Dear Sirs,

I need to know if any type of water permit or claim is on record for the following described property:

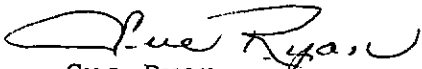

Township 32 North, Range 4 East, Boise Meridian,
Idaho County, Idaho, Section 32:

Part of the NE $\frac{1}{4}$ NE $\frac{1}{4}$

This consists of approximately 2.5 acres. When I purchased this property in January, 1983, the realtor assured me that water rights were included, two wells plus irrigation rights from the South Fork of the Clearwater River. However I have nothing that says so.

Any information you can give me will be very much appreciated.

Sincerely yours,

Dear Mr. Stone:

One of the conditions of approval of your water Permit No. 82-7003 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before March 1, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Re: Application for Permit No. 82-7003

Mr. Charles M. Stone
403 North State Street
Grangeville, Idaho 83530

Dear Mr. Stone:

We are returning your application to appropriate the public waters of the State of Idaho for clarification of the following issues:

The point of diversion you have listed under Item 3A, being described as the NE¹/₄NE¹/₄, Section 32, Twp. 32 N, Rge. 4 E, B.M., does not agree with the map you have submitted under Item 11 of the application. From all indications, the map shows the point of diversion to be in the NW¹/₄NW¹/₄, Section 33, Twp. 32 N, Rge. 4 E, B.M. Please correct the application and return it for processing.

Your assistance in this matter is most appreciated.

Very truly yours,

Donald W. McEldowney
