RE: Permit No. 85-7350

Dear Permit Holder:

We acknowledge receipt of your statement submitted as proof of beneficial use for the above referenced permit.

Before a Water Right License can be issued, a field examination must be made by a representative of this department.

A condition of approval of your original permit required the installation of an access port which, according to the proof card submitted by you, has not been installed. An access port must be installed prior to the time a field examination is made.

A field examiner will contact you to arrange to examine your system.

If you have any questions regarding the field examination, please contact this office by phone at 667-6484 or in person at our office.

Sincerely,

/S/

Dear Mr. Hairston:

I am returning your Check No. 98-228 in the amount of \$40.00 and your two Applications for Permit. I made the changes we discussed, but the one application needs clarification of Item No. 8a1. It seems you have listed the point of diversion instead of the place of use.

I have in pencil written "Home SENW?? and "Stock SWNE?" in Item No. 8a1 and Item No. 11. If these are correct, please removed the SENE, Sec. 21 and write "SWNE and SENW Sec. 21" in its place.

If you have any questions, please contact me at this office.
