Dear Mr. Hendren:

One of the conditions of approval of your water Permit No. 81-7019 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before February 1, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Hendren:

In reviewing your application for permit, we find that the point of diversion listed under Item #3 and the map on Page 3 do not coincide. You have listed the point of diversion from Clear Creek as the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 26, T. 32N, R. 4E, but have located the point on the map as being in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 26, T. 32N, R. 4E.

We have enclosed a sketch of the area. Please indicate on the sketch where the point of diversion and place of use are located. Also, the signature at the bottom of Page 3 should be exactly as it appears on Page 1 under Item #1.

After verifying the locations and correcting the above mentioned item, please return the application along with the required \$10 filing fee, and we shall begin its processing.

If you should have any questions, please feel free to contact this office.

Very truly yours,
