WATER RIGHT LICENSE

WATER RIGHT NO. 85-07560

Priority: August 8, 1991

Maximum Diversion Rate: 0.35 CFS
Maximum Diversion Volume: 148.6 AF

This is to certify, that ELBERT HENDREN
PO BOX 1027
KAMIAH ID 83536-1027

has complied with the terms and conditions
of the permit, issued pursuant to Application for Permit dated June 20, 1991; and
has submitted Proof of Beneficial Use on September 1, 1994. An examination indicates
that the works have a diversion capacity of 0.350 cfs of water from a GROUNDWATER
source, and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>ANNUAL VOLUME</u>
COMMERCIAL	04/01 to 11/01	0.35 CFS	148.6 AF

LOCATION OF POINT(S) OF DIVERSION: Lot 1 (SESE), Sec. 35, Township 34N, Range 03E
LEWIS County

PLACE OF USE: COMMERCIAL
TWN RGE SEC
33N 03E 2 Lot 13(NENE)
34N 03E 35 Lot 1(SESE)

CONDITIONS OF APPROVAL AND REMARKS

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. Commercial use is for an office and log watering.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code.
Witness the seal and signature of the Director, affixed at Boise, this 3RD
day of OCTOBER, 1995.

Acting for KARL J. DREHER, Director

PROOF OF BENEFICIAL USE

The Idaho Department of Water Resources considers this form a statement that the permit holder(s) has/have completed all development that will occur under this permit and that water has been applied according to the provisions of the permit for the beneficial use(s) described below. This form must be accompanied by a license examination fee, when necessary, or be accompanied by a completed field examination report prepared by a certified water right examiner who has been appointed by the department.

1. Permit No. 85-07560 Telephone No. (208) 935-2566

2. Name(s) of Permit Holder(s): ELBERT HENDREN

3. Mailing Address: P.O. BOX 1027, KAMIAH, IDAHO 83536

4. Source of Water: GROUND WATER If GROUNDWATER (well), Date Drilled: mo. 5 / yr. 91

a. Well Driller: UHLENKOTT WELL DRILLING Drilling Permit Number: - - - - -

b. **OPTIONAL:**

Pump Horsepower: 5 Pressure (psi): 60 Dynamic pumping level (ft): 47'

5. Use(s) (as authorized by the water right permit):

Domestic (No. of households): 2 Stockwater (No. and type of stock): -

Irrigation (No. of acres): - Other: Commercial per 9/2/94 letter

6. Total rate of diversion and/or volume for which proof is submitted: .0058 cfs OR - acre feet

7. Measuring Device Requirement: (refer to the approval conditions on your permit and respond accordingly)

(This question is not optional. Please check either yes or no. Proofs returned not checked accordingly, will be considered incomplete)

Measuring Device: Is a measuring device required?

Yes - or No X

Has the measuring device been installed?

Yes - or No X

Flow Measurement Port: Is a flow measurement port required?

Yes - or No X

Has the measurement port been installed?

Yes - or No X

8. Fee Enclosed: \$ - (See Fee Schedule on back of the instructions for filing proof of beneficial use)

9. Person to contact to accompany the Department representative during field examination of the water system.

Name: JANET K. HENDREN Telephone Number: (208) 935-2566

Address: P. O. BOX 1027, KAMIAH, IDAHO 83536

REQUEST FOR EXTENSION OF TIME

TO PROVIDE ADDITIONAL TIME IN WHICH TO SUBMIT PROOF OF
BENEFICIAL USE FOR A WATER RIGHT PERMIT

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time in which to complete development of water right under the provisions of Section 42-204, Idaho Code.

Permit No. 85-07560Name(s) of Permit Holder: ELBERT HENDRENMailing Address: PO BOX 1027 KAMIAH, IDAHO 83536Date Proof is Due 9/1/92 Telephone No. 208-935-2566

Describe what work has been completed toward the development of this water right:

(This must be filled out! If no work has been completed, show "none".)

The well has been drilled and some line purchased & laid.

Costing \$

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

Because the EPA would not allow logging in the National Forests, we were unable to stock pile any logs at the mill. There was no need to install more lines until more logs are available.

Permit holder(s) request an extension to 1-20-93 9/1/94, 19 93 94.

FEE: \$15.00

(Signature)*

*If other than permit holder, Power of Attorney must be supplied.

ACTION OF THE DEPARTMENT OF WATER RESOURCES

IT IS HEREBY ORDERED that the above request for extension of time be APPROVED and the time within which to submit proof of beneficial use is extended to September 1, 1994.

IT IS FURTHER ORDERED that this permit be REINSTATED and the priority date advanced to August 8, 1991, pursuant to Section 42-218a, Idaho Code.

RE: Permit No. 85-07560

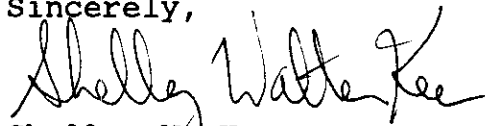

Dear Mr. Hendren:

The above permit is currently being reviewed for licensing. The Department's field examiner reported that your commercial use (log watering) water system actually diverts up to 0.35 cfs. However, because you submitted your Proof of Beneficial Use without filing fees, the license will be limited to a diversion rate of 0.04 cfs.

If you want your water right license to reflect the 0.35 cfs found by the examiner, you must submit the additional examination fee of \$100.00 required for a diversion of 0.35 cfs, plus a late payment penalty of \$25.00, within 30 days. If we receive the examination fees after 30 days from the date of this letter, the priority date of your right will be advanced in accordance with Section 42-217, Idaho Code.

If you have any question, please contact me as soon as possible at (208) 327-7946.

Sincerely,

Shelley W. Keen
Water Rights Supervisor

PROOF ACKNOWLEDGEMENT LETTER

RE: PERMIT NO. 85-07560

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permits.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

If you have questions concerning this matter, please feel free to contact the NORTHERN Regional Office in Coeur d'Alene, at (208) 769-1450.

Sincerely,

JULIE L. YARBROUGH
Senior Secretary

RE: PERMIT NO. 85-07560

DEAR MS. YARBROUGH:

IN REGARDS TO OUR CONVERSATION OF SEPTEMBER 1, 1994; I AM NOTIFYING YOU BY WRITTEN REQUEST TO WAIVE THE REQUIREMENT FOR THE INSTALLATION OF THE FLOW MEASUREMENT PORT. WE ARE PRESENTLY USING A PLASTIC 2" PIPE WITH ROTATING SPRINKLER HEADS.

ALSO, I WOULD LIKE TO WAIVE MY LETTER OF JULY 12, 1994; WHERE I HAD INTENTIONS OF SCRAPING THE IDEA OF DOMESTIC USE ONLY. WITH THE CONTINUING DRY WEATHER CONDITIONS, WHICH IS CAUSING ADDED FIRE PROTECTION, I HAVE HAD TO PUT IN A QUICK SPRINKLING SYSTEM. PLEASE LEAVE THE BENEFICIAL USE THE WAY IT WAS IN THE PAST AND AM SENDING THE PROOF OF BENEFICIAL USE BACK TO YOU.

I AM SENDING YOU A COPY OF THE WELL DRILLER'S REPORT AND WELL LOG. AS I HAVE TOLD IN OUR TELEPHONE CONVERSATION, UHLENKOTT WELL DRILLING DOES NOT RESPOND WELL TO GIVING ME THE INFORMATION THAT YOU NEEDED SO DESPERATELY. THE WELL LOG COPY I HAVE IS NOT LEDGABLE ENOUGH FOR YOU TO READ, BUT IT IS ALL THAT I HAVE IN MY RECORDS.

IF YOU HAVE ANY FURTHER QUESTIONS IN REGARDS TO THIS MATTER PLEASE DO NOT HESITATE TO CALL AT (208) 935-2566.

SINCERELY,

Janet K. Hendren

RE: Permit No. 85-07560

I am returning your Proof of Beneficial Use submitted in connection with the above referenced permit. Before I can complete processing the proof, additional information is required.

A drilling permit is required for all wells drilled, deepened or enlarged after July 1, 1987 (Section 42-235, Idaho Code). You have indicated that the well was drilled by Uhlenkott Well Drilling in 1991. I have not been able to locate a drilling permit or a well log for the well.

If your well was drilled after July 1, 1987, please submit a copy of the drilling permit. The well log should have been submitted by the driller within 30 days of the completion of the well. If you have a copy of the well log, please submit that also. If you do not, please contact your driller and ask that he submit a copy.

Additionally, you state that you will no longer be using the well for commercial use and instead will be applying the water to two (2) households. The nature of use of a water right cannot be changed unless you file for an Amendment of Permit (I have enclosed a copy of the amendment form for your convenience). Be advised that there is a \$50.00 filing fee for the amendment.

Please return the requested information, and resubmit the original returned proof of beneficial use within 30 days of receipt of this mailing.

If you have any questions or if I can be of any further assistance, please feel free to contact me at (208)327-7953.

Sincerely,

A handwritten signature in cursive script that reads 'Julie L. Yarbrough'.

PROOF DUE NOTICE

RE: PERMIT NO. 85-07560

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before September 1, 1994. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

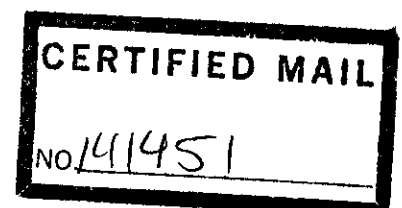

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

JULIE L. YARBROUGH
Senior Secretary

Re: Permit No. 85-07560

Dear Permit Holder:

Enclosed is a copy of the approved request for extension of time. The time within which to submit proof of beneficial use is extended to September 1, 1994. However, since the extension was received after the proof of beneficial use date, it was necessary for the department to reinstate your permit and advance your priority date to August 8, 1991.

Please note that the department has granted this extension based on governmental delay. It is important that you work diligently toward the completion of this project during the construction period allowed. The department may not be able to grant additional requests.

If you have any questions or if I can be of any further assistance, please feel free to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Karen L. Gustafson".

Re: Permit No. 85-07560

Dear Mrs. Hendren:

Per our telephone conversation this morning, attached is a partially completed request for extension of time. This extension is being submitted in connection with the above referenced permit. Please take a look at the explanation that I have provided. If it is incomplete or incorrect, please make the appropriate additions or changes. You will also need to complete the two highlighted areas. These areas are the signature and the date to which you are requesting an extension.

Also, as we discussed, I have begun the process to refund the \$85 license exam fee you submitted with the proof of beneficial use form. The process takes between two and four weeks and will arrive under separate cover. I am also returning the unacceptable proof form. When the project is entirely completed, you can then submit the proof form.

In the future, when you have questions concerning any documentation received from the Department or do not understand the meaning of the correspondence, we encourage you to call the individual who signed the correspondence. That person will be most familiar with your file and more than happy to answer your questions and offer assistance in completing any necessary paperwork. By doing this, we should be able to prevent misunderstandings such as the one that has occurred with this permit. It will also protect you from the loss of your very valuable water right.

Please return the extension request within 15 days of the date of this mailing. In the mean time, if you have any questions or if I can be of any further assistance, please feel free to contact me.

Sincerely,

Karen L. Gustafson

MEMORANDUM

TO: File

FROM: Karen

DATE: January ¹³~~14~~, 1993

RE: Extension Request versus Proof of Beneficial Use

The Department has corresponded several times with the permit holder concerning this permit. Our last correspondence indicated that the permit holder would need to submit two pieces of evidence proving that the water had been beneficially used. However, during a telephone conversation with the permit holder today, it seems the Department mistakenly returned the request for extension of time that was first submitted. The permit holder did not understand what was required to be "complete". The permit holder stated that the well is complete and that some of the line has been laid, however, there is much more line to be purchased and laid. Since the permit holder is not beneficially using the water to the full extent authorized on the permit, an extension request is the proper paperwork to be filed.

I will forward another extension request to the permit holder. Mrs Hendren asked that I complete the extension as best I could from the knowledge I have obtained during our phone conversation. She will then have it signed and returned to me. The 60 day simple reinstatement period has expired on this permit. However, since there was so much confusion on behalf of the permit holder, the Department will accept the extension request and advance the priority date accordingly. I will also refund the overpayment of \$85 from the unacceptable proof of beneficial use.

MEMORANDUM

TO: File

FROM: Karen L. Gustafson

DATE: December 10, 1992

RE: Pending information to reinstate permit

Alan Beardslee called from the Northern Regional Office. They had received a \$15 check from the permit holder with no backup information. I explained that the \$15 was to complete the license examination fee. Alan also stated that Mrs. Hendren was confused about the proof process. She informed Alan that she and her husband may not complete the project. I explained to Alan that we had already rejected a request for extension of time because the project was supposedly complete. Alan explained to her that she would need to submit two pieces of evidence that the well was in use prior to September 1, 1992 or she will send a letter explaining that she wishes to relinquishment the permit. In which case, we will refund the \$100. Alan will receipt the \$15 check and forward the receipt number to me.

RE: Permit No. 85-07560

Dear Permit Holder:

The Department received your proof of beneficial use statement, along with your \$85 fee, for the above referenced permit on November 6, 1992. The permit lapsed on September 1, 1992, so the 60-day late period during which the permit can be readily reinstated has passed.

Because you failed to file the proof of beneficial use in a timely manner, and pursuant to Section 42-218a, Idaho Code, (copy enclosed) the permit can be reinstated only if you submit the following:

- a) Two pieces of evidence to show that beneficial use of the water did commence and to show the extent of the use of water during the authorized permit period from the time the permit was issued until the proof due date, and
- b) Reasonable cause why the proof of beneficial use was filed late.

Your proof of beneficial use statement along with any information which may have been submitted with it, will remain on file in this office for 60 days to allow you an opportunity to assemble and submit the additional required information.

Furthermore, on November 4, 1992, the Department took action to refund the \$15 that had already been submitted because you failed to respond in a timely manner to previous correspondence. If you have not already received the returned \$15, it will be arriving soon. However, since \$15 was returned, you need to submit an additional \$15 to complete the license examination fee. The total fee is \$100, less the \$85 submitted on November 6, 1992, leaves a balance of \$15.

RECEIVED

MAY 21 1993

You should also be aware, that since the proof was filed late, your priority date has been penalized. Provided you supply the requested information, your priority date of June 20, 1991 will be advanced to the date that the additional \$15 fee is received.

If you have any questions or if I can be of any further assistance, please feel free to contact me.

Sincerely,

Karen L. Gustafson

Re: Permit No. 85-07560

Dear Permit Holder:

The Department corresponded with you on October 21, 1992 explaining the need to return the proof of beneficial use along with an additional \$85 in order to be in compliance with our proof due request. That form and fee should have been received by the Department on or before November 1, 1992. As of this date, the Department has received neither of these forms.

Since you originally submitted \$15 with an unacceptable extension of time, it will be refunded to you. I have begun the process to refund the \$15 fee. The process takes between two and four weeks and will arrive under separate cover.

Also, since you failed to file an acceptable proof of beneficial use in a timely manner, your permit is lapsed and of no further force nor effect. Should you wish to attempt to reinstate the permit, several additional steps would now need to be taken. There is also no assurance that the Department would be able to reinstate the permit.

If you have any questions or if I can be of any further assistance, please feel free to contact me.

Sincerely,

Karen L. Gustafson

Re: Permit No. 85-07560

Dear Permit Holder:

Returned are the Proof of Beneficial Use and the Extension of Time submitted in connection with the above referenced permit. There seems to be some confusion as to this filing.

First of all, you cannot submit both forms. You can only submit one. If you are completed with the project, you should file the proof of beneficial use. If you are not completed with the project, you should file the request for extension of time.

From your papers, I have determined that you should file the proof of beneficial use form. Unfortunately, the proof that you filed was not accompanied by the applicable license exam fee. Any time the rate of flow is 0.04 cfs or greater, a license exam fee applies. A license exam fee of \$100 applies to a rate flow of 0.56 cfs. Please see the attached instruction sheet/fee schedule.

Since you have already submitted \$15 with the extension of time, we will hold that fee and apply it to the proof of beneficial use. In order to be in compliance, you must return the original proof form and an additional \$85.

Since proof was due on or before September 1, 1992, it is imperative that you return both the original form and fee on or before November 1, 1992. Should you fail to do so, the Department may not be able to reinstate your permit and it will be prepared for film and destroy.

If you have any questions or if I can be of any further assistance, please feel free to contact me.

Sincerely,

Karen L. Gustafson
Secretary/Records Manager

LAPSE NOTICE

RE: PERMIT NO. 85-07560

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in our proof due notice dated June 30, 1992. No further construction or additional development is authorized under this permit unless it is reinstated.

The permit can only be reinstated if you submit an acceptable proof of beneficial use or an acceptable request for extension of time to the department within sixty (60) days of the mailing of this lapse notice. An acceptable proof of beneficial use submittal must include the examination fee or a completed field examination report. A request for extension of time must be accompanied by a fifteen dollar (\$15) fee.

Enclosed again for your use are a proof of beneficial use form and a request for extension of time form. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a government agency or by litigation which may bring title to the water in question.

PROOF DUE NOTICE

RE: PERMIT NO. 85-07560

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before September 1, 1992. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

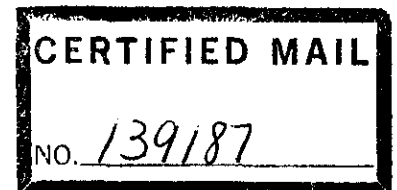

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Karen L. Gustafson
Secretary/Records Manager

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 85-07560

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

Enclosed is a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit. Also enclosed is a form entitled "Proof of Beneficial Use". If your project is already completed you should complete and submit this form immediately.

Be sure to note the special condition requiring you to install a measuring device. Enclosed, for your reference, is a list of measuring device options.

Section 42-235, Idaho Code, requires that a "drilling permit" must be obtained from the department for all wells constructed after July 1, 1987. A drilling permit is a separate permit that must be issued in addition to your permit to appropriate water. Commencement of well construction or diversion of water under your permit to appropriate water is prohibited unless a drilling permit is obtained.

Sincerely,

PAMELA SKAGGS
Technical Records Specialist

Re: Water Appropriation Application

#

85-7560

The Idaho Department of Water Resources hereby acknowledges receipt of the above referenced Application For Permit To appropriate the Public Waters Of The State Of Idaho, and I am returning an unapproved copy of the application at your request. To assist us in providing you with prompt, accurate service, please refer to the above referenced number in all future matters concerning this water right application.

Your appropriation application is currently being prepared for advertising in the county newspaper. This advertisement will be published for two consecutive weeks followed by a waiting period of ten days to allow for the submittal of protests.

If the application is protested during this waiting period, you will be sent a copy of the protest and instructions to aid you in resolving the protest without a hearing. However all protests must be resolved before approval of the application can be made, so if the protestant does not voluntarily withdraw the protest, this department will conduct a conference and/or hearing on the matter.

If the application is not protested it will be forwarded to Boise to be considered for approval by the Director. You will be notified by mail of the Directors decision.

If you have any questions or if I can be of any assistance please feel free to contact me at this office.

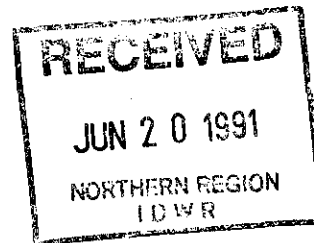

Sincerely,

Tom D. King
Sr. Water Resource Agent

Re: Appropriation Application

Dear Mr. Hendren:

The Idaho Department of Water Resources has received your Application For Permit To Appropriate The Public Waters Of The State Of Idaho. However I regret to inform you that the application is not acceptable in its present form, so I am returning it to you for completion of the map.

I have taken the liberty of providing a map of the section you indicated. The point of diversion and place of use must be labeled and the place of use must be outlined as well. The point of diversion and place of use must agree with items #3 and #9.

The Map must be completed and returned with the application to this office within 30 days of the above date. Failure to communicate with this office within that time may result in the voiding of your application.

If you have any questions or if I can be of any assistance please feel free to contact me at this office.

Sincerely,

Tom D. King

Dear Mr. Hendren:

Mr. Tim Uhlencott requested that we furnish you with the forms necessary to drill a well and obtain a water right. Those forms are enclosed, however I thought it might help to explain the necessity of filing.

Water rights are use rights which can not be developed in trespass and do not constitute permission to go upon or across the lands of another, including public lands. It is a violation of the law to divert water in the state of Idaho without the benefit of a valid water right.

The only method of obtaining a valid water right is through filing an Application for Permit To Appropriate The Public Waters Of The State Of Idaho. Unless the use of water ... "is for homes, organizations camps, public campgrounds, livestock and for any other purpose in connection therewith, including irrigation of up to one-half ($\frac{1}{2}$) acre of land, if the total use is not in excess of thirteen thousand (13,000) gallons per day, or" (any) "other uses, if the total use does not exceed a diversion rate of four one-hundredths (0.04) cubic feet per second and a diversion volume of twenty-five hundred (2,500) gallons per day.

If you have any questions or if I can be of any assistance please feel free to contact me at this office.

Sincerely,

Tom D. King
Sr. Water Resource Agent

Re: Appropriation Application

Dear Mr. Hendren:

The Idaho Department of Water Resources has received your Application For Permit To Appropriate The Public Waters Of The State Of Idaho and your filing fee in the amount of \$45.00 for which receipt #N-004463 is enclosed. However I regret to inform you that the application is not acceptable in its present form, so I am returning it to you for clarification or completion of the following:

Item #3: The legal description of the point of diversion must be described by 10 acre parcel (for example ... SE $\frac{1}{4}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$) Section, Township and Range as established by the public land survey. This item must reflect the same location as indicated on item #13.

Item #6: a. You must describe the method you plan to use to appropriate the water, and how it is to be applied.

Item #9: This item must be completed by listing the location of all proposed water uses to the nearest 40 acre tract. This may be done by following these steps: First insert Township (Twp.) Ranges (Rge.), Sections (Sec); next, identify each use and location of that use within the section by placing the indicated symbol in the appropriate box as shown below.

STOCKWATER =S; GROUNDWATER RECHARGE =E; DOMESTIC =D; COOLING =L; HEATING =G;
FISH PROPAGATION =H; MINING =X; MUNICIPAL =M; RECREATION =R; COMMERCIAL =C;
FIRE PROTECTION =F; INDUSTRIAL =I; POWER =P; AESTHETICS =J; WILDLIFE =W;
IRRIGATION = (NUMBER OF ACRES TO BE IRRIGATED IN EACH 40 ACRE TRACT);

Twp.	Rge.	Sec	NE 1/4				NW 1/4				SW 1/4				SE 1/4				TOTALS
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
50N	04W	3	S	D	L	I	20	10	6										36

This example shows that within Township 50 North, Range 4 West, Section 3, there is Stockwater use in the NE $\frac{1}{4}$ NE $\frac{1}{4}$; Domestic use in the NW $\frac{1}{4}$ NE $\frac{1}{4}$; Cooling (L) in the SW $\frac{1}{4}$ NE $\frac{1}{4}$; Industrial in the SE $\frac{1}{4}$ NE $\frac{1}{4}$; and irrigation of 20 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$; 10 acres in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ and 6 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$. For a total of 36 irrigated acres.

SEP 05 1991

The property listed in this item must be the same property as shown on the map.

Item #10: Describe any other water rights you possess, by number if possible. If none, then please so indicate.

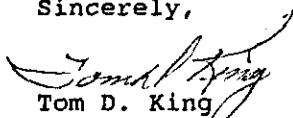

Mr. Elbert Hendren
Page Two
May 2, 1991

Item #13: An application is not acceptable without a map or plat of sufficient scale (not less than two inches equal to one mile) to show the proposed project. I have taken the liberty of providing a map of the section you indicated. The point of diversion and place of use must be labeled and the place of use must be outlined as well. The point of diversion must agree with item #3 and the place of use must agree with item #9.

The Application must be completed and returned to this office with any other information you deem appropriate within 30 days of the above date. Failure to communicate with this office within that time may result in the voiding of your application.

If you have any questions or if I can be of any assistance please feel free to contact me at this office.

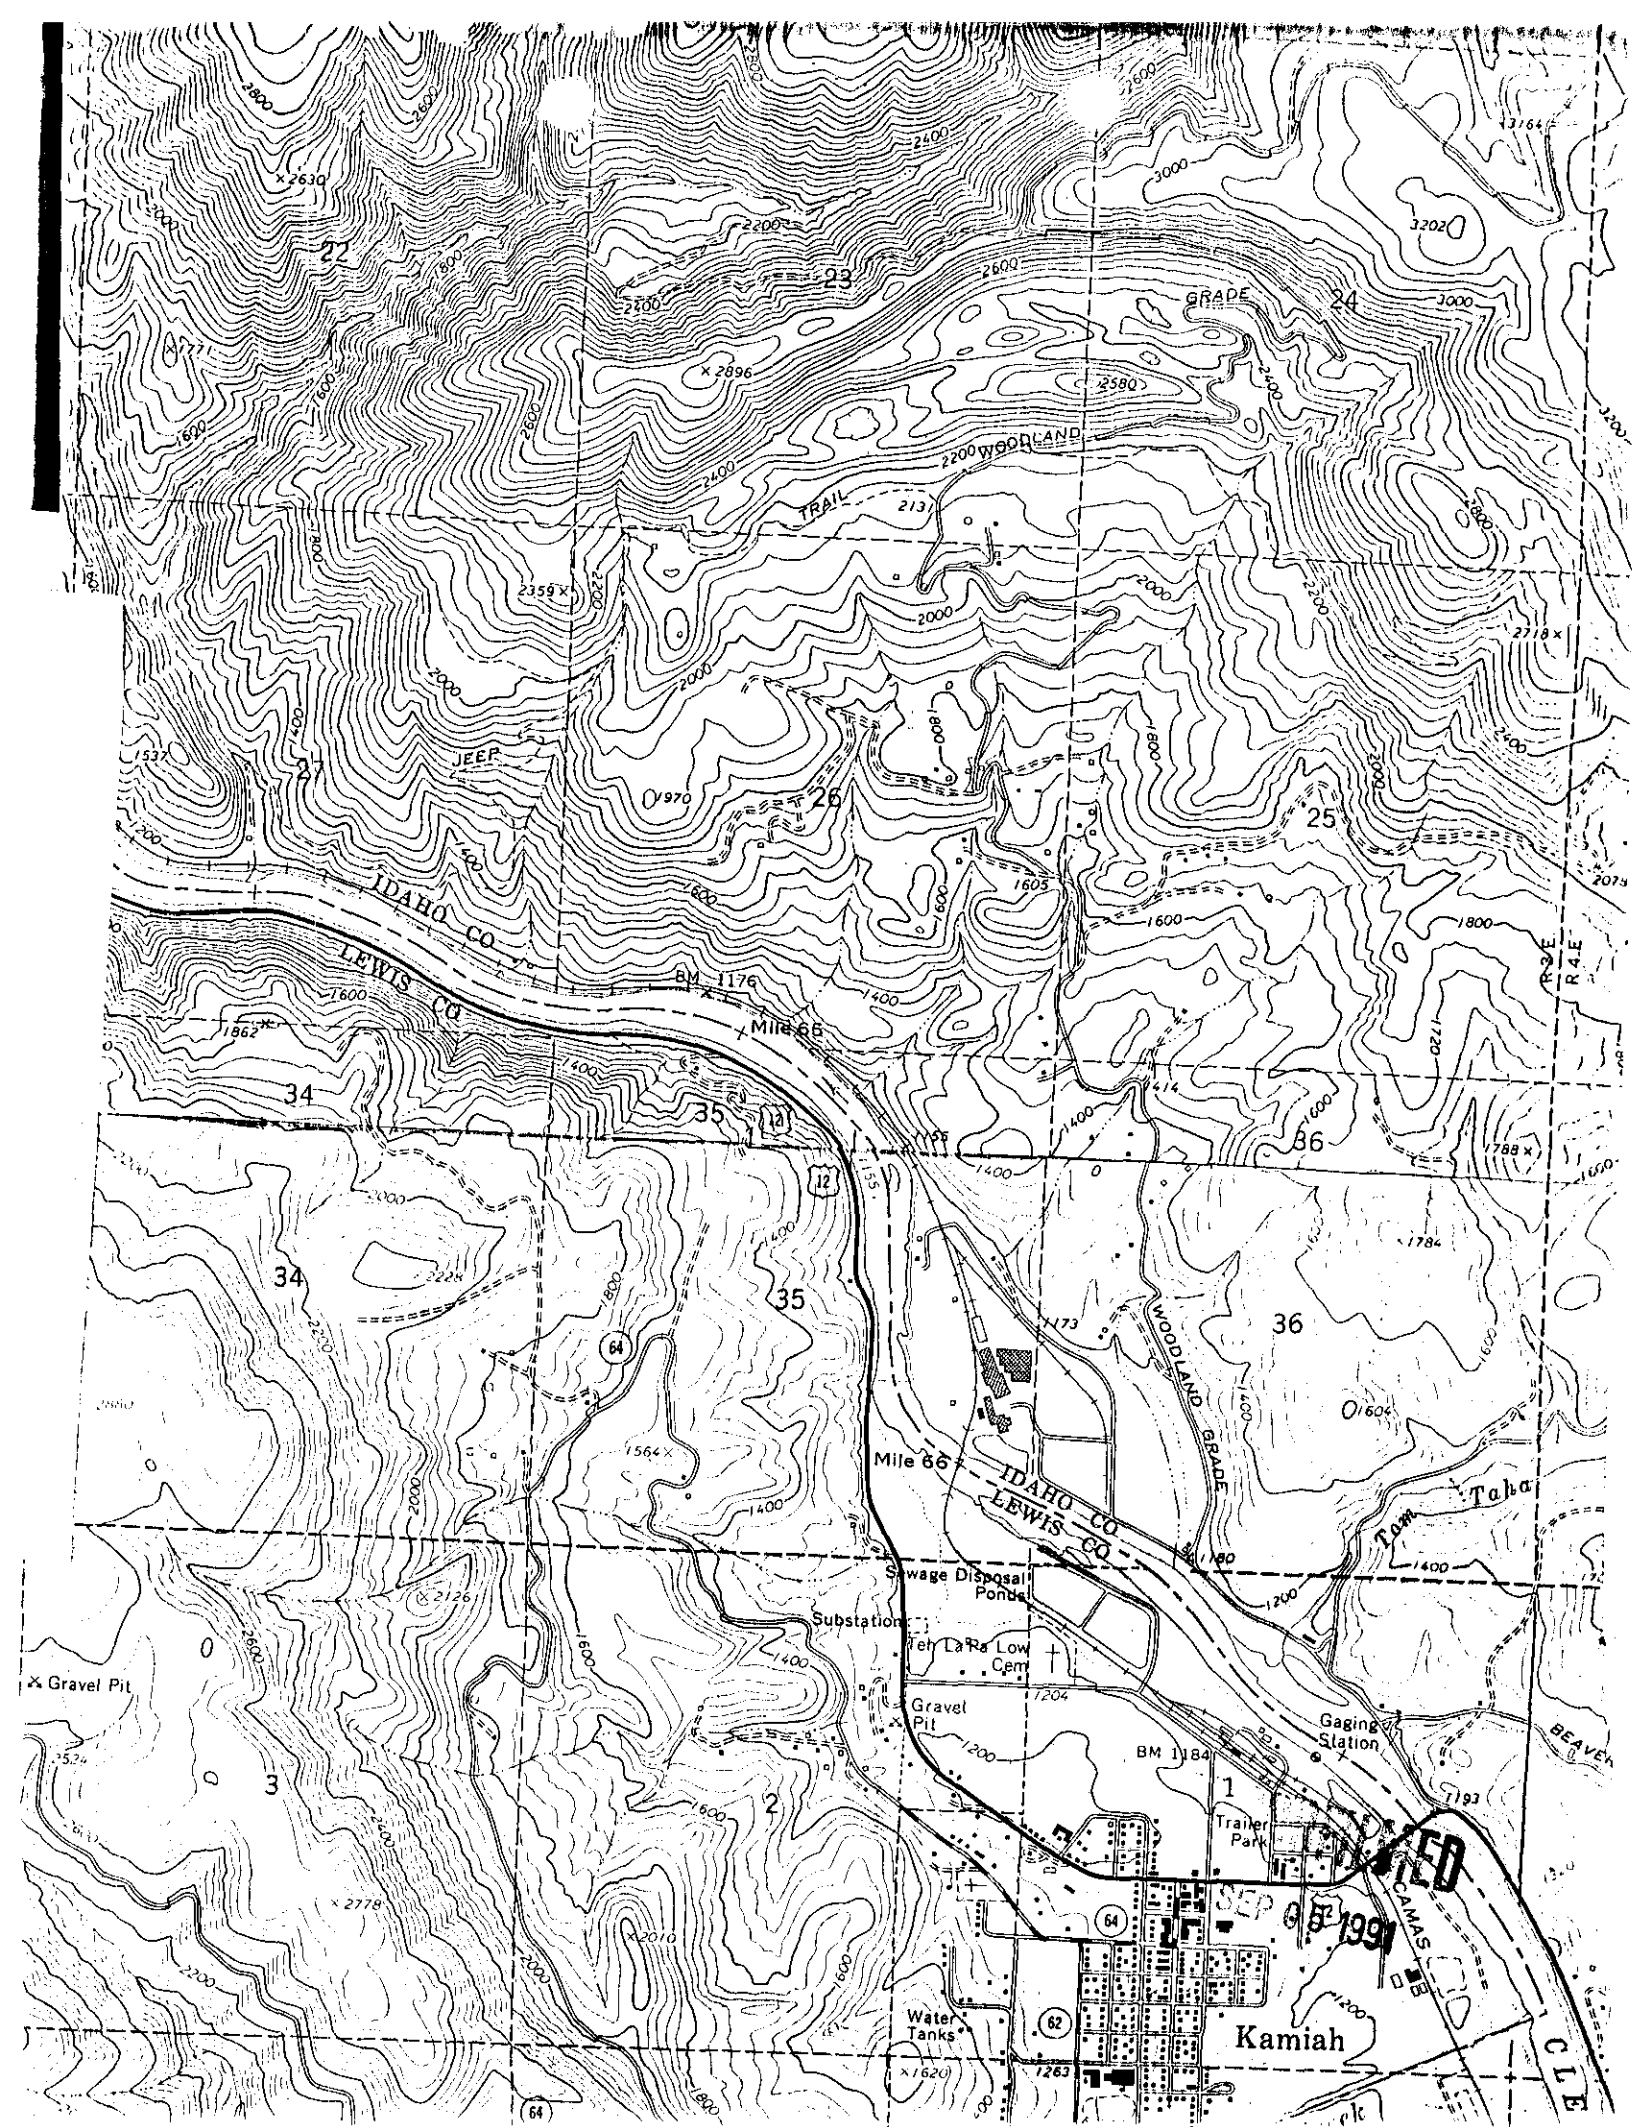

Sincerely,

Tom D. King
