Gentlemen:

Please consider this a request for an extension of ~~sixty~~ (60) days on Permit No. 85-7120.

We will be unable to have this well in operation by May 1, 1977 due to the fact we are now in the process of the installation of the pump and building the pump house.

We appreciate your consideration on this matter.

Dear Sir;

This letter acknowledges receipt of your letter to the City of Grangeville, dated 2/28/77.

The City of Grangeville has contracted with Uhlenkott Well Drilling Company to install the well house, pump, and related facilities, in order to put the previously drilled well into operation.

We have contacted Mr. Uhlenkott and he feels that he will have his work done and the well in operation by your deadline date of 5/1/77.

Providing some unforeseen delay occurs, we will make a request for an extension of time on, or before May 11.

Very truly yours,
Edwards & Howard, Inc.

Dear Ms. Edwards:

One of the conditions of approval of your water Permit No. 85-7120 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before May 1, 1977. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Ms. Edwards:

Your April 21 letter indicated that you will not be able to complete the appropriation of water under your Permit No. 85-7120 before May 1, 1977, the date on which proof of beneficial use is due.

We will notify you 60 days prior to May 1, 1977, that proof of beneficial use is due and we suggest that you delay requesting an extension of time until you receive that notice.

The type of measuring device that you propose to install is certainly adequate. If we can be of further assistance or if you have any questions on the permit, please let us know.

Sincerely,

Gentlemen:

We are returning your Application for Permit to appropriate public water. This application must be accompanied by a \$45 filing fee before it can be accepted.

Please note that we have changed the use listed in Item 4 from domestic to municipal. In addition, the quarter-quarter section in which the well is located must be listed in Item 3a of the application. The written description of the well location given on the map does not correspond to the location shown on the map within Section 20. That location would be the SE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 20. Please list the correct location in Item 3a.

The application should be signed by the Mayor or the City Manager for Grangeville. Please indicate the office held by the individual under the signature.

Since the application must be processed in our Coeur d'Alene Office, it would expedite matters if you returned it directly to us at the above address.

If you have any questions, please do not hesitate to contact us.
