I am sending you a
letter I received from the
Dept. of Water Resources at
Boise.

You already examined
my water works also
Hangeville has examined
me. You said it passed
and was real good.

I am worried about
this as this was to be
my last year & I have
complied to every command.
I had already taken up my
pipes for this year because
of the wet fall.

Some along here have

already got theirs & they
started long after we did
and have not even
used their water this
year at all.

We do hope you will
take care of what ever
is wrong & we will
get our permanent
permitt - you gave us
a card to use & so we
are writing to you.

Please help us.

Dear Mr. and Mrs. Slasor:

The letter you received from Boise the last part of September is the standard letter that is sent out after the Beneficial Use form is received. I have just submitted my reports to Boise on your system.

You should receive two Water Licenses shortly that will total to 0.09 cubic feet per second of water which covers 0.07 c.f.s. for the irrigation of 4-1/3 acres and 0.02 c.f.s. for stockwatering. The amount of water for irrigation is the same as the Soil Conservation Service arrived at.

If there are any further questions in this matter, please do not hesitate to contact us.
