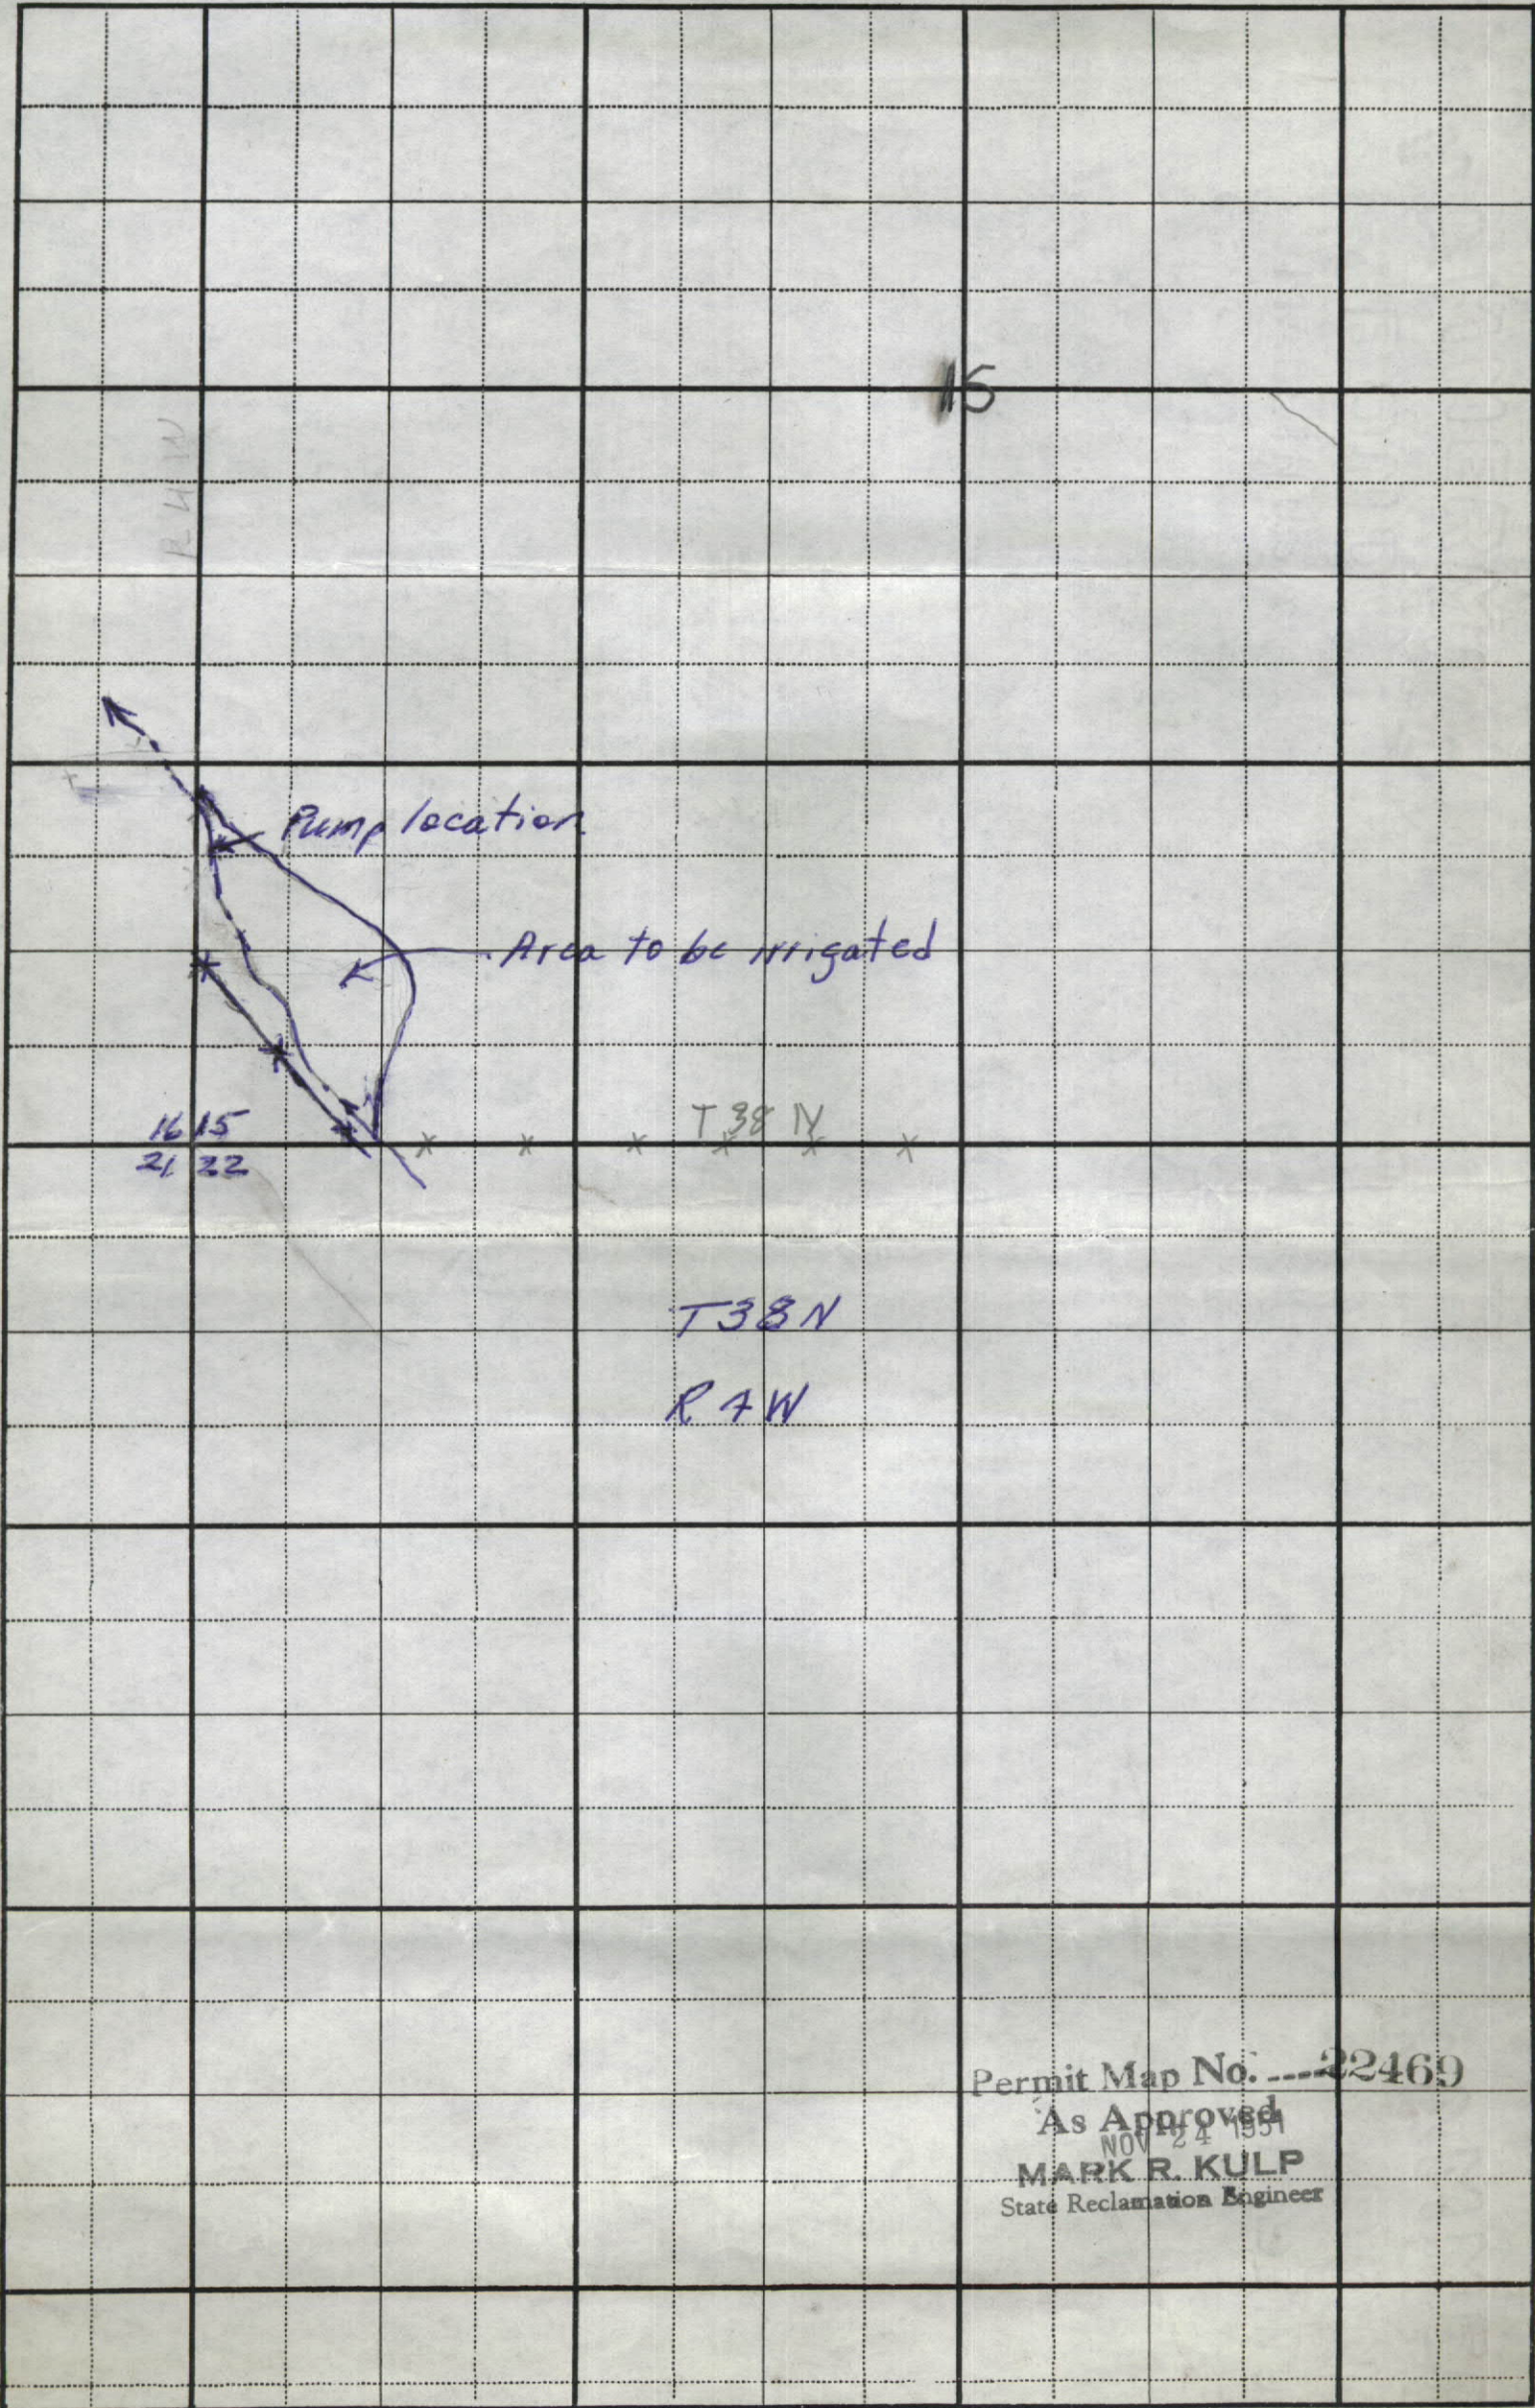

The right to take water from such works is based upon Permit No. 22469.

The source of supply from which such water is diverted is the Little Potlatch Creek.

The date of priority which said user is prepared to establish is November 13, 1951.

MARK R. KULP,
23-26 State Reclamation Engineer.

Water License No. 22469

Amount 0.2 second foot

Water District No.

Priority November 13, 1951

THIS IS TO CERTIFY that LOUIS M. OLSON
 of Genessee, Idaho, made application for a permit to appropriate the
 public waters of the State of Idaho, dated November 13, 1951; that Permit No. 22469
 was issued under said application; that Certificate of Completion of works, with a carrying capacity of
 0.2 second foot, was issued thereunder on January 6, 1953, showing that said works
 were completed on the 30th day of December, 1952; and that on the 15th
 day of December, 1952,

LOUIS M. OLSON

of Genessee, State of Idaho, made proof to the satisfaction of the
 State Reclamation Engineer of Idaho, of the right to use the waters of Little Potlatch Creek
 a tributary of Potlatch River, for the purpose of pasture irrigation
 under Use Permit No. 22469 of the Department of Reclamation
 and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
 and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
 8 of Licenses at page 5164, on the 29th day of October, 1953;
 The right hereby confirmed dates from November 13, 1951;

The Point of Diversion is located
 in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 15, Tp. 38 N., R. 4 W., B. M. Latah County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
 aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
 not exceed 0.2 cubic foot per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
38 N.	4 W.	15	SW $\frac{1}{4}$ SW $\frac{1}{4}$	10	11.5

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
 of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
 29th day of October, 1953.

E. N. HUMPHREY

Deputy State Reclamation Engineer.

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(b) Treasury stock:

(d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed: 1/5

cubic feet per second.

3. Source of water supply: Little Potlatch Creek

which is a tributary of Potlatch River

4. Location of point of diversion: N. 1980

feet distant from the Southwest

corner of Section 15, T. 38 N., R. 4 W., B. M., and is in the NW 1/4 SW 1/4

of Section 15, T. 38 N., R. 4 W., B. M., County of Latah

5. Water is to be used for Pasture irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B. M., in the of Section , T. , R. , B. M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B. M., in the

of Section , T. , R. , B. M.

7. Estimated cost of works: \$ 1,100.00

8. Kind of works: Check gate, pump, pipe and heads for sprinkler system.

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam: Concrete check gate with flash boards.

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is Five (5) years.

13. The time required for the complete application of the water to the proposed use is Five (5) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, No. 22469

Comes now LOUIS M. OLSON and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 22469

That the point of diversion is described in said permit as being located NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 15, Township 38 North, Range 4 West, B.M.

That he now requests that the point of diversion be changed to a point located SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 15, Township 38 North, Range 4 West, B.M.

That his reasons for desiring to make such change are as follows: A scrivener's error on the original application.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Moscow, Idaho, this 9th day of October, 1953.

LOUIS M. OLSON

Date of receipt at Department of Reclamation October 14, 1953.

APPROVAL OF STATE RECLAMATION ENGINEER

I, E. N. HUMPHREY, Deputy State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 22469. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Gentlemen:

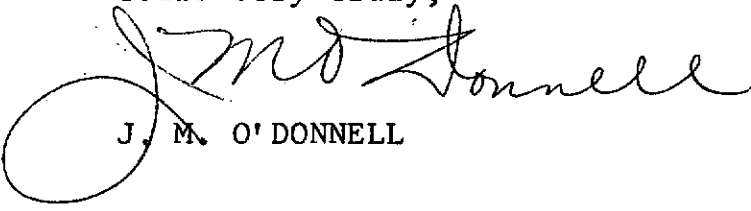

Enclosed is an Assignment of the above-mentioned water right from Louis M. Olson, the original grantee, and wife, to Edwin Ensley. Also enclosed is the Assignment from Edwin Ensley and wife to Beverly Lee Boyd and Sandra Kay Berger Storey of Genesee, Idaho.

These Assignments are supplemental to a sale and transfer of land.

There is a remote possibility that an assignment may be already of record from Olson to Ensley, but both parties state that they do not recall having executed an assignment heretofore.

Please file and record both Assignments. Send me a statement for services and I will remit.

Yours very truly,

Dear Sir:

Mr. Louis M. Olson has deeded the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 15, Twp. 38 North, Range 4 W.B.M. together with rights under water license #22469 to Edwin A. and Florence Ensley by deed recorded in book number 119 and page 95, Record of Deeds, Latah County. The above property and the water license are encumbered by a mortgage from Mr. Ensley to the Farmers Home Administration recorded October 22, 1962 in book 96 of mortgages at page 547, records of Latah County, Idaho under Recorder's fee number 218792, and he has agreed that he will not assign or amend the permit without the consent of the Farmers Home Administration.

Will you please make the notation on your records of this encumbrance and please inform us of any application to assign or amend this license?

Would you also please receipt for this letter on the enclosed copy so that we might have it for our record?

Sincerely,

Kenneth A. Farner

RE: Permit No. 22469

Mr. Louis H. Olson
Route 1
Genessee, Idaho

Dear Mr. Olson:

The report of our field engineer on examination for beneficial use on your Permit No. 22469, shows that your point of diversion from Little Potlatch Creek is in the SW¹/₄ SW¹/₄ Section 15, Township 38 North, Range 4 West, B.M., instead of in the NW¹/₄ SW¹/₄ as given in the original application and permit.

We therefore enclose a form of application for amendment to this permit which should be executed by you and returned to this department of approval and record.

The statutory fee in connection with this proof is \$2.00, upon receipt of which a license will be issued for 0.2 of a second foot of water from Little Potlatch Creek.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 22469This proof is for Beneficial use In Water District No. _____1. Name of applicant Louis M. Olson, Route 1 Genessee, Idaho2. Source of water supply: Little Potlatch Creek3. Location of point of diversion: Is in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 35T. 38 N. R. 4 W. County of Latah4. Describe works as they exist, giving dimensions and capacities of same Sprinkler system. 5 h.p. G. E. Motor, single phase, 230 V. 26 $\frac{1}{2}$ amps, 3425 r.p.m., serial No. N 112255. Rainway irrigation pump No. 1787, Model 1 $\frac{1}{2}$ W 5-2, Centrifugal pump 1 $\frac{1}{4}$ " inlet, 1 $\frac{1}{4}$ " outlet. 620'of 3" portable aluminum main line, 480' of 3" portable aluminum lateral, 16 Rainbird #40 nozzles, size 2/32 by 11/64, operating pressure 35 lbs. 26' of 3" aluminum pipe extending down into a pool in the Little Potlatch River. Lift from the stream approx. 4'. Water actually delivered is 11.55 inches. Point of diversion on bank of Little Potlatch River5. Water is used for: Sprinkler irrigation6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

An irregular shaped piece of land in SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 15, Twp. 38 N., Range 4 W., B.M.See map.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Clearwater RiverRemarks: This creek bed land that has been converted into pasture with the intention of using for a herd of registered polled Herford Cattle.Low, wet land difficult to farm.This examination was made on the 25th day of September, 19 53(Signed) E. N. Humphrey Examiner.22469

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. 22469

Mr. Louis M. Olson
Route 1
Genessee, Idaho

Dear Mr. Olson:

I intend to make inspection as required by law in connection with your Permit No. 22469, which is ready for license.

I intend to call on you the latter part of the week, probably on Friday, September 25, 1953.

Please be prepared to accompany me on this inspection.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

ATT: Mr. Tom Felton

Dear Mr. Felton:

Reference is made to your letter of February 26, 1953, in regard to recording Certificate of Completion of Works issued to Louis M. Olson on Permit No. 22469.

Since the issuance of a Certificate of Completion of Works is only one step towards securing a water right, we do not consider it necessary to have it recorded in the county, as it is of course recorded in this department.

However, if for any reason your client wishes to have a record made of it in the county, the certificate itself can be so recorded in the same manner as recording a deed.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Gentlemen:

We have received from you the "Certificate of Completion of Works" of Louis M. Olson, being Permit No. 22469.

We have checked the statutes quite thoroughly, and find no method or means by which this can be recorded in Latah County, State of Idaho, so it would be includable in the abstract of the premises.

I was wondering if your office had some form of certification so that it could be recorded in this county.

We are unfamiliar with these matters, and find no guide in the statutes, so we would appreciate hearing from you on the point.

Very truly yours,

ESTES & FELTON,

RE: Permit No. 22469

Messrs. Bates & Felton
111 East Second Street
Moscow, Idaho

Att: Mr. Tom Felton

Dear Mr. Felton:

We enclose Certificate of Completion of Work issued under Permit No. 22469 in the name of Louis M. Olson, for the diversion of 1/5 second foot of water from Little Potlatch Creek for pasture irrigation on a portion of the SW 1/4 SW 1/4 Section 15, Township 58 North, Range 4 East, B.M.

We also enclose departmental receipt No. 25343 for the \$5.00 fee paid in connection with proof of completion of works.

We have filed the depositions of Mr. Olson and two witnesses together with affidavit of publication in the Genesee News, all submitted in proof of beneficial use under this permit.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mr. Olson at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 9:00 A. M. on the 15th day of December, 1952, at Moscow, County of Latah, State of Idaho, before Marjorie Moore, proof will be submitted of the application to beneficial use of 1/5 cubic feet per second of the waters of Little Potlatch Creek in accordance with the terms and conditions of Permit No. 22469 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit is Louis M. Olson (whose wife's name is Verna A. Olson) Route 1, Genesee, Idaho.

The use to which said water has been applied is sprinkling of agricultural lands.

The amount applied to beneficial use is One-fifth cubic foot per second.

The place where said water is used: An irregularly shaped area of land, consisting of approximately ten acres in the SW 1/4 SW 1/4 Section 15, Twp. 38 N., Range 4 W. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is: No name.

The right to take water from such works is based upon Permit No. 22469.

The source of supply from which such water is diverted is the Little Potlatch Creek.

The date of priority which said user is prepared to establish is November 13, 1951.

MARK R. KULP,
23-26 State Reclamation Engineer.

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Latah } ss.

Louis M. Olson, being first duly sworn, upon his oath deposes and says:
First: That he is the holder and owner of Permit to Appropriate the Public Waters of the State of Idaho, No. 22469, and that his postoffice address is Route 1, Genesee, State of Idaho.

Second: That the name of the stream from which said water is to be diverted is Little Potlatch Creek

Third: That the point of diversion of said water is North 1980 feet from S.W. Corner of Section 15, Twp 38 N., R. 4 W.B.M., in NW $\frac{1}{4}$ SW $\frac{1}{4}$ 15-38-4.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by November 24, 1956

Fifth: That the use for which said water is intended is Pasture irrigation.

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: Check gate, pump, pipe and heads for sprinkling system.
(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction Concrete check gate with flash boards.

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit width at bottom feet, width at water line feet, depth of water feet; diameter of pipe 3" inches, average grade per mile is 2% feet. Length of conduit is 20' miles.

Seventh: That said works are capable of conducting to the place of intended use 1/5 second feet of water.

Eighth: That water appropriated under said permit is available for 10 acres of land described as follows: an irregular shaped area of land in SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 15, Twp 38 N., R. 4, W.B.M.

Ninth: Remarks: That

RE: Permit No. 22469

Messrs. Bates & Felton
111 East Second Street
Moscow, Idaho

ATT: Mr. Tom Felton

Dear Mr. Felton:

We acknowledge receipt of your letter of December 17, 1952, enclosing depositions of Louis M. Olson and two witnesses offered in proof of beneficial use under Permit No. 22469.

Before this proof can be considered, proof of completion of works should be made, form for which was sent Mr. Olson on September 25, 1952. In case that has been misplaced, we enclose another form which should be executed and returned to this Department with the statutory fee of \$5.00 required in connection with proof of completion of works.

The \$5.00 fee referred to in your letter was the filing fee in connection with the original application.

Also, to complete the proof of beneficial use the affidavit of publication is required. The Genesee News was instructed to send this affidavit to Mr. Olson and if he has not received it, we suggest he take the matter up with them promptly.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 22469

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Louis M. Olson. Residence, Route 1, Genesee. Occupation, farmer.

P.O. address Route 1, Genesee, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 22469, date November 24, 1951; Date of Priority Nov. 13, 19

Ques. 4 State source of water supply and give exact location of point of diversion.

Ans. Little Potlatch Creek, which is a tributary of Potlatch River. Exact point of diversion is North 1980 feet distance from the Southwest corner of Sec. 15, Twp 38 N., Range 4, W.B.M., and is in the Northwest Quarter of Southwest Quarter, Sec. 15, Twp. 38 North, Range 4, W.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Diversion works consist of sump and 5 horse electrical centrifugal pump discharging water directly into 3 inch aluminum pipe sprinkling system. Estimated pump capacity 160 gals. per minute. Actual pumping 80 gals. per minute, measured through 5 gal. heads.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The purpose of water is for the irrigation of pasture in 10 acres in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ 15-38-4 W. Cultivated pasture. Land has been levelled by bulldozing, and is fenced.

22469

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. _____

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Have been pumping 80 gals. per minute and sprinkling on land in question. 20 days actual irrigation in 1952.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None.

(Sign) Lamin M. Olson

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Moscow, County of Latah, State of Idaho, on this 15 day of December, A. D. 19 52,

My commission expires Aug. 7, 1954.

DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 22469

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. P. A. Nilsson, age 50; residence and P.O. address, Route 1, Genesee, Idaho. Occupation farming.

Ques. 2. Are you acquainted with Louis M. Olson, the holder of Permit No. 22469? How long have you known him and where does he reside?

Ans. Yes. I have known him for 7 years. He resides on Route 1, Genesee, Idaho.

Ques. 3. Have you read or heard read said Permit No. 22469, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Little Potlatch Creek, which is a tributary of Potlatch River. Exact point of diversion is N. 1980 ft. distance from SW corner of Sec. 15-38-4 W., and is in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ 15-38-4 W. Diversion works consist of sump and 5 horse electrical centrifugal pump discharging water directly into 3 inch aluminum pipe sprinkling system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Estimated will safely conduct 160 gals. per minute; have seen 80 gals. per minute.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is to be used for cultivated pasture irrigation, consisting of 10 acres in SW $\frac{1}{4}$ SW $\frac{1}{4}$ 15-38-4 W. Improvements: levelling of land by dozer, and fencing.

22469

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Character of land was natural pasture, subsequently cultivated, requiring minimum of 80 gals. per minute to irrigate, for approximately 60 days per year (depending upon weather and other imponderables).

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent? No.

Ans. ~~Character of land was natural pasture, subsequently cultivated, requiring minimum of 80 gals. per minute to irrigate, for approximately 60 days per year (depending upon weather and other imponderables).~~

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Actually observed construction of works during entire construction period, and physical application of water to land at rate of 80 gals per minute during September, 1952, as my farm adjoins that of Louis M. Olson.

(Signed) _____

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Moscow,
County of Latah, State of Idaho, on this 15 day of December,

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 9:00 A. M. on the 15th day of December, 1952,
at Moscow, County of Latah, State of Idaho, before
Marjorie Moore, proof will be submitted of the
application to beneficial use of 1/5 cubic feet per second of the waters of Little Potlatch
Creek in accordance with the terms and conditions of Permit No. 22469
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are.....
Louis M. Olson (whose wife's name is Verna A. Olson, Route 1, Genesee,
Idaho.

The use to which said water has been applied is sprinkling of agricultural lands

The amount applied to beneficial use is One-fifth cubic foot per second.

The place where said water is used (if for irrigation, give full and accurate description of the
lands irrigated) An irregularly shaped area of land, approximately 10 acres
in extent, lying in the E 1/2 of the SW 1/4 of Section 15, Township 38 North,
Range 4, W.B.M.,
consisting of approximately ten acres in the SW 1/4 SW 1/4 Section 15,
Twp. 38 N., Range 4 W., B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of
use is No name.

The right to take water from such works is based upon Permit No. 22469

The source of supply from which such water is diverted is the Little Potlatch Creek

The date of priority which said user is prepared to establish is November 13, 1951

Re: Your letter of November 7, 1952
Permit No. 22469
Louis M. Olson

Dear Miss Anderson:

Be advised that your correction is in order. The original application is correct, and the permit should describe the place of use as 10 acres in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 15, Township 38 North, Range 4, W.B.M.

The permit map was misunderstood by me, and I took it from the area depicted on the map, instead of the wording thereon.

Please make the necessary corrections in the notice and publicize, as heretofore advised.

Very truly yours,

ESTES & FELTON,

ATT: Mr. Tom Felton

Dear Mr. Felton:

We have your letter of November 5, 1952, enclosing notice of beneficial use proof to be made on December 15, 1952, on Permit No. 22469 in the name of Louis M. Olson.

In checking this notice with the records in this department, we note a discrepancy in the description of the place where the water has been used. The notice describes it as an irregularly shaped area of land lying in the E $\frac{1}{2}$ SW $\frac{1}{4}$ Section 15, Township 38 North, Range 4 West, B.M., containing approximately 40 acres. However, the original application and permit describe the place of use as 10 acres in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of this section.

As it is important that the correct description be given in the published notice, we shall await your further advice before sending the notice to the newspaper.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Notice of Proof Application of
Water to Beneficial Use of
Louis M. Olson.

Dear Sir:

Enclosed find the authorization of Louis M. Olson to publish the time and place of proof of application of water to beneficial use.

You will note we have set the 15th day of December, 1952, as the date upon which proof will be put in. In the event, however, there is a delay in transmission, so that the necessary publications cannot be had, then and in that event you are authorized to extend that date to the 22nd day of December; making the necessary change, of course, in the notice.

Very truly yours,

ESTES & FELTON,

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) November 5, 1952

(P. O.) Route 1, Genesee, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Genesee News of Genesee, Idaho, published in
the county in which the works are situated.

x Loris E. Olson

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

RE: Permit No. 22469

Mr. Louis M. Olson
Route 1
Genesee, Idaho

Dear Mr. Olson:

We have your letter of September 19, 1952, in which you state that the water has been applied to the land by overhead sprinkler system on Permit No. 22469.

We assume this means that you are prepared to make proofs of completion of works and beneficial use. If so, proof of completion of works may be made by executing Form 6 enclosed, before a Notary Public and returning to this department with the \$5.00 fee in connection therewith.

Proof of beneficial use requires publication of a notice in a county newspaper once a week for four consecutive weeks prior to making the proof. This notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom proof is to be made. The time, of course, should be set sufficiently far ahead to allow for the four weeks publication, and the proof may be made at any place convenient for you and your two witnesses.

Both copies of Form 10 to be returned to this department together with Form 11 which is authorization for us to have the notice published at your expense in the designated county newspaper.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Application No. 30205

Mr: Louis M. Olson
Route 1
Genesee, Idaho

Dear Mr. Olson:

We have placed on file your application for permit to appropriate 1/5 of a second foot of water from Little Potlatch Creek but we are unable to tell from the sketch map just where the point of diversion or the lands to be irrigated are located. We return the sketch map with the request that you indicate same thereon.

If the land outlined in red is only the SW $\frac{1}{4}$ of Section 15, it could probably be reconciled with the statements in the application, but if it is the whole section it does not correspond at all.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 9:00 A. M. on the 15th day of December, 1952, at Moscow, County of Latah, State of Idaho, before Marjori Moore, proof will be submitted of the application to beneficial use of 1/5 cubic feet per second of the water of Little Potlatch Creek in accordance with the terms and condition of Permit No. 22469 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit is Louis M. Olson (whose wife's name is Verna A. Olson) Route 1, Genesee, Idaho.

The use to which said water has been applied is sprinkling of agricultural lands.

The amount applied to beneficial use is One-fifth cubic foot per second.

The place where said water is used: An irregularly shaped area of land, consisting of approximately ten acres in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 15, Twp. 38 N., Range 4 W. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is: No name.

The right to take water from such works is based upon Permit No. 22469.

The source of supply from which such water is diverted is the Little Potlatch Creek.

The date of priority which said user is prepared to establish is November 13, 1951.

23-26 **MARK R. KULP,**
State Reclamation Engineer.
