Dear Mr. and Mrs. Vawter:

Re: Permit No. 85-7283

PROOF DUE NOTICE

One of the conditions of approval of your water Permit No. 85-7283 was that proof of the extent of your beneficial use must be submitted to this office on or before March 1, 1984. (See last page of your approved permit on your last approved extension request). Enclosed is a postcard which may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either the beneficial use postcard or a request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty days of the mailing of the lapse notice, the permit will no longer be of any force or effect.

Dear Mr. and Mrs. Vawter:

Re: Permit No. 85-7283

Enclosed is a copy of the approved request for extension of time. The time within which to submit the statement of beneficial use is extended to March 1, 1984.

The 1982 Idaho Legislature added a requirement that as a permit holder you must commence the excavation or construction of diverting works within one year of the date a permit is issued. In the case of this extension, you must commence works within a year from the day the extension is signed and proceed diligently until the project is completed. The enclosed blue postcard must be completed and returned to this office as soon as you commence construction. If you are still prevented from commencing works eleven months from now, note the reason on the blue card and return it then.

Sincerely,

RITA I. FLECK
