Dear Mrs. Rensink:

Re: License No. 81-7007

In reply to your question concerning non-use of the water under License No. 81-7007, five (5) years of non-use of the water from the last day of use could result in a forfeiture of your water right. With 1979 being the last year the water was used under License No. 81-7007, the water should be placed to use no later than the 1984 irrigation season prior to the last day of use in 1979 to avoid a possible forfeiture. When any right to the use of water is lost through non-use or forfeiture, the rights to the water revert to the state and is again subject to appropriation.

You did not state in your letter the reason you ceased using the water. Upon proper showing of good and sufficient reason for non-application to beneficial use, the Department can grant an extension of time extending the time for forfeiture of title for non-use to the waters for a period of five (5) additional years. Enclosed is a form for an extension of time to avoid a forfeiture. Also enclosed is a copy of Section 42-222, Idaho Code, explaining a forfeiture.

If you have any questions or wish to submit an extension of time to avoid a forfeiture, please do not hesitate to contact Mr. Jim Johnson of this office. Our regional office staff in Coeur d'Alene will also be able to offer you assistance.

Thank you for your payment. Enclosed is receipt No. 30014 in the amount of \$1 for a copy of License No. 81-7007.
