Dear Mr. Zenner:

We have typed two Applications for Permit using the information you listed on yours, and we are returning them for your review and signature. Please check all items on the applications, making any changes necessary. The 0.04 cubic feet per second for domestic purposes is equivalent to 18 gallons per minute.

If all items are in order, please sign both forms at the bottom of Page 3 and return them to our office along with the \$35 filing fee (\$10 for the domestic well, \$25 for the irrigation well).

We have also enclosed six Claim to a Water Right forms as requested in your letter. If we may be of any further assistance, feel free to contact us.

Very truly yours,

FRED EISENBARTH
Northern District Manager

Dear Mr. Zenner:

Re: Permit Nos. 85-7082 & 85-7083

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our regional office in **Coeur d'Alene**.

Dear Mr. Zenner:

We have a Northern Regional Office in Coeur d'Alene who could answer your questions concerning your measuring device. Their office is located on Government Way in Coeur d'Alene.

The proof affidavits should be completed if your projects are finished, even if you do not plan to irrigate until June 1, 1979. Our field examiner can schedule a field examination with you after that date so an accurate reading can be made.

If your projects are finished, please complete the enclosed proof of beneficial use affidavits and return them either to this office or to the Coeur d'Alene office upon your visit. However, if the work on your projects is not completed, the enclosed extension request should be filled out and mailed to this office.

If you have any questions, please contact us.

Sincerely,

JAN GROVER
Water Rights Supervisor

Re. Permit No. ^{Department of Water Resources} 85-7082

In regard to making proof of
Beneficial use.

I don't know what you ~~want~~
want, in regarding measuring device.

Do you know of some concern in
my area who could do measuring etc.

Or is there some one in your depart
that I could visit ~~with~~ with.

I won't be starting until
app June 1st, you want proof by
May 1/79.

So I'm asking for an extension of time
till after June 1st starting date.

Also I would like to visit with
some one from your department, so I
know what way to go.

Thank you

Dear Mr. Zenner:

One of the conditions of approval of your water Permit No. 85-7082 & (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before May 1, 1979. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect.

Dear Mr. Zenner:

Re: Permit Nos. 85-7082 and 85-7083

You recently requested the specifications for the access port that may be required on your Permit No. 85-7082. The measuring device equipment, however, has not been purchased and therefore the final design of the access port is not known.

You will be sent the specifications as soon as a measuring device is selected. Until these specifications are sent you, you are free from installing any device unless you choose to install a measuring device for your own use.

Your Permit No. 85-7083 did not require a measuring device since it is only for domestic use. Proof of completion and beneficial use is due on both permits on May 1, 1979 and you will be notified of that due date 60 days prior to it. Enclosed, however, are two "proof" forms if you wish to make proof now.

Please let us know if you have any questions in this matter.
