Re: 85-7111

Dear Mr. Wylde:

On September 2, I attempted to do a water rights exam for the above-referenced permit. I located a spring supplying domestic water, but that system appeared to be covered by Claim No. 85-4030.

I did locate another water line nearby, but the legal description did not match that on your permit and it did not appear to be connected to any home.

Please contact me so this matter can be cleared up and a water license can be issued.

Dear Mr. Wylde:

Enclosed you will find an application for permit form as you requested in your letter of October 28, 1973.

We have also notified our main office in Boise to send you a copy of License No. 85-2101 in the name of E. L. Tracy. You should receive this copy shortly. If you are now the owner of the land covered in the license, you would then possess the water rights under the license. We do not change the names on these licensed water rights when the land is transferred.

We hope this answers your questions, and if you need any assistance in completing the enclosed form, feel free to contact us.

Very truly yours,

Fred Eisenbarth

Dear Sir:

I would like to file a
Water right on a spring which is
near a spring which does have
a water right on it (# 85-4030)
Would you send me an application
form.

Ans: I would like copies of the
2. water rights on the Creek (same Alene)
I bought the place from E.L. Tracy Lemora,
Idaho 2 years ago and didn't get copies
of the water rights. 85-2101

When I wrote about this 2 years
ago you said they (water rights) didn't have
to be transferred to me is this still
the way it is?

Sincerely
Ed Wyde

P.S

The name of the creek is Rattlesnake
Creek which empties into Clearwater
1 mile below Laramie, Idaho.

The water right is either under
E. L. Tracy or Ed Wyde.
