Dear Mrs. Harrison:

It is not necessary for you to file on a ground water source for a single family domestic unit.

However, if you do decide to do so I think there is a mistake in item # 6A. You have listed the place of use in item #6A as being within the NENE and the NWNE, but I think you meant the NENW, so I have placed the X in this location in pencil.

If this is correct, scratch out the previous X's, initial the change, trace the penciled X in ink and return the claim and your check #92-308 in the amount of \$30.00 which I have enclosed.

If you have any questions please call me at this office.

Mr. Tom D. King

Please find enclosed an attempt to correct the claim to a water right. As my husband is 78 years old and isn't able to help me much with this form and as I have only recently married him I don't know all there is to know about this property other than he does not at this time have a water right for his well.

Instead of attempting to use the space on the back of the application

for a map, I have had a copy made of a paper I found concerning this property. I am attaching this and pinpointing the well as near as I can. I found the scale of your map to hard to describe this property.

If there are any other questions either write or call collect 935-2800.

Sincerely,
Mrs. Walter Harrison
