Dear Mr. Holes:

One of the conditions of approval of your water Permit No. 85-7023 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before February 1, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."

Dear Mr. MacGregor:

We are herewith returning the application for permit and filing fee that you submitted in the behalf of Ray Holes.

Please note that under item 3 you have listed the point of diversion as being in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of section 13, T. 30 N, R. 2 E, B. 11. However, the map on page three indicates the point of diversion as being in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of the same section, township, and range. Also note under item 4 that the maximum quantity that we could approve for irrigation would be .02 c.f.s. per irrigated acre, .02 c.f.s. per each domestic unit, and .02 c.f.s. for your use of stockwatering. You will also be required to list the number of acres to be irrigated in each 40-acre subdivision under item 8b.

As soon as you have cleared these matters and resubmitted the application, we will continue the processing. If we may be of any assistance, please feel free to contact us.

Very truly yours
