Dear Mr. and Mrs. Cuthbert:

We are returning your Application for Permit and Claim to a Water Right, and your Check No. 92-327 in the amount of \$10, along with an Application for Permit and a Claim to a Water Right which we have typed from the information you submitted.

In order for you to better understand the purpose of each of the forms we have typed, we would like to briefly explain what each form represents. The "Claim to a Water Right" form may be filed with our Department to record any water rights which have been in use for a period of time. The "Application for Permit" form must be filed with our Department for any new diversion of surface water after May 20, 1971. Since the water has been used for stockwatering purposes for approximately 30 years, this use has been indicated on the Claim form; however, the uses we have listed on the Application form were determined to have begun after 1971 and cannot be listed on the Claim as existing water rights.

Under Item 6B of the Claim form, please list the number of cattle that have been supplied with water since 1946. If all other items are in order, please have your signature notarized on the back of the form. Please review all items on the Application form also and if they are correct, sign at the bottom of Page 3. When returning these forms to our office, each must be accompanied by a \$10 filing fee (a total fee of \$20).

If we have not clarified this matter to your satisfaction, perhaps it would benefit you to contact us by phone or visit our office if you plan to be in the Coeur d'Alene area.

Very truly yours,

Robert G. Haynes

Department of Water Administration JUL 12 1976

Department of Water Resources
Northern District Office

Dear Sirs

I would like to establish a water ~~the~~ right on two large springs in the North West $\frac{1}{4}$ of the North East $\frac{1}{4}$ of Section 8, Township 31 - Range 5 East. B.M. I have been using the springs for many years for stock water, & for the last year, for a house my husband & I built in the North East corner of the South West $\frac{1}{4}$ of the North East $\frac{1}{4}$ of Section 8, joining the ~~to~~ with the springs. I am in the process of selling the NW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 8 to my son & daughters, Melvin Ellis Teato and Eva May Teato. I would like a water right with all three of the following names on it.
Mr. & Mrs. Lester Cathbert
Melvin Ellis Teato
Eva May Teato.

Eva May has cattle pasturing in this 40 acre piece, & Melvin has a ceramics shop there also. Both Eva May & Melvin Ellis Teato plan to build homes on this 40 acre piece of land in the next 3 to 10 years. It may take Melvin longer than Eva, to build, because he is just 18 yrs. old. But he has a good start in the ceramics business already. Please send me a Claim form & an application for Permit form.

Thank You,
Carrie B. Cathbert
