$$V_{D.R.} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 = .06 \times 153 \times 1.9835 = 18.2$$

$$V = \text{Smaller of } V_{I.R.} \text{ and } V_{D.R.} = 15$$

RE: PERMIT NO. 85-07547 PROOF DUE NOTICE

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before June 1, 1992. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

Re: Water Appropriation Application # 85-07547

Dear Applicant:

The Idaho Department of Water Resources acknowledges receipt of your Application For Permit To appropriate the Public Waters Of The State Of Idaho and have assigned to it the above referenced number. To assist us in providing you with prompt, accurate service, please refer to this number in all future matters concerning this application.

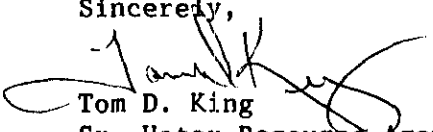

Your application is currently being prepared for advertising in the county newspaper. This advertisement will be published for two consecutive weeks followed by a waiting period of ten days to allow for the submittal of protests.

If the application is protested during this waiting period, you will be sent a copy of the protest and instructions to aid you in resolving the protest without a hearing. However all protests must be resolved before approval of the application can be made, so if the protestant does not voluntarily withdraw the protest, this department will conduct a conference and/or hearing on the matter.

If the application is not protested it will be forwarded to Boise, where departmental staff will conduct a more in depth review of the application, to determine if there is a need for further information that will facilitate the Directors decision on the application. You will be notified by mail of this decision.

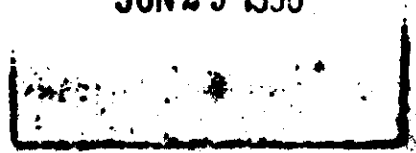

If you have any questions or if I can be of any assistance please feel free to contact me at this office.

Sincerely,

Tom D. King

Re: Water Appropriation Application

Dear Applicant:

The Idaho Department of Water Resources has received your Application For Permit To Appropriate The Public Waters Of The State Of Idaho and your filing fee of \$30.00 for which receipts #N-003416 and #N-003567 are enclosed. However I regret to inform you that the application is not acceptable in its present form, so I am returning it to allow you to clarify / complete the following:

Item #5: You must list the total diversion rate in cfs which can not be less than the largest amount in item #4.

Item #9: This item must be completed by listing the location of all proposed water uses to the nearest 40 acre tract. This may be done by following these steps: First insert Township (Twp.) Ranges (Rge.), Sections (Sec); next, identify each use and location of that use within the section by placing the indicated symbol in the appropriate box as shown below.

STOCKWATER = S; DOMESTIC = D; COOLING = L; FISH PROPAGATION = H;
RECREATION = R; COMMERCIAL = C; FIRE PROTECTION = F; INDUSTRIAL = I;
MINING = X; AESTHETICS = J; GROUNDWATER RECHARGE = E; WILDLIFE = W;
HEATING = G; MUNICIPAL = M; POWER = P; IRRIGATION = (NUMBER OF ACREAGE TO BE IRRIGATED IN EACH 40 ACRE TRACT);

Twp.	Rge.	Sec	NE 1/4				NW 1/4				SW 1/4				SE 1/4				TOTALS
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
50N	04W	3	S	D	L	I	20	10	6										

This example shows that within Township 50 North, Range 4 West, Section 3, there is Stockwater use in the NE¼NE¼; Domestic use in the NW¼NE¼; (L) in the SW¼NE¼; Industrial in the SE¼NE¼; and irrigation of 20 acres in the NE¼NW¼, 10 acres in the NW¼NW¼ and 6 acres in the SW¼NW¼.

Item #10: Describe any other water right you possess, by number if possible.

JUN 29 1990

Mr. Robert L. Lovelady

Page Two

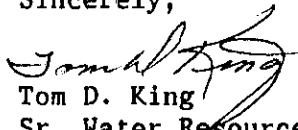

February 12, 1989

Item #13: The point of diversion and place of use must be labeled and the place of use must be outlined as well.

The application must be signed by the applicant listed on the application and returned to this office with any other information you deem appropriate within 30 days of the above date. Failure to communicate with this office within that time may result in the voiding of your application.

If you have any questions or if I can be of any assistance please feel free to contact me at this office.

RE: Snake River Basin Claim/ Application for Permit

Dear Sir:

As per our phone conversation 01/25/90 we are returning your claim to water rights within the Snake River Basin Adjudication.

Please find enclosed the Application for Permit which I filled out for you based on your claim. It is your responsibility to review all of the information on the Application for Permit, initial any changes and send it back to this office to my attention with an additional \$5.00 to cover the \$30.00 filing fee.

There is no filing deadline for the Application for Permit, but Idaho State Law requires people to attain water rights before diverting surface water.

If I can be of further assistance, please feel free to contact me at this office.

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.
