Licenses #85-7509, 85-7510 and 85-7512, and
Notices of Claim to a Water Right #85-10897 and 85-10898

Dear Mr. Stillman:

As promised during our telephone conversation this morning, the following are the results of my research:

- #85-7509 – License – Carl W. Stillman and Edgar E. Rogers
- #85-7510 – License – Carl W. Stillman
- #85-7512 – License – William C. Stillman

- #85-10897 - Recommended as Claimed – Carl W. Stillman and Edgar E. Rogers.
- #85-10898 – Has not been recommended yet – Carl W. Stillman and Edgar E. Rogers.
- #85-10899 – Decreed – Edgar E. Rogers
- #85-10901 – Recommended as claimed – William C. and Carol Stillman
- #85-11328 – Decreed – William C. Stillman et al

As I mentioned this morning, I looked in each adjudication file and each license file and did not find an ownership change. You will see at Item #8 in the instructions on the ownership change form, there is a \$25.00 fee to change the ownership of those rights which have been decreed, and no charge for those which are still pending before the court. As you can see, there is also a \$25.00 fee to change the above licenses, if you choose to do so.

Please write "attention Sally" on the envelope to ensure the ownership change gets right to me, and write your water right numbers on the map(s), pointing out your Point(s) of Diversion and Places of Use.

Dear Donnel?

I should have got your extension # as I wrote an incomplete Fax #. I found your web site and am sending these pages now. I got the partial decrees for 85-11328, 85-10900, and 85-10899 - *missing* stamped on Dec 29, 2000 at 02:00. February 8, 2001 District Court -SRBA Twin Falls Co. The one to William and Edger had not been corrected as I tried to request in my letter of 5-21-99.

I am Faxing the 9 pages of that letter as that is still what I need to do and what I need to find out about.

I can plan a trip to the Boise area to perhaps help sort my mess out with a Roxan Brown when she can set up a date.

Dear Mr. Dreher,

On March 12, 1999 you sent us a letter regarding Domestic and/or Stockwater Rights in Reporting Area 22, Basin 85 Snake River Basin Adjudication with forms AJ5855NP, Individual Listing from Director's Report of Water Rights Acquired under State Law.

Our family ranch uses water from three individuals who received this same letter. They are:

85-11328 William C. Stillman Etal
85-10900 Carl W. Stillman
85-10899 Edgar E. Rogers (now deceased)

In reviewing these letters we have found several errors which we would like to have corrected.

1. 85-10899 Edgar E. Rogers, passed away October 16, 1991. Enclosed is form 42-1409(7), New Property Owner, Notice of change of Water Right Ownership.
2. 85-10899 -- At point of diversion and at place of use there are legal description corrections. Please note the corrections on form AJ5855NP. The corrections are marked with **bold print** and underlined. A highlighter mark will help you find the places where corrections are necessary.
3. 85-10900 — Carl W. Stillman No errors found
4. 85-11328 --- William C. Stillman Etal — Errors in legal description on point of diversion, and place of use. The corrections are marked with **bold print** and underlined. A highlighter mark will help you find the places where corrections are necessary.

We would like to know the status of these water rights and what we need to do to finish up these claims. I have enclosed a chart that shows the information that we have on each of these claims. Any assistance that you can give us would be greatly appreciated.

Dear Mr. Stillman:

Re: Permit Nos. 85-7509, 85-7510 and 85-7512

I received your letter of March 13, 1989 in which to discuss filing the proof of beneficial use forms and whether a fee is required or not.

For most uses, the department charges a licensing exam fee. This fee is determined first, by the use and second, by the rate of diversion. If the use is stockwater water only or stockwater and a single family domestic use or single family domestic use only, there will be no fee charged. If the use, whatever it might be, is 0.04 cfs (18 gpm) or less, there is no fee. For multiple single family domestic uses where the diversion rate is 0.04 cfs, there is no fee. For multiple single family domestic uses where the diversion rate is 0.04 cfs or greater, there is a fee.

I note that Permit No. 85-7512 shows three domestic uses at a rate of 0.08 cfs. For this filing, there would be a \$50 licensing exam fee. For Permit Nos. 85-7509 and 85-7510, there would be no licensing exam fees.

In answer to your question about completing the proof of beneficial use forms, you can complete and return one for any permit as soon as that project is complete. Upon receipt of the proof form, the department will notify the regional office. As soon as staff is available, a field inspection will be conducted.

I understand that you contacted our office and did not get an answer on March 13, 1989. At that time our telephone system was being converted to a new prefix. Our office number is now 327-7900. I apologize for the inconvenience.

If you have any question concerning this matter, please feel free to contact this office.
