In the pit is a one-half horsepower centrifugal pump for use when small amounts of water are used for livestock water and yard and garden irrigation. Another centrifugal pump will be added to provide pressure to the irrigation pipeline and sprinkler heads.

Extending east will be 1400 feet of three inch aluminum pipe and two-300 feet three inch laterals with sixteen sprinkler heads to irrigate 22 acres. Extending west is 100 feet of three inch galvanized pipe buried three feet deep with a gate valve and ground level attachment for irrigation pipe to irrigate a three acre field. At this same point is attached, approximately seven hundred feet of one and one-half inch plastic pipe with five one-inch outlets and valves for yard garden and livestock water, and one and one-half inch outlet with gate valve graduated to three inch for irrigation attachment to irrigate a four acre field.

Dear Mr. & Mrs. Bodine:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell during which part of the irrigation season this examination will be made, but our examiner will try to contact you at the time he makes the exam so that you may show him the system.

If you have any questions regarding the field examination, please contact our Regional Office in Coeur d'Alene.

Sincerely,

JANICE RENK

Dear Mr. & Mrs. Bodine:

One of the conditions of approval of your water Permit No. 85-7032 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before March 1, 1977. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
