RE: Permit No. 85-7294

Thelma Schober
Cottonwood, ID 83522

Dear Ms. Schober:

We previously forwarded an amendment form to you for signature and asked that you return it with it's \$20.00 filing fee so that we could proceed with license issuance on the above referenced permit.

You signed the amendment form and returned it to us without a fee. We requested the fee once again and received a note from you stating that a county officer informed you that you did not need to pay the fee since you had paid for the permit before. An outside entity is really not in a position to advise water right holders as to what they are and are not required to pay. Therefore, we offer the following an an explanation.

You paid a filing fee of \$30.00 in 1982 when you filed the application for permit to appropriate water. This fee covered the cost of advertising the application in the local newspaper for two consecutive weeks. You have had to pay no further fee for this water right up to this point. When the proof of beneficial use form was submitted for this right, no fee was required since the amount of water you were using was only 0.04 cfs. Then our field examiner made his inspection of your water delivery system and found that the water was being used for stockwater purposes rather than domestic purposes for 1 home as originally filed. For this reason, an amendment is needed to change the type of use to reflect the actual use of water on the final license. The filing fee for any amendment is \$20.00.

You also asked if it was necessary to send amendments every year. Once the fee for this amendment is paid, a license will be issued on this water right. A license is the final step in the water appropriation process, therefore, you will not be requested to file an amendment for this right again.

MICROFILMED

SEP 24 1990

I hope this serves to answer your questions; please feel free to contact us if you need further assistance in any way. We will hold the licensing amendment here for 15 days to allow you to submit the fee. If the fee is not received in that period, we will commence proceedings to void the permit for failure to comply with the requirements of the permit.

Sincerely,

SHARLA CURTIS

Sir, I am getting requested at your remarks -
I paid for that water rights and you have to
send it to me. In 2 years I have been that
whenever outfit working on the spring &
they were held up for one season because the
big equipment got mired down in swampy
place to dig the 150 ft ditch to get the pipe put
in - It took them a while to get the right
place - & finally they put the cement rings in
4 x 5 rings - then I had them put one more
ring in to get it in place on the level of
the ground - such a mucky outfit - now the
spring has top on so all I need is the electric
pump to get water to the house so as as
the Builders have time to get every thing
ready - they have lumber -

now Oct 8 - Bill has his operation
it will be some time till he can do much
work until therapy is complete
now I have worked hard to get

this done for the summer - I am not there now
it's just helping - now you do your part &
see that the papers are ok. This is summer now
Russia - I have many former meetings to go to -
and have people today are not Patriotic

Dear Mrs. Schober:

As per our telephone conversation, it is possible to withdraw the Proof of Beneficial Use to provide additional time to complete the system.

However, in order to do this, we need a letter from one of the applicants requesting withdrawal. Please do this and send the letter to the Department of Water Resources, Statehouse, Boise, Id. 83720.

If we can be of any further assistance, please contact us.

Re: Permit No. 85-7294

Returned is the request for extension of time form.

I've reviewed the proof of beneficial use form and water right file and will accept the form since the spring water is being used for stockwater. I've forwarded a copy of the proof form to the region.

Since the department is accepting the proof of beneficial use form, I'm returning the request for extension of time form.

Dear Ms. Schobar:

Re: Permit No. 85-7294

In response to your note at the bottom of the March 31, 1987 letter, you may or may not need a permit depending on the use of the water.

The permit indicates that water was proposed to be used for domestic use for one household from two springs tributary to Cottonwood Creek. According to Sec. 42-201, Idaho Code, a valid water right is necessary to legally divert and beneficial use of the water for a single family domestic use with a surface water source (springs). (Note that for 12 head of stock, the use is considered as part of a domestic use). If there is no diversion of water from springs or if the water is considered to be from a well, then no permit is necessary.

Returned is the a copy of the proof due letter and forms. Please review the information and act accordingly.

If you have any questions concerning this matter, please feel free to contact this office.

Sincerely,

RITA I. FLECK
