IN THE MATTER OF EXTENDING THE PROOF DUE
DATE IN CONNECTION WITH PERMIT NO. 81-7025
IN THE NAME OF J. WARD GREENE

ORDER

WHEREAS, on August 22, 1974, J. Ward Greene applied to the Department of Water Resources for a permit to appropriate 0.34 cubic feet per second of water from the Middle Fork of the Clearwater River from a point within the NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 3, Twp. 32N, Rge. 4E B.M., Idaho County, to be used for irrigation purposes; and,

WHEREAS, on September 28, 1974, the Department approved said application and issued Permit No. 81-7025 with the condition that proof of construction of works and application of water to beneficial use be submitted to the Department on or before September 1, 1979; and,

WHEREAS, on August 27, 1979, the permit holder submitted a request for an extension of time; and,

WHEREAS, it appears that under the circumstances, the permit holder has been proceeding with reasonable diligence and has given good cause for delay;

IT IS, THEREFORE, HEREBY ORDERED that the time within which to submit proof of beneficial use of water under Permit No. 81-7025 be extended to September 1, 1984.

CERTIFIED MAIL

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.

JUL 08 1986

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.

This office acknowledges receipt of the statement of beneficial use postcard and the pictures sent with it. Enclosed are the pictures. I've made a xerox copy of the pictures for our records.

Before a license can be issued, a field examination must be made by a representative of this department. I cannot tell just when this examination will be made, but our examiner will contact you to schedule the exam at a convenient time.

If you have any questions concerning the field examination, please contact our Northern Regional office at 667-6484.

Dear Mr. Haynes:

Sorry for delay in return of enclosed card, regarding
Permit No. 81-7025.

Am enclosing pictures of flooding in 1974 when our
daughter and husband were renting the place. Please
return these originals in enclosed envelope, as you
probably have some sort of copying device.

Similar flooding has occurred three times since then.
We must use a portable pump because of great variation
of water level between low and high water.

We hope permit can be renewed on this basis. Have
owned this property since 1942 and don't want to lose
permit.

Present tenants are very reliable and have replanted
the bar. Thanks for your consideration.

Dear sir;

We have been unable as yet to complete installation of our main irrigation system, as provided in permit. Due to flood conditions, washing out of a bridge leading to the property, and various financial problems.

We request an extension of as long a time as possible to hold our permit for future use.

Thank you.

Dear Mr. Greene:

One of the conditions of approval of your water Permit No. 81-7025 was that evidence of the extent of development must be submitted to this office on or before September 1, 1979. (See last page of your approved permit). Enclosed is a post card which may be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use post card or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect within 60 days.

Sincerely,

RITA FLECK
Sr. Secretary
