RE: Permit No. 85-07627

Dear Permit Holder:

I have returned a copy of the Proof of Beneficial Use form submitted in connection with the above referenced water right. Before the department can process the proof, it must be accompanied by the appropriate license examination fee. The license examination fee for a rate of 0.04 cfs from a surface water source is \$50.00.

You state on the proof that you have previously paid a fee of \$50.00. You did submit \$50.00 to file the application for permit, however, the license examination fee associated with the proof is a separate fee.

Additionally, you state on the proof form that you are diverting water to irrigate 3+ acres. This permit (copy enclosed) only authorizes domestic and stockwater use. You do have Application for Permit No. 85-07628 for irrigation on file with the department, however, the application is on hold due to the current moratorium in that basin. You are not authorized to divert water for irrigation until the moratorium is lifted and your application is processed.

Please return the copy of the proof along with the \$50.00 license examination fee within thirty (30) days of receipt of this letter. Please address your correspondence to my attention.

Re: Water Appropriation Application No. 85-07627

Dear Mr. LaDoux:

The Idaho Department of Water Resources hereby acknowledges receipt of the above referenced Application for Permit to appropriate the Public Waters of the State of Idaho. To assist us in providing you with prompt, accurate service, please refer to the above referenced number in all future matters concerning this water right application.

Your appropriation application is currently being prepared for advertising in the county newspaper. This advertisement will be published for two consecutive weeks followed by a waiting period of ten days to allow for the submittal of protests. Normal processing time is approximately 3 to 4 months, if the application is not protested.

If the application is not protested, it will be forwarded to Boise to be considered for approval by the Director. State office personnel will then conduct a complete review, and you will be notified by mail of the outcome. However, if the application is protested during this waiting period, you will be sent a copy of the protest and instructions to aid you in resolving the protest without a hearing. All protests must be resolved before approval of the application can be made, so if the protestant does not voluntarily withdraw the protest, this department will conduct a conference and/or hearing on the matter.

If your source is groundwater, a separate well drilling permit is required for all wells constructed after July 1, 1987.

IF, FROM THAT WELL, YOU WILL BE DIVERTING WATER FOR MORE THAN ONE HOME AND AT A RATE OF MORE THAN 0.04 CFS AND MORE THAN 2500 GALLONS PER DAY, YOU WILL NEED TO OBTAIN A PERMIT FOR OTHER THAN DOMESTIC USAGE. THE TOTAL FEE FOR SUCH A PERMIT IS \$200.00. IF YOU HAVE ALREADY OBTAINED A DOMESTIC PERMIT, YOU WILL NEED TO UPGRADE YOUR PERMIT AND THE FEE FOR UPGRADING IS \$165.00.

If you have any questions or if I can be of any assistance please feel free to contact me at this office.

Sincerely,

ALLEN BEARDSLEE
Senior Water Resources Agent
