This description may be shown on your tax receipt, deed, etc., or you may inquire with local U.S. Department of Agriculture offices, or the county assessor's office in the county in which your property is located. If your property is located in a recorded subdivision, also give the name of the subdivision and the lot and block numbers if applicable.

B. **MEANS OF DIVERSION:** Describe the means of diversion of water, whether ditch, pump and pipeline, well, diversion dam, or reservoir. Give the size, capacity and horsepower of pumps, length and diameter of pipes, depth of wells, measurements of ditches, etc.

(6) A. **LOCATION OF USE:** Each box in the grid represents a 40 acre tract of land. The township number should be entered in the box below the "T", range below the "R" and section below the "Sec." If the use is for irrigation purposes, describe the location by listing the number of irrigated acres within each 40 acre tract in the appropriate box. If use is for other than irrigation (domestic, commercial, stockwater, etc.), place an "X" in the appropriate box to show location.

EXAMPLE: Use for irrigation — 116 acres in the SW $\frac{1}{4}$, Sec. 22, Twp 8N, Rge. 4W.

T	R	SEC.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				TOTAL
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	
8N	4W	22									40	40	20	16					116

This would indicate that 116 acres are being irrigated in Section 22, Township 8 North, Range 4 West. Irrigation is of 40 or all acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, 40 acres in the NW $\frac{1}{4}$ SW $\frac{1}{4}$, 20 acres in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, and 16 acres in the SE $\frac{1}{4}$ SW $\frac{1}{4}$.

B. **TYPE of USE:** Self-explanatory.

(7) **ORGANIZATION NAME:** Self-explanatory.

(8) **REMARKS:** Enter any information you believe would be helpful in clarification or support of your claim to a water right. Note that supporting information in the form of abstracts, deeds, and affidavits serve to substantiate the validity of your claim.

(9) **MAP:** The map, as on this example, must include information as to the location of reservoirs, dams, canals, ditches, pipelines, wells and other works used in the diversion of the water. The map must also clearly show the location of the lands irrigated or the place of use, and the point of diversion. The map must be complete as to legal descriptions.

(10) Be sure to sign the claim in the exact manner as shown on page 1. If you are submitting the claim on behalf of an organization, show your position or office. Note that notarization of your signature is required.

Filing Fees and Deadlines

The amount of filing fee depends on the type of use claimed. If the use is for single household domestic purposes, or for stockwater of fewer than 1,000 head, then the fee is \$30.00. The definition of single household domestic use includes in-house use, irrigation of up to $\frac{1}{2}$ acre, and the watering of household stock. The definition does not include multiple households or commercial or business establishments. There is no deadline on filing for single household domestic or stockwater uses.

The filing fee for all other uses depends on the date of filing. Any claim to these uses submitted after the original filing deadline of June 30, 1983, is considered to be a Late Claim, with a filing fee as follows:

Date Submitted

7-1-1983 Thru 6-30-1984
7-1-1984 Thru 6-30-1985
After 6-30-1985

Filing Fee for Late Claim

\$100.00
\$200.00

INSTRUCTIONS FOR COMPLETING A
CLAIM TO A WATER RIGHT

The purpose of these instructions is to assist with completing the form properly. For information as to what water rights should be claimed, please refer to the brochure entitled "Idaho Water Rights Claims Program."

Please take care to be as detailed as possible since each element on the form is necessary to properly describe your water right. Only one water right may be filed per claim. **If the claim is incomplete, it will be considered invalid and returned to you for the missing information.**

COMPLETE THE CLAIM FORM AS FOLLOWS.

Give the full name, address, and telephone number of the claimant. If the claimant is in the process of selling the property on which this water right is being claimed, indicate the new owner's name and address in the remarks section.

(1) **DATE OF PRIORITY:** Enter the date the water was first applied to the beneficial use described in the claim. If the exact date is not known, indicate your best estimate based on title abstracts, neighbors' recollections, courthouse records, and any other clues. **This date must be entered for the claim to be accepted.** Note that only one date may be submitted. If your water rights were developed in stages, multiple claims will be necessary.

(2) **SOURCE OF WATER:** Give the source of water supply and the major stream to which it is tributary. In most cases only one source is allowed per claim. Examples:

Source	<u>Trail Creek</u>	Tributary to	<u>Snake River</u>
or			
Source	<u>Unnamed stream</u>	Tributary to	<u>Grimes Creek</u>
or			
Source	<u>groundwater</u>	Tributary to	

(3) **QUANTITY:** All quantities should be in cfs (cubic feet per second), or af (acre feet). Normal allowances are 0.04 cfs per household for domestic use, and 0.02 cfs (1 miner's inch) per acre for irrigation use. Allowances for stockwater vary with types of stock. Examples are 0.0022 cfs per head for range cattle and horses and 0.0065 cfs per head for dairy cattle.

USE: If water is being used for household purposes, enter "domestic" in the space provided. Domestic use also includes enough water to irrigate up to one-half (1/2) acre of lawn and/or garden and enough water for the household stock. Other typical uses of water are mining, power generation, industrial, stockwater, and irrigation.

PERIOD OF USE: Normally for domestic and stockwater purposes, this period is from January 1 to December 31. If the purpose is irrigation, indicate the dates of irrigation season. Examples:

CONTINUOUS FLOW:

Quantity	<u>04 cfs</u>	Use	<u>Domestic</u>	Period of Use From	<u>1-1</u>	To	<u>12-31</u>
Quantity	<u>20</u>	Use	<u>Irrigation</u>	Period of Use From	<u>3-15</u>	To	<u>11-15</u>
Quantity	<u>.02</u>	Use	<u>Stockwater</u>	Period of Use From	<u>1-1</u>	To	<u>12-31</u>

STORAGE:

Quantity	<u>10 AF</u>	Use	<u>Irr from Storage</u>	Period of Use From	<u>3-15</u>	To	<u>11-15</u>
----------	--------------	-----	-------------------------	--------------------	-------------	----	--------------

Values. One cubic foot per second (cfs) = 449 gallons per minute = 50 miner's inches. (Idaho)

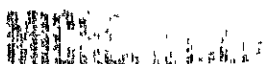

One cfs flowing 24 hours = 1.98 acre-feet (af).

Acre-foot: The volume necessary to cover one acre to a depth of one foot (43,560 cubic feet).

(4) **TOTAL QUANTITY USED:** Enter the total amount of water diverted for all the uses shown in (3).

(5) A. **POINT OF DIVERSION:** The location of the point of diversion must be described to the nearest 40 acre tract within a section. Enter in the spaces provided the Township, Range, Section Number, 1/4 Section and the 1/16 Section, or U.S. Government Lot Number, as described by the Public Land Survey System.

EXAMPLE: Location of Point of Diversion is NW 1/4 SE 1/4, Sec. 14, Twp. 8N, Rge. 4W, B.M.

This description may be shown on your tax receipt, deed, etc , or you may inquire with local U S Department of Agriculture offices, or the county assessor's office in the county in which your property is located. If your property is located in a recorded subdivision, also give the name of the subdivision and the lot and block numbers if applicable

B MEANS OF DIVERSION: Describe the means of diversion of water, whether ditch, pump and pipeline, well, diversion dam, or reservoir. Give the size, capacity and horsepower of pumps, length and diameter of pipes, depth of wells, measurements of ditches, etc

(6) **A LOCATION OF USE:** Each box in the grid represents a 40 acre tract of land. The township number should be entered in the box below the "T", range below the "R" and section below the "Sec". If the use is for irrigation purposes, describe the location by listing the number of irrigated acres within each 40 acre tract in the appropriate box. If use is for other than irrigation (domestic, commercial, stockwater, etc), place an "X" in the appropriate box to show location

EXAMPLE Use for irrigation — 116 acres in the SW¼, Sec. 22, Twp 8N, Rge 4W

T	R	SEC.	NE¼				NW¼				SW¼				SE¼				TOTAL
			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	
8N	4W	22									40	40	20	16					116

This would indicate that 116 acres are being irrigated in Section 22, Township 8 North, Range 4 West. Irrigation is of 40 or all acres in the NE¼SW¼, 40 acres in the NW¼SW¼, 20 acres in the SW¼SW¼, and 16 acres in the SE¼SW¼

B TYPE of USE: Self-explanatory

(7) **ORGANIZATION NAME:** Self-explanatory

(8) **REMARKS:** Enter any information you believe would be helpful in clarification or support of your claim to a water right. Note that supporting information in the form of abstracts, deeds, and affidavits serve to substantiate the validity of your claim

(9) **MAP:** The map, as on this example, must include information as to the location of reservoirs, dams, canals, ditches, pipelines, wells and other works used in the diversion of the water. The map must also clearly show the location of the lands irrigated or the place of use, and the point of diversion. The map must be complete as to legal descriptions

(10) Be sure to sign the claim in the exact manner as shown on page 1. If you are submitting the claim on behalf of an organization, show your position or office. Note that notarization of your signature is required

Filing Fees and Deadlines

The amount of filing fee depends on the type of use claimed. If the use is for single household domestic purposes, or for stockwater of fewer than 1,000 head, then the fee is \$30.00. The definition of single household domestic use includes in-house use, irrigation of up to ½ acre, and the watering of household stock. The definition does not include multiple households or commercial or business establishments. There is no deadline on filing for single household domestic or stockwater uses.

The filing fee for all other uses depends on the date of filing. Any claim to these uses submitted after the original filing deadline of June 30, 1983, is considered to be a Late Claim, with a filing fee as follows:

Date Submitted

7-1-1983 Thru 6-30-1984
7-1-1984 Thru 6-30-1985
After 6-30-1985
