Dear Mr. & Mrs. Steiner:

One of the conditions of approval of the above referenced water right permit was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1978. The enclosed affidavit form is the document you must complete and submit as the proof of application of water to beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Steiner:

We are returning your application for permit. Before we can accept any application, it must be completed and accompanied by the proper filing fee.

We have re-typed your application in an effort to meet our minimum standards; however, we will need the following items completed before it will be acceptable:

- Item 3a: Please give the location of the point of diversion by 40-acre tract or government lot.
- Item 7b: An estimated cost of the well and pump would be helpful.
- Item 8a: This item would be the same as Item 3a if the water is used at the well site.
- Item 11: Please complete the map showing the location of the point of diversion and the place of use.

After completing the above items, please sign at the bottom of Page 3, return the application to our office along with the required \$10 filing fee, and we shall begin its processing.

If you have any questions, feel free to contact us.
