Dear Water Right Holders:

I have received the application for amendment for license issuance on the above referenced water right. In further checking our records, I find that an Adjudication Claim has not yet been filed on this right. Perhaps you were not even aware of the adjudication taking place and therefore did not realize that a claim needed to be filed. Enclosed is a summary sheet explaining the water appropriation process and the subsequent adjudication process.

I have also enclosed a claim form for your use in this matter. The information on the claim matches the information to be licensed. The form simply needs to be signed, notarized, and returned with the filing fee of \$51.00. Please return the claim form to my attention; once I receive the claim, the license will be issued and the claim will be included in the Director's Report summarizing the water uses in the Snake River Basin.

If you have any questions concerning this matter, please feel free to give me a call.

Dear Mr. Spackman:

Re water rights application:

The reason why the water rights application should be in the names of Sandra Riley and Peggy C. Hall is that we own the property at the address Rt. 1 Box 70H Kooskia, ID 83539. We purchased this property from Don and Ronnita Haukedahl in 1987 (see deed enclosed).

Sandra Riley

RE: Permit No. 81-07079

NOTICE OF PENDING ORDER VOIDING PERMIT

Dear Permit Holder(s):

The development proposed in Permit to Appropriate Water No. 81-07079 was examined in 1987 by Department of Water Resources personnel. At the time of the examination, the Department personnel discovered that the actual place of use &/or point of diversion differed from the place of use &/or point of diversion proposed in the permit.

We have attempted on several occasions to persuade you to file an application for amendment of Permit No. 81-07079 with the Department. To date, the application for amendment of the permit has not been filed with the Department.

Enclosed is a completed application for amendment of your permit which reflects the correct point of diversion and place of use. You should sign the application for amendment, and return it to this Department accompanied by a \$20 filing fee within thirty (30) days of the date of this letter.

Should you fail or refuse to submit the application for amendment within thirty (30) days, the Department will act to void your permit. The grounds for voiding the permit are set forth in Section 42-219, Idaho Code, where it states that if the Department finds "that the applicant has not fully complied with the law and the conditions of the permit . . . [it] may refuse issuance of a license and void the permit." One of the conditions of the permit was that the point of diversion would be located as indicated on the permit.

Sincerely,

GARY SPACKMAN, Supervisor

Dear Sir:

I see where Don Haukedahl is
applying for a water right at
Big Cedar, just 50 feet above
my spring.

He has pumped my spring dry
once and he will do it again if
he gets my water right. So there
I am. ~~Protesting~~ ^{Protesting} it.

My son Dale Hendren and my

our water right June 10, 1974
on the same vein. He is trying to
get Water right No. 81-4005.
He applied for his Apr. 3, 1981.
And I do believe he is on our
water right.

His spring was contaminated
with seepage water and he

went to the Health Dept at
Strangerville and they told him
to pump his spring dry and
let it fill up again. He did
just that and in pumping
his own dry he also pumped
mine dry and damaged my

seepage. He intends to dig
his spring deeper and if he
does he can close off my only
source of water. my spring
has been in use for 70 years
and I don't know how much
longer. I am a widow age 81
living on the Big Cedar property.
There is plenty of water there
for us both but it looks
as though he is out to shut

bought his place around 1976.
Please advise us what to
do. Yours Truly

MEMORANDUM

TO: File 81-7079

FROM: Bob Haynes *BH*

DATE: September 4, 1981

SUBJECT: Phone Conversation with Stella Hendren

On July 23, 1981, at about 11:00 a.m., I phoned Mrs. Stella Hendren regarding the hearing on her protest of 81-7079 that was supposed to be taking place at that time. Mrs. Hendren said that she intended to come but that her daughter-in-law, who was supposed to bring her, apparently had forgotten about the hearing.

Mrs. Hendren indicated that she didn't understand why the hearing had been scheduled because it was her intention to withdraw her protest with the letter of May 15, 1981, that was signed by herself and the Haukedahls.

I told her that if that was her intention, it would not be necessary for her to come to Grangeville and we would take the letter as a withdrawal.

STATE OF IDAHO

IN THE MATTER OF APPLICATION FOR PERMIT)
NO. 81-7079 IN THE NAME OF DON &/OR)
RONNITA HAUKEDAHL.)

NOTICE OF HEARING
AND/OR CONFERENCE

On April 3, 1981, Don &/or Ronnita Haukedahl filed with the Department of Water Resources an application to appropriate the public waters of the State of Idaho. On May 4, 1981, the Department received a protest against approval of said application from Stella and Dale Hendren.

The Department has set the matter of protest for hearing for Thursday, July 23, 1981, at 10:30 a.m., in Meeting Room #31, in the basement of the Idaho County Courthouse, Grangeville, Idaho 83530. The hearing will be held in accordance with provisions of Chapters 2 and 17, Title 42, and Chapter 52, Title 67, of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Water Resources. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved. A pre-hearing conference may be held beginning at the above set time and prior to the hearing.

In accordance with Idaho Code, Section 42-203, the following issues are involved in the consideration of the application and protest(s):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purpose intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?
5. Will the proposed use conflict with the local public interest?

Any party may request in writing five (5) days before any hearing that the oral proceedings thereof be taken in the form of stenographic notes at the expense of the requesting party. Any party may have such stenographic notes of the oral proceedings, or part thereof, transcribed at his own expense. A taped record of the proceedings will be maintained for the appeal period.

If the hearing is conducted by a hearing officer appointed by the Director, rather than the Director himself, a proposed decision will be submitted to the parties and the parties may be afforded an opportunity to file exceptions to the proposed decision and present briefs and oral arguments to the Director prior to the issuance of a final decision by the Director. This procedure is required by Idaho Code, Section 42-1701A.

The parties by written stipulation may waive their right to a proposed decision, however, the failure of either party to waive a proposed decision will not prejudice the Director's review of a party's evidence and arguments. However, such a waiver will shorten the decision-making process and may expedite substantially the issuance of a final decision. Whether compliance with Section 42-1701A is waived will not affect a party's right to petition for a rehearing of the final decision pursuant to Rule 11 of the Department's Rules of Practice and Procedure or affect a party's right to appeal the final decision to the district court.

Failure to appear at the time and place set for hearing by the applicant or protestant(s) may allow the Department to dismiss without prejudice the protest(s) or the application. Any and all cost incurred by reason of such non-appearance may be assessed against such non-appearing parties.

Memorandum
JUL 1 1981

RECEIVED May 15, 1981

MAY 21 1981

Dear Sir,

Department of Water Resources
Northern District Office

I went down and talked to Mrs. Hendrens about our filing for water rights. She was worried about us getting her rights. I explained to her that her rights went back many years longer than what we were filing on so even if there were a water shortage (which there isn't) she has first rights.

The reason we decided to file when we did was, before we tried to dry our spring enough to get the muddy water out, we thought the water supply was unlimited in this area. After about 10 days of draining our spring it went down about 2 ft. This caused her spring to stop flowing. We stopped draining our spring and within a few hours her stream was running full again. It was then we decided it would be better to get our rights

filed so if anybody else filed on a new well in the future we would have first rights after Mrs Hendren.

She understands now and there is no problem as far as I know.

I will write things as I see them to help clear things up.

A.

1. Our water seems to come from the same place.
2. We both have been using the water for 6 years.
3. There was no shortage until I tried to drain my spring to clean it.
4. It was, at the time I tried to drain it, the driest spring in 84 yrs (according to record).
5. Even if Mrs Hendren didn't have water rights we feel her spring would come first.

B.

On regards to her letter to you.

1. My spring is 100 feet away and about the same level
2. About pumping her spring dry, already ex-

③

plained in letter.

③ I can't get her water rights.

④ Her pump doesn't seem to be damaged, if it would have been we would pay for a new pump.

⑤ I don't have, nor did I have any plans to dig our well any deeper.

⑥ She was upset when she wrote the letter, she understands things better now.

C.

In regards to your letter to me. (What is considered at a hearing.)

① There is plenty of water for both her and our spring.

② I believe there is enough water if used properly for our place, (its listed for sale,) and a place we plan to build on this 30 acres. If there isn't enough water wells will have to be drilled for our new house.

(4)

(4) We owe \$4000.00 on our place. Eight years ago we only had a pickup, so I see no reason why we can't develop a water system in the next five years.

(5) I don't understand, "Conflict with the local public interest."

It may be better if the person from the Department of Water Resources, who makes the decisions were to come down here and look things over before a decision is made.

It would probably make Mrs. Hendren feel a little easier.

Thank You
