H. REMARKS AND OVERLAP REVIEW ANALYSIS

The discrepancy in the location of his ~~point~~ point of uses in 85-04425 and 85-07472 is due to the difficulty in finding ~~your~~ exact location on the map. I believe that both places are one and the same. The spring under 85-04425 is on his side of the road and down the hill. The new spring under 85-07472 is located across Mr. Henry Harmon's residence. Dear Mr. Harmon:

Re: Permit No. 85-7472

This office acknowledges receipt of the proof of beneficial use form. The next step is for the department to conduct the field inspection to confirm and determine the extent of beneficial use.

Reference is made to the note at the bottom of the proof of beneficial use form which asks, "why this form dated as 7-3-89 was not acceptable". The department has no indication that a submittal was made prior to September 26, 1989. Since this date is after the September 1 due date the permit lapsed. The enclosed order reinstates the permit and changes the priority date from June 22, 1988 to July 17, 1988.

If you have any questions please contact this office and ask for Rita Fleck or myself.

Sincerely,

NINA K. SHIELDS

RE: PERMIT NO. 85-07472

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced water permit has lapsed. This office did not receive either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time. You were provided the proper form in our proof due notice to you dated June 30, 1989.

Your permit cannot be reinstated unless you submit proof of beneficial use or submit an extension of time request showing reasonable cause for delay. Either the completed proof of beneficial use submittal (including the examination fee or a completed field examination report) or the extension request form together with the \$15 fee must be received by this department within sixty days of the date of mailing of this lapse notice or the permit will no longer be of any force or effect.

A proof of beneficial use form and a request for extension of time form are again enclosed for your use. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a governmental agency or by litigation which might bring title to the water in question.

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before September 1, 1989. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.
